REPORT OF THE DIRECTOR

STEVEN DUNBAR

I. INTRODUCTION

I am extremely pleased to announce that this year over 220,000 students enrolled in the 61st annual AMC 12 contests and 11th annual AMC 10. A multitude of positive comments received from teachers once again confirmed that the Committee created examinations that were both exciting and challenging. Congratulations to all of you for continuing to recognize the fact that the AMC 10 and 12 play a complementary role in supporting the mathematics curriculum at the high school level.

This summary includes a listing of results and awards associated with this year's AMC 10, AMC 12, AIME, USAMO and USAJMO.

II. 2010 ENROLLMENT ANALYSIS AND STATISTICAL RESULTS

Our outstanding AMC Lincoln office staffers were once again able to process and mail the results and awards in an efficient manner. The results for schools with American Invitational Mathematics Examination qualifiers were mailed in less than two weeks following the exam, and all other results were mailed during the following week. This is rather remarkable when one considers the extensive checks which are necessary to ensure the accuracy of the results.

We continue to send an ever increasing pool of contest managers their schools' results by email. If you are able to communicate via email and wish to be added to our data- base, please send a message to amcinfo@maa.org as soon as possible.

In addition to the results and awards of the AMC 10/12, this summary contains an analysis of the results of the 2009 American Mathematics Contest 8 (AMC 8) as well as the 2010 American Invitational Mathematics Examination, the 2010 USA Mathematical Olympiad and the 2010 USA Junior Mathematical Olympiad.

Once again, the AMC 10 and AMC 12 were available in French, Spanish, Braille and Large Print.

III. INTERNATIONAL PARTICIPATION

I am pleased to report that the exam was administered in Puerto Rico, Guam, the Mariana Islands, many USA embassy and military schools, and individual International schools. We thank the teachers abroad who provide an opportunity for students at US military bases and embassies, as well as other international schools, to participate in the AMC 10/12.

The CAMC extends its appreciation to Professor Paul Charlebois who translates the exams into French for students in Canada. We are also grateful to Professors Maria de Losada and Mario Cruz from Bogota, Colombia for translating the AMC 10 and AMC 12 into Spanish for use in Puerto Rico as well as in the USA and Colombia. Special thanks to Professor Peter Shiue for translating the exams into Chinese for more than 176 schools in Taiwan.

IV. 2011 CONTEST DATES, REGISTRATION AND FEES

There will again be two official dates for the AMC 10 & AMC 12. Contest A will be held on the second Tuesday in February (February 8, 2011), Contest B will be given 15 days later, Wednesday, February 23, 2011. All rules and awards apply to both tests for all schools and students. Students will be allowed to take the exam booklets home with them the day of the contest.

Report of the Director, Continued

The Registration cost for the 2010-2011 year has been kept the same as in the 2009-2010 season. We have again included the shipping cost in with the Registration Fee. Registration plus shipping for the AMC A Contests is \$40 per school, if you register by December 18, 2010. One bundle of ten AMC 12 exams, or one bundle of ten AMC 10 exams is \$16. There will be an extra \$10.00 charge included with the Registration for the second contest (B) to cover 2-day shipping. Contest B will be shipped after the day of contest A on February 8, 2011, the day of Contest A.

The Committee on the American Mathematics Competitions has continued its decision against the use of calculators on the 2011 AMC 10 and AMC 12. No problems on the test will require the use of a calculator. The nature of the questions will not change from past tests.

Materials for Contest A will begin mailing in January of 2011. Please register by December 18, 2010 if possible. Completion of your registration as early as possible will be greatly appreciated by our office staff.

If you do not receive one of our many fall mailings, a current registration form will be available on our Web site. Please check online at amc.maa.org

V. NASSP'S SANCTION

The National Association of Secondary School Principals has placed this program on the NASSP National Advisory List of Contests and Activities for 2010-2011.

VI. THE 2010 AIME

A total of 6,528 students officially participated in the American Invitational Mathematics Examination (AIME) which was held on Tuesday March 16, 2010 or the "alternate" date, Wednesday, March 31, 2010. The comparable figure in 2009 was 10,029 students. This year, the mean score on the AIME I was 4.12, and on the AIME II was 5.91, versus 3.91 on the AIME I, and 4.17, on the AIME II, in 2009. A list of the students with a score of at least 6 on the 2010 AIME is found in this summary.

The 2011 AIME is scheduled for Thursday, March 17, 2011 and the alternate date is Wednesday, March 30, 2011. Please note the new day of the week for the AIME I (it will be on Thursday rather than a Tuesday). To qualify for the AIME in the year 2011 a student must score 100 or more or be in the top 5% on the AMC 12 or score 120 or more or be in the top 1% of the AMC 10 participants. The AIME consists of 15 questions with integer answers. A student's score is the number of correct answers. There is no partial credit. The time allowed is 3 hours.

VII. THE USAMO/USAJMO

The USA Mathematical Olympiad (USAMO) and the USA Junior Mathematical Olympiad were held on April 27 & 28, 2010 in each respective student's school. 329 students were invited to participate in the USAMO, and 237 students were invited to participate in the USAJMO this year. This is more than double the number who were invited to participate a few years ago because we again received a grant from the Art of Problem Solving to cover the costs associated with the additional number of students. All of the participants were chosen based on the selection criteria published in the AMC 10/12 and AIME Teachers' Manuals. This summary contains a list of those participants as well as names of the USAMO and USAJMO Winners and those students who achieved Honorable Mention.

The USAMO and USAJMO were administered over two days (4.5 hours each day). All papers were graded by the USAMO Committee and by Mathematical Olympiad Summer Program staff members on May 7th, 8th and 9th. We are grateful to these mathematicians for their excellent work associated with this important task.

Report of the Director, Continued

The top twelve USAMO students were honored in Washington, DC June 7, 2010 with elaborate ceremonies held at the headquarters of the Mathematical Association of America (MAA) and the US Department of State Building by invitation of the Director for Science, Office of Science and Technology Policy, Executive Office of the President, Dr. John Holdren.

VIII. THE IMO

Overall, the six members of the USA team won 3 Gold medals and 3 Silver medals at the 51st Annual 2010 International Mathematical Olympiad (IMO) held in Astana, Khazakhstan, July 2 - 14, 2010. The USA team ranked 3rd among all 96 participating countries in total points (the People's Republic of China was this year's overall winner, with the Russian Federation placing second). The International Mathematical Olympiad has 6 difficult problems solved over two days of competitions. Each problem is worth 7 points for a total of 42 points.

The 2010 IMO Team with their medals

From left to right: Benjamin Gunby, Calvin Deng, Evan O'Dorney, In Sung Na, Xiaoyu He, and Allen Yuan.

Calvin Deng, a student at William G. Enloe High School in Cary, NC, earned a silver medal with 26 points; **Benjamin Gunby**, of Potomac, MD and a student at Georgetown Day School in Washington, DC, earned a gold medal with 27 points; **Xiaoyu He**, a student at Acton-Boxborough Regional High School in Acton, MA, earned a gold medal with 28 points; **In Sung Na**, a student at Northern Valley Regional High School at Old Tappan in Old Tappan, NJ, earned a silver medal with 25 points; **Evan O'Dorney**, homeschooled at Venture School in Danville, CA, earned a gold medal with 39 points; **Allen Yuan**, a student at Detroit Country Day School in Farmington, MI, earned a silver medal with 23 points.

The USA team has consistently finished in the top ten teams for the last ten years at the IMO. At this year's IMO 517 young mathematicians from 96 countries competed in solving problems posed in a test administered on July 7 and July 8. Overall, the IMO awarded 47 gold medals, 104 silver and 115 bronze medals.

Report of the Director, Continued

IX. DOCUMENTARY FILM - HARD PROBLEMS

In 2005 MAA President Joe Gallian secured a grant from Larry Penn, who was on the US Math Olympiad Team in the late 1970s, to fund a documentary film about the students in the USAMO, and the USA team at the 2006 International Math Olympiad. Larry Penn is now a partner in the investment firm Ellington Management Group. The director is George Csicsery. He produced an award winning film on the mathematician Paul Erdos and just finished a film about the American mathematician Julia Robinson. The documentary film is now finished and the Deluxe Edition DVD is available from the MAA Bookstore at www.maa.org.

X. ACKNOWLEDGEMENT

The Committee acknowledges the contributions of many individuals and organizations for their assistance. We are indebted to the State and Canadian Provincial AMC Directors who provide assistance with the implementation of the AMC 10/12. Their tasks include contacting schools so that every student will have an opportunity to participate in the AMC contests, preparing a state/province summary of results and awards, and presenting awards. The names of the Directors are listed in this Summary.

XI. CONTRIBUTIONS OF THE LINCOLN STAFF

The contributions of the AMC Lincoln staff members to the fulfillment of the responsibilities associated with the entire exam process in a 'beyond the call of duty' manner is something to behold. Let us once again applaud AMC staff members Marsha Conley, Whitney Emanuel, Sonia Freeman, Lisa Hoffman, Rachelle Jensen, Terri McKee, Lynette White, and Shelly Zysset. Our University student helper is Wen Luo. I welcome this opportunity to commend their excellent work.

XII. SPONSORS / CONTRIBUTORS / AMC COMMITTEE MEMBERS

We appreciate the continued support of all of our Sponsors and Contributors. Kudos go to the members of the CAMC, AMC 8, AMC 10, AMC 12, AIME, USAMO & USAJMO Subcommittees and Advisory Panel members who give so much of their time to the formulation of consistent rules of operation and examinations of superior quality. The leadership given by the Chairs of these committees, namely, Prof. David Wells (CAMC Chair), Dr. Margie Raub Hunt (AMC 8), Prof. Bernardo M. Ábrego (AMC 12), Dr. LeRoy Wenstrom (AMC 10), Mr. Steven Blasberg (AIME) and Prof. Cecil Rousseau (USAMO) is especially noteworthy.

XIII. CONTRIBUTIONS OF THE UNIVERSITY OF NEBRASKA

The operational location of the AMC has been at the University of Nebraska-Lincoln (UNL) since 1970. The CAMC is grateful to Chancellor Harvey Perlman, Dean David Manderscheid, and Prof. John Meakin in the UNL Department of Mathematics, for their support.

Report of the Director, Continued

XIV. ADDITIONAL INFORMATION – INQUIRIES

Information regarding this summary, AMC publications and the implementation of the AMC 8, AMC 10, AMC 12, AIME, USAMO and USAJMO may be obtained by emailing us at amcinfo@maa.org, visiting our website at amc.maa.org, by calling 800-527-3690 or by writing to the AMC office at:

MAA American Mathematics Competitions,
University of Nebraska – Lincoln
1740 Vine St., Lincoln, NE 68588-0658

Inquiries concerning contest rules should be sent to the CAMC Committee Chair:

Prof. David Wells,
Penn State University, New Kensington, PA
dmw8@psu.edu

Inquiries relating to the AMC 12 should be sent to the AMC 12 Committee Chair:

Prof. Bernardo M. Ábrego
California State University, Northridge, CA
bernardo.abrego@csun.edu

Inquiries relating to the AMC 10 should be sent to the AMC 10 Committee Chair:

Dr. LeRoy Wenstrom,
Columbia, MD
lwenstrom@gmail.com

Inquiries relating to the AIME should be sent to the AIME Committee Chair:

Mr. Steven Blasberg,
West Valley-Mission Community College, Saratoga, CA
steve_blasberg@wvmccd.cc.ca.us

*Inquiries relating to the USAMO & USAJMO should be sent to the
USAMO Committee Chair:*

Prof. Cecil Rousseau
University of Memphis, Memphis, TN
ccrousse@memphis.edu

XIV. EXAMINATION DATES

The examination dates for the 2010-2011 school year are:

AMC 8 –

Tuesday, November 16, 2010

AMC 10 and AMC 12 –

Tuesday, February 8, 2011 *and/or* Wednesday, February 23, 2011

AIME –

Thursday, March 17, 2011 *or* Wednesday, March 30, 2011

USAMO –

April 27-28, 2011

52nd IMO –

July, 2011 – Netherlands

2010 China Girls Mathematical Olympiad Team

2010 USAMO Winners

The 2010 USAMO Winners pose for a photo with John P. Holden, Assistant to the President for Science and Technology and Director of the White House Office and Science Technology Policy. The awards ceremony was on June 7, 2010 in Washington, D.C.

MESSAGE FROM THE CAMC CHAIR

During the past year I was appointed as Chair of the Mathematical Association of America's Committee on the American Mathematics Competitions (CAMC). During my first year of service in that position, I have had many occasions to reflect on the vast number of people who help to maintain these competitions as unique experiences that students enjoy. If you are reading this, you have probably contributed to the success of the 60th annual AMC 10 & 12 Contests. You may be a student who participated in the contest. Perhaps you are a teacher who administered the contest or a State Contest

Director who encouraged all the schools in your state to register for it. You might be a member of the AMC 10/12 Contest Committee or the AMC Advisory Panel, and in that role you might have posed problems for the contest or assisted in the editing at various stages of its construction. I want to extend my heartfelt gratitude to each of you. Thanks are also due to AMC Director Steve Dunbar and his capable and hard-working staff at the AMC office for the registration of contestants, the production, distribution and scoring of the contests, and the communication of the results. Special thanks go to AMC 10 Committee Chair LeRoy Wenstrom and AMC 12 Committee Chair Bernardo Abrego. I also want to acknowledge my predecessor as CAMC Chair, Elgin Johnston, whose record of dedicated service will be difficult to match.

The twofold mission of the CAMC is to promote interest in mathematics among K-12 students and to identify mathematically talented students through a series of mathematical exams. The AMC 10 & 12 contests support the first of those missions by giving students a positive experience with interesting and challenging problems. It is important for students to recognize that although the contests are often referred to as exams, they are not simply assessments of procedural skills. Each contest should be viewed as a sequence of increasingly difficult puzzles, the solutions of which represent increasingly significant accomplishments by the successful contestant. The success of the contest in promoting interest in mathematics can be measured more reliably by the volume of the post-contest discussion among the contestants than by the average score.

The AMC 10 & 12 contests also support the second mission of the CAMC by serving as the initial step in the demanding process through which participants in the American Invitational Mathematics Examination (AIME), the United States of America Mathematical Olympiad (USAMO), and ultimately the International Mathematical Olympiad (IMO) are selected. In addition to identifying talented students, the contests also serve to sharpen their talents. As the AMC Philosophy and Purpose Statement points out, "it is what happens before and after the contests that can have lasting educational value." Students should be encouraged to seek out and utilize printed materials and online resources, as well as their teachers and fellow students, both to prepare for the contests and to analyze and learn from the

MESSAGE FROM THE CAMC CHAIR, continued

solutions.

We are always seeking new ideas to help us better carry out our mission. The mathematics teachers in the schools are among our most valuable sources of ideas. We welcome any thoughts you have that will help us improve the AMC 10 & 12, make the exam better fit your needs, and help us reach more students. We also have a critical need for high school teachers on the AMC Advisory Panel. If you are interested in contributing or editing problems for our contests, please contact me at the address below. You can also visit us at the American Mathematics Competitions booth at the annual NCTM meeting, to be held in Indianapolis, Indiana in 2011.

2010 IMO Team

The 2010 USA IMO Team poses for a photo in front of the convention center in Astana, Kazakhstan. The 2011 IMO will be in Amsterdam, Netherlands.

MESSAGE FROM THE AMC 10 CHAIR

The AMC 10 test was developed to provide a better experience in mathematical problem solving for students in the lower high school grades. In years prior to 2000, students in these grades had to take a test that included problems on topics such as logarithms and trigonometry, subjects that they had not yet studied. The AMC 10 examination contains only problems based on subject material that students in ninth and tenth grade have likely seen, while still providing them with a challenging experience.

Our goal for the AMC 10 has been to design the contests so that the average student can work on between 15 and 20 problems and get at least 10 of those correct. This would give an average score of between 72.5 and 85, since a student receives 6 points for each correct problem and 1.5 points for each unanswered problem.

The AMC 10 and AMC 12 tests have common problems, which has the advantage of permitting students taking the AMC 10 to compare their solutions with the students taking the AMC 12, and allows teachers to better identify excellent problem solvers at a young age. However, we are concerned that if we predictably have a large number of common problems on the exams, it might encourage younger students to take the AMC 12 before they are ready, since a larger proportion of students taking the AMC 12 qualify for the American Invitational Mathematics Examination (AIME). As a consequence, you will likely see an unpredictable fluctuation in the number of common problems from a minimum of about nine to a maximum of about thirteen.

A new policy for AIME qualifying was introduced beginning with the 2000 AMC examinations. Those students taking the AMC 12 and scoring 100 or above qualify, as usual, as do those students scoring in the top 5% on the AMC 12 examination. This new policy is more equitable since it guards against the possibility of a particularly difficult examination, one on which the scores are uniformly lower than normal, skewing the number of AIME qualifiers.

Beginning with the 2004 contest we instituted a similar qualifying system for the students taking the AMC 10 contests. Students scoring in the top 1% of either AMC 10 qualify for the AIME, as well as all those who score 120 or more on one of these contests. The requirement is set higher for AMC 10 qualifiers for two reasons:

- First, the AIME can be quite intimidating, and we do not want young students to be discouraged by poor performance on this examination.
- Second, we would like to ensure that any student qualifying for the AIME by virtue of placement on the AMC 10 would likely also qualify for the AIME in subsequent years when taking the AMC 12.

It could be very disappointing for a student to be an AIME qualifier in grade 10 but not in subsequent high school years. By restricting the number of AIME qualifiers from the AMC 10 to about the top 1%, we hope not to exclude any very good young students for whom the AIME would be an appropriate experience, but also not put students in a situation where they do not have much opportunity to succeed.

The AMC will continue to try to improve the experience of students taking the AMC, but the way in which we will do so depends significantly on the feedback that we receive from teachers giving the examinations and from students taking them. Please send any comments you have with regard to the AMC 10 examination to LeRoy Wenstrom (lwenstrom@gmail.com) or Dave Wells, the AMC Chair (dmw8@psu.edu).

A handwritten signature in dark ink that reads "LeRoy Wenstrom". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Dr. LeRoy Wenstrom, AMC 10 Chair
Columbia, MD
lwenstrom@gmail.com

MESSAGE FROM THE AMC 12 CHAIR

As part of my report as the AMC 12 Chair, I would like to share some of my thoughts on what the examination should accomplish. The test should provide a positive problem-solving experience to all participants. It should have interesting problems that require non-traditional thinking, problems that invite the students to keep thinking and talking about them after the test, problems that combine different ideas, possibly from different branches of mathematics, problems that challenge the students to become creative and to go further than they

usually do at school.

In order to provide a positive experience and encourage newcomers, the AMC12 committee strives to make the first 10 problems accessible to almost every participant; at the same time, we try to stay away from textbook-like problems. Among the first 10 problems, the average 12A contestant answered correctly 5.54 and the average 12B contestant answered correctly 5.72. The corresponding numbers for 2009 were 6.36 and 6.79.

On the other hand, the AMC 12 contest is the first step in the road to become a member of the team that represents the US at the International Mathematical Olympiad. As such, the test should contain difficult problems that identify the top 5% of the contestants. The committee tries, with moderate success, to match this 5% with a score of 100 which guarantees qualification for the AIME. In the 2010 AMC 12, we set qualifying scores of 88.5 and 88.5 in the A and B tests, respectively. Overall, 7.54% of the participants qualified for the AIME, compared to 7.98% in 2009. There were 4 and 1 perfect papers in the A and B tests, respectively.

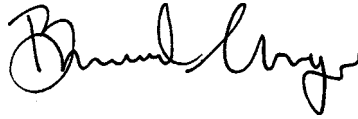

In 2010 we continued our no-calculators policy. Problems that would have been rendered trivial by the use of calculators were now incorporated to the test. Examples of such problems are 12A#23 and 12B#24. In the upcoming years I would expect a moderate increase in the number of these problems. Beginning in 2007 the number of points for a blank response decreased from 2.5 to 1.5 points. This change was brought to increase the number of attempted problems. This year the average contestant attempted 13.27 problems on the 12A test and 14.94 problems on the 12B test. These numbers are fairly close to the corresponding indices in 2009 of 13.77 and 14.56, respectively. But they are still a bit lower than what we would like them to be. A contestant, who only gets one problem wrong, needs to try at least 16 problems to have a score of 100 or more.

I want to take this opportunity to thank Steve Dunbar (AMC Director), Elgin Johnston (previous CAMC Chair), Doug Faires (previous AMC 10 Chair), LeRoy Wenstrom (current AMC 10 Chair), and particularly Dave Wells (previous AMC12 Chair and current CAMC Chair); for showing me “the

MESSAGE FROM THE AMC 12 CHAIR, *continued*

ropes”, and for all their advice about problem selection and editing.

Finally, in order to achieve the high quality of our contest problems, we are always in need of a large pool of problems. If you or anyone you know would like to help by writing problems, please contact CAMC Chair Dave Wells (dmw8@psu.edu). I would also welcome your comments and suggestions.

INSTITUTIONS OF HIGHER EDUCATION OFFERING THE AMC 10 B /12 B CONTESTS

The MAA has been creating and delivering mathematics contests for high school age students in the US and Canada since 1950 through its American Mathematics Competitions (AMC) program. For most of that time, the contests have been an outreach effort directed at the teachers and students in high schools. Over the last 10 years or so, however, this has changed. Schools are squeezed between offering activities and classes for a wide range of students while budgets of both time and money are decreasing. Many talented high school students now get some or all of their instruction at nearby colleges, universities or even online where they don't have regular contact with teachers or school programs. At the same time, the competition to attract students to mathematics and to your college in particular has increased. A great way to engage those students is to challenge them with interesting mathematics while fulfilling outreach obligations by offering the AMC contests at a college or university.

The AMC encourages colleges and universities to offer the high school level AMC 10 and AMC 12 competitions on their campuses. Offering to administer the contest at your institution is a fantastic way to attract bright, motivated and highly qualified students to your department and major. This is outreach and publicity for your department with minimal time and effort on your part.

The contests this academic year will be February 8, 2011 and February 23, 2011. Colleges and universities can register for either or both dates, although we encourage at least the February 23 date (also called the B-date) to provide more planning time and fewer conflicts. Last year, 49 colleges and universities in 26 states participated. The campus types spanned the higher education spectrum: small public colleges, large state universities, comprehensive urban campuses, private four-year colleges and two-year colleges. There is still ample opportunity for more colleges and universities to participate. The average number of students taking the contest is about 30, going up to 100 to 125 at the largest administrations.

The first thing to do is to register for the competitions. This can be done at our website amc.maa.org, then follow the link for registration. It is easiest to order a minimal set of contests when initially registering, and later add an order for additional contests once the number of participants is known. Most colleges then send an invitation letter or an email to local teachers. You can use a list of alumni now teaching high school, or draw on other contacts, including your local admissions office. High schools typically offer just the February 8, 2011 A-date contests or none at all, so their students often sign up for the B-date contests at the university. Several days before the test date, send out a reminder, with directions to the campus to those who have registered to take the contest at your location. On the day of the contest, it will take no more than 2 hours to get everyone settled and to administer the contest. The AMC sends detailed administration instructions with your contest order.

Plan ahead and work together with your admissions office as they are the experts in entertaining high school students on campus. Suggestions include scheduling a campus tour. Have them stay after the competition for a lunchtime talk on science and mathematics. Another suggestion is to have members of your mathematics club or honorary society play mathematical games with the participants. If lunch isn't possible, try cookies and punch or make the talk part of your departmental colloquium or campus outreach.

Hosting the AMC contests is easy, it's a great way to connect with students and teachers and it has national name recognition and prestige. Visit our current list of colleges who are giving the contest this year on our website:

amc.maa.org/b-registration/b1-archive/2010-2011/2011-HS-CU-list.shtml

EDYTH MAY SLIFFE AWARDS

DISTINGUISHED HIGH SCHOOL MATHEMATICS

The 20th set of winners of the Edyth May Sliffe Awards for Distinguished High School Mathematics Teaching was announced following the analysis of the 2010 American Mathematics Contest 12 (AMC 12). The 23 winners are listed on the next two pages. The award recipients were selected from nominations received from the top three students of each of the 60 highest scoring teams on the AMC 12. These students were asked to recommend a teacher who in their opinion was most responsible for their success on the AMC 12.

These awards are the result of a bequest made to the Mathematical Association of America (MAA) by Edyth May Sliffe, a retired high school teacher of mathematics at Emeryville, California. She made this bequest for the purpose of giving awards to high school mathematics teachers whose teams have done well on the AMC 12. Edyth Sliffe wanted to do this because her students had always done very well on the AMC 12 and received various honors, but she as a teacher had never received any recognition. She had always felt that such teachers should receive some awards.

In addition to a cash prize the award winning teachers receive: a letter of congratulations from the President of the MAA; a certificate signed by the President of the MAA, the Chair of the Committee on the AMC 12, and the Director of the American Mathematics Competitions; a Sliffe pin; a complimentary one-year MAA membership; and a complimentary one-year NCTM (National Council of Teachers of Mathematics) membership. Whenever possible these awards are presented to the winners during an award ceremony arranged by their school administrators.

This Award serves as an excellent illustration of how a single person, in this case Edyth May Sliffe, can have a substantial positive influence nationwide by taking a decisive action to further a cause he or she strongly believes.

Prof. Harold Reiter, *Chair*
Edyth May Sliffe Awards Committee

AMERICAN MATHEMATICS COMPETITION 8

The 25th Annual American Mathematics Contest 8 (AMC 8) was held on Tuesday, November 17, 2009, and it continued to be received with enthusiasm and support by an overwhelming number of schools, administrators, teachers and students. A total of 150,733 students from 2,372 schools registered for the examination.

The AMC 8 will continue to be a 25-question, 40-minute multiple choice exam that may be given during a regular mathematics class period. The Committee on the American Mathematics Competitions has decided they will no longer allow the use of calculators starting in the year 2008. As usual, no problems on the test will require the use of a calculator. The nature of the questions will not change from past tests. High scoring students on the 2010 AMC 8 will be invited to participate in the 2011 AMC 10 A & B and/or AMC 12 A & B which are scheduled for Tuesday, February 8, 2011 and/or Wednesday February 23, 2011.

Since the AMC 8 was centrally scored at the office of the Director it was possible to obtain an enormous amount of data. Please note that the word “recorded” used below should be interpreted as indicating that the results are based on only the items that were mark sensed by the students. Some of the students failed to mark all items such as their grade and sex. The following represents some of the statistics relating to the examination:

TABLE III: 2009 AMC 8 NATIONAL STATISTICS

Number of Answer Forms received -	150,733
Number of schools sending in reports -	2,372
Number of students scoring 25 (a perfect paper) -	163
National student average -	10.28
Number of recorded female participants -	68,149
Number of recorded male participants -	79,138
Average of recorded female participants -	9.66
Average of recorded male participants -	10.85

Grade level average:

Grade	Number recorded	Average
≤5	3,874	9.45
6	20,688	9.17
7	50,218	10.08
8	73,220	10.82

Information regarding the implementation of the AMC 8 may be obtained from the American Mathematics Competitions at 800-527-3690 or on the AMC web site at: amc.maa.org

AMC 8 STUDENT AWARD RECIPIENTS

UNITED STATES

The students listed here are designated as National Student Award Recipients for achieving a perfect score of 25 on the 2009 AMC 8. They will receive an award consisting of a Certificate of Distinction and an award plaque.

REGIONS FOR THE AMC 10 & AMC 12

Listed below are the eleven regions into which Canada and the USA are divided.

REGION

- 0 Connecticut, Maine, Massachusetts, New Hampshire, Pennsylvania, Rhode Island, Vermont
- 1 New Jersey, New York
- 2 Delaware, District of Columbia, Maryland, North Carolina, South Carolina, Virginia, West Virginia
- 3 Alabama, American Embassy and APO/FPO schools, Florida, Georgia, Puerto Rico, Virgin Islands
- 4 Indiana, Michigan, Ohio
- 5 Arkansas, Iowa, Kansas, Minnesota, Nebraska, North Dakota, Oklahoma, South Dakota, Wisconsin
- 6 Illinois, Kentucky, Missouri, Tennessee
- 7 Louisiana, Mississippi, Texas
- 8 Alaska, Arizona, Colorado, Guam, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming
- 9 California
- 10 Canada - Alberta, British Columbia, Manitoba, New Brunswick, Nova Scotia, Ontario, Quebec, Saskatchewan

NATIONAL SCHOOL AWARDS

COMMITTEE AND DONOR AWARD DESCRIPTIONS

In each of the eleven regions into which the United States and Canada are divided, the five schools with the highest team scores (sum of the highest three scores by participants) are recognized by Donor or Committee Awards.

This year Institutions of Higher Education participated in our AMC 10 B/12 B, offering supplemental contest sites for area students. Institutions do not qualify for these Awards, but are mentioned here for recognition (*marked with **) when they placed in the top echelon.

- A. **Charles T. Salkind Memorial Silver Cup** — This silver cup is awarded to the school with the highest team score (in any region).
- B. **William H. Fagerstrom Memorial Silver Cup** — This silver cup is awarded to the school with the second highest team score (in any region).
- C. **Committee Bronze Cups** — In each of the regions in which a silver cup is not awarded the Committee on the American Mathematics Competitions provides a Bronze Cup to the school with the highest team score.

SCHOOLS NOT RECEIVING A CUP ARE ELIGIBLE FOR THESE AWARDS

- D. **CAMC Mathematics Books*** — In each of the eleven regions, five books are donated by the Committee on the American Mathematics Competitions to one school having a high team score.
- E. **W. H. Freeman Books*** — In each of the eleven regions, a set of books, donated by W.H. Freeman and Company, San Francisco is awarded to one school having a high team score.
- F. **Mathematics Magazine*** — In each of the eleven regions, a one-year subscription is donated by the Committee on the American Mathematics Competitions to one or more schools having a high team score.

INTRAMURAL AWARDS

- 1. **Certificate of Honor** — This is awarded to schools with a team score of 400 or greater.
- 2. **Certificate of Merit** — This is awarded to schools with a team score of 300-399.

** Distribution of awards is arranged so that schools do not receive duplicates of awards made to them in prior years.*

NATIONAL SCHOOL AWARD RECIPIENTS

SCHOOL MERIT ROLL, AMC 12 A&B

UNITED STATES

This School Merit Roll includes all United States schools with team scores of 300.0 through 399.5 on the AMC 12 A. A Certificate of Merit, donated by the Committee on the American Mathematics Competitions, is awarded to each school. The listing is by team score in each Region then State. Regions not listed didn't have teams scoring above 300.

REGION 1

NEW JERSEY

- A 366 Acad Advancement Sci & Tech, Hackensack
- A 360 W Windsor-Plainsboro HS S, Princeton Junction
- B 346.5 W Windsor-Plainsboro HS S, Princeton Junction
- A 346.5 Torah Academy of Bergen County, Teaneck
- B 345 Acad Advancement Sci & Tech, Hackensack
- B 330 High Technology HS, Lincroft

- B 306 Tampines Junior College, Singapore

TURKEY

- B 304.5 Robert College, Istanbul

UKRAINE

- A 300 Young Mathematician Home School, Odessa

NATIONAL STUDENT AWARDS

COMMITTEE AND DONOR AWARDS DESCRIPTIONS

- A. **Large Plaque** — A large plaque, donated by the Committee on the American Mathematics Competitions, is awarded to each student with a perfect score.
- B. **Small Plaque** — A small plaque, donated by the Committee on the American Mathematics Competitions, is awarded to the student with the highest score in each region in which there was no perfect score.
- C. **Mathematics Magazine*** — A one-year subscription to the *Mathematics Magazine*, donated by the Committee of the American Mathematics Competitions, is awarded to a maximum of four participants with high score in each of the eleven regions.
- D. **NCTM Book*** — A book, donated by the National Council of Teachers of Mathematics, is awarded to three high-scoring participants in each of the eleven regions.
- E. **Mu Alpha Theta Book*** — A book, donated by Mu Alpha Theta, is awarded to one participant with a high score in each of the eleven regions.
- F. **AMATYC Review*** — A one-year subscription to the *American Mathematical Association of Two-Year Colleges Review* is awarded to one student in each of the eleven regions.
- G. **CAMC Problem Book** — One *Problem Book* donated by The American Mathematics Competitions, is awarded to the top-scoring student in grade 9 or less in each of the eleven regions.

INTRAMURAL AWARDS

- 1. **AMC 10 School Winner Pin** — For each school making a report on three or more students the Mathematics Award Pin is awarded to the student with the highest score. No listing is made for this award.
- 2. **AMC 12 School Winner Pin** — For each school making a report on three or more students the Mathematics Award Pin is awarded to the student with the highest score. No listing is made for this award.
- 3. **AMC 10 Honor Roll of Distinction Pin** — The Honor Roll of Distinction Pin is awarded to the top 1% of all participating students.
- 4. **AMC 12 Honor Roll of Distinction Pin** — The Honor Roll of Distinction Pin is awarded to the top 1% of all participating students.
- 5. **Gold Medal** — The Gold Medal is awarded to participants who place first in their respective school for four consecutive years.
- 6. **Silver and Bronze Medals** — These medals are awarded to participants who place first in their school for three and two consecutive years, respectively. The names of these medal winners are listed in the Summary of Results and Awards published by the State Director.
- 7. **AMC 10/12 Certificate of Distinction** — A Certificate of Distinction is awarded to those students who qualify to take the American Invitational Mathematics Examination.
- 8. **AMC 10/12 Certificate of Achievement** — Awarded to students who score 100 or above in grade 10 & below on the AMC 12 or grade 8 & below on the AMC 10.

* *Distribution of awards, when possible, is arranged so that students do not receive duplicates of awards made to them in prior years.*

STUDENT DISTINGUISHED HONOR ROLL

UNITED STATES

AMC 12 A&B

This Student Distinguished Honor Roll includes AMC 12 A&B participants from United States Schools who scored **108.0** or above on the AMC 12 A, or **108.0** or above on the AMC 12 B. It is based on 1% of the top scoring students. An Honor Roll Pin and a certificate is awarded to these contestants. The listing is by individual score in each region.

REGION 0

CONNECTICUT

A 109.5 10 Kei Nishimura Gaspa, Fairfield Warde HS, Fairfield
A 121.5 12 Alex Cole, Glastonbury HS, Glastonbury
A 109.5 12 Leon Zhang, Guilford HS, Guilford
B 117 12 Dae Won Lim, the Hotchkiss School, Lakeville
A 130.5 12 Jonathan Chien, Hopkins School, New Haven
A 123 12 Patrick Hulin, Hopkins School, New Haven
A 117 11 Luyi Zhang, Hopkins School, New Haven
B 118.5 12 Jonathan Chien, Hopkins School, New Haven
A 109.5 12 T Rungrojchapiorn, Westminster School, Simsbury
B 109.5 12 Donghui Jin, South Kent School, South Kent
A 121.5 12 Jenny Lu, Pomperaug HS, Southbury
A 109.5 12 Andi Wang, Choate Rosemary Hall, Wallingford
B 108 12 A Bhattacharya, Choate Rosemary Hall, Wallingford
A 123 12 Toan Phan, Taft School, Watertown
A 109.5 11 Xiaowen Chen, Taft School, Watertown
A 108 12 Jake Mertens, Conard HS, West Hartford
A 123 11 Mengqi Hu, Loomis Chaffee School, Windsor
A 117 12 Hanh Nguyen, Loomis Chaffee School, Windsor
A 109.5 11 Hyun Seung Lee, Loomis Chaffee School, Windsor

MAINE

A 118.5 12 Andrew Audibert, Bangor HS, Bangor
A 114 12 Henry Chai, Bangor HS, Bangor
A 121.5 12 Ryan Gao, Falmouth HS, Falmouth
A 111 11 Jian Yao, Maine Central Institute, Pittsfield
A 109.5 11 Xinchu Zhang, Maine Central Institute, Pittsfield
A 114 12 Yide Yan, Thornton Acad, Saco

MASSACHUSETTS

A 138 10 Xiaoyu He, Acton-Boxborough Regional HS, Acton
A 133.5 12 Mo Zhou, Acton-Boxborough Regional HS, Acton
A 112.5 10 Alan Chiao, Acton-Boxborough Regional HS, Acton
A 133.5 11 Jane Chen, Phillips Acad, Andover
A 132 11 Wenyu Cao, Phillips Acad, Andover
A 126 11 Jae Eui Shin, Phillips Acad, Andover
A 120 11 Jung Hun Koh, Phillips Acad, Andover
A 120 10 James Lim, Phillips Acad, Andover
A 111 12 David Field, Phillips Acad, Andover
A 109.5 11 Peter Bang, Phillips Acad, Andover

2010 USA IMO team sightseeing in Astana, Kazakhstan

The 51st Annual International Mathematical Olympiad was held in Astana, Kazakhstan during July, 2010. The 52nd Annual IMO will be in Amsterdam, Netherlands.

STUDENT DISTINGUISHED HONOR ROLL

UNITED STATES

AMC 10 A&B

This Student Distinguished Honor Roll includes AMC 10 A&B participants from United States Schools who score **121.5** or above on the AMC 10 A, or **124.5** or above on the AMC 10 B. It is based on 1% of the top scoring students. An Honor Roll Pin and a certificate are awarded to these contestants. The listing is by individual score in each region.

REGION 0

CONNECTICUT

- A 141 10 Seung Hyun Lee, the Hotchkiss School, Lakeville
- B 126 10 Shilong Tang, Westminster School, Simsbury

Allen Yuan at the USAMO Awards Ceremony

Tom Leighton, representing the Akamai Foundation, awarded Allen Yuan a \$20,000 scholarship at the 2010 Awards Ceremony held in Washington, DC.

STUDENT DISTINGUISHED HONOR ROLL

INTERNATIONAL

AMC 10 A&B

The AMC 10 A&B International Student Distinguished Honor Roll includes participants from International Schools who score 121.5 or above on the AMC 10 A or 124.5 or above on the AMC 10 B. It is based on 1% of the top scoring students. An Honor Roll Pin and a certificate are awarded to these contestants. The listing is by individual score in each region.

STUDENT HONOR ROLL

UNITED STATES

AMC 10 A&B

This Student Honor Roll includes the top 5% of AMC 10 participants from United States Schools - scoring **118.5** through **120** on the AMC 10 A or **118.5** through **123** on the AMC 10 B. A certificate is awarded to these contestants. The listing is by individual score and school in each region.

STUDENT HONOR ROLL

INTERNATIONAL

AMC 10 A&B

This Student Honor Roll includes the top 5% of AMC 10 participants from International Schools - scoring **118.5** through **120** on the AMC 10 A or **118.5** through **123** on the AMC 10 B. A certificate is awarded to these contestants. The listing is by individual score and school in each region.

**AIME - AMERICAN INVITATIONAL
MATHEMATICS EXAMINATION
MESSAGE FROM THE AIME CHAIR**

Congratulations to all of those who qualified to participate in the AIME. The AIME has many goals, the foremost of which (and the reason for its creation) is to select students for participation in the USA Math Olympiad. The AIME has, however, other equally-important goals. One of these is to provide a transition between the problems of the AMC 10/12 exams, which often involve speed and rapid recall of mathematical techniques and formulae, and the problems of the USAMO, which most often demand creativity and insight. The extended time limit on the AIME provides the AIME committee with an opportunity to create a contest with a blend of these two approaches.

Another goal of the AIME is to provide students with mathematically rigorous and elegant solutions to the problems. The committee generally spends the large majority of its time preparing the solutions, not the problems. The AIME Committee feels that it is important that AIME solutions are models of stylistically correct mathematical exposition, especially since this is the first exposure many younger students have to mathematical writing.

One goal of the committee in constructing the exam is to provide problems accessible to a wide range of students. The committee always seeks to include on the exam problems which can be solved by both direct but time-consuming methods and also insightful, creative (and short) methods. The committee hopes that even students who have found solutions to AIME problems will consult the solutions manual for alternative and often surprising solutions.

Thanks to all those who have contributed their time and effort to creating and reviewing problems for the AIME. In particular, thanks go to the members of the AIME Committee: Jacek Fabrykowski, Chris Jeuell, Jonathan Kane, John Lawlor (outgoing), and Bruce Reznick. Thank you too to the staff in Lincoln who provide such wonderful support in the production of the contest.

Mr. Steven Blasberg
West Valley-Mission Community College
Saratoga, CA

AIME – SCORES OF 6+

UNITED STATES

The 28th American Invitational Mathematics Examination (AIME) was held on March 16, 2010 or March 31, 2010. A total of 6,528 students officially participated in the examination. The AIME is a fifteen question examination. A list (by score) of the students from the United States who scored at least 6 out of 15 on the AIME is given below.

AIME – SCORES OF 6+

INTERNATIONAL

The 28th American Invitational Mathematics Examination (AIME) was held on March 16, 2010 or March 31, 2010. A total of 6,528 students officially participated in the examination. A list, (by score) of the International students who scored at least 6 out of 15 on the AIME is given below.

Sc. Gr. Name, School, City

REGION 11

CHINA

6	8	Hojin Kang, Fermat Learning Center, Beijing
6	11	Rongkun Wang, Fuzhou No.1 MS-Beijing, Beijing
7	10	Liang Zhuo, Fuzhou No.1 MS-Beijing, Beijing
11	8	Hu Haoran, Affiliated MS to Jilin Univ, Changchun City
6	8	Sui Jiaqi, Affiliated MS to Jilin Univ, Changchun City
9	7	Wang Nan, Affiliated MS to Jilin Univ, Changchun City
10	7	Hao Tianze, Affiliated MS to Jilin Univ, Changchun City
8	7	Liu Tong, Affiliated MS to Jilin Univ, Changchun City
9	8	Yu Yue, Affiliated MS to Jilin Univ, Changchun City
9	8	Wang Yuhan, Affiliated MS to Jilin Univ, Changchun City
6	12	Fang Han, Beijing Chaoyang Foreign Language S
7	10	Rundong Jiang, Beijing Chaoyang Foreign Language S
8	11	Rui Qiao, Beijing Chaoyang Foreign Language S
6	10	Qi Xu, Hangzhou No 2 HS of Zhejiang Provin, Hangzhou
14	11	D Zhou, Hangzhou No 2 HS of Zhejiang Provin, Hangzhou
9	9	Hantong Chen, Mathoe Olympiad School, Nancun, Pan Yu
6	10	Jiaqing Lin, Mathoe Olympiad School, Nancun, Pan Yu
6	10	WeiQi Liu, Mathoe Olympiad School, Nancun, Pan Yu
6	10	Junhong Kim, Concordia Intl School, Shanghai
6	11	Yiheng Chen, Suzhou HS, Suzhou
9	11	Zhangchi Chen, Suzhou HS, Suzhou
6	11	Jiandong Ge, Suzhou HS, Suzhou
7	11	Tianwei Ge, Suzhou HS, Suzhou
7	11	Liangchen Hong, Suzhou HS, Suzhou
8	10	Yue Huang, Suzhou HS, Suzhou
7	11	Zechen Ma, Suzhou HS, Suzhou
9	12	Zhujun Pan, Suzhou HS, Suzhou
8	11	Aida Wang, Suzhou HS, Suzhou
6	11	Yuxiang Wang, Suzhou HS, Suzhou
7	11	Yongyi Wu, Suzhou HS, Suzhou
9	10	YeJia Xu, Suzhou HS, Suzhou
7	11	Yan Zou, Suzhou HS, Suzhou
8	12	Yiran Zou, Suzhou HS, Suzhou
13		Zhang Bolun, Tian Jin Yao-Hua HS, Tian Jin
8	11	Zhide Fang, Tian Jin Yao-Hua HS, Tian Jin
13		Yu Jin, Tian Jin Yao-Hua HS, Tian Jin
13	11	Ziang Long, Tian Jin Yao-Hua HS, Tian Jin
13	11	Cheng Ren, Tian Jin Yao-Hua HS, Tian Jin
13	9	Chunlin Shao, Tian Jin Yao-Hua HS, Tian Jin
13	11	Xu Shaoyi, Tian Jin Yao-Hua HS, Tian Jin
13	11	Wang Zhichun, Tian Jin Yao-Hua HS, Tian Jin
13	11	Shaolei Zu, Tian Jin Yao-Hua HS, Tian Jin
6	11	N Zhang, Shanghai American School-West, Zhu Di, Shanghai
8	10	Cheng Chi, #1 MS Attached-Centr China Norm Uni
9	11	Meng Ding, #1 MS Attached-Centr China Norm Uni
6	12	Yifan Ding, #1 MS Attached-Centr China Norm Uni
8	12	Jun Fang, #1 MS Attached-Centr China Norm Uni
7	12	Bo Fu, #1 MS Attached-Centr China Norm Uni
8	12	Muhong Gao, #1 MS Attached-Centr China Norm Uni
9	11	Kelun He, #1 MS Attached-Centr China Norm Uni
6	12	Jingtong Hu, #1 MS Attached-Centr China Norm Uni
11	11	Wei Hu, #1 MS Attached-Centr China Norm Uni
7	12	Haonan Huang, #1 MS Attached-Centr China Norm Uni
8	10	Shaoyu Huang, #1 MS Attached-Centr China Norm Uni
6	10	Wenzhuo Huang, #1 MS Attached-Centr China Norm Uni

Sc. Gr. Name, School, City

7	12	Min Li, #1 MS Attached-Centr China Norm Uni
6	10	Mingjing Li, #1 MS Attached-Centr China Norm Uni
8	10	Yunfeng Li, #1 MS Attached-Centr China Norm Uni
9	12	Zhe Li, #1 MS Attached-Centr China Norm Uni
11	12	Jing Liu, #1 MS Attached-Centr China Norm Uni
12	12	Rusheng Liu, #1 MS Attached-Centr China Norm Uni
7	12	Shuang Liu, #1 MS Attached-Centr China Norm Uni
7	12	Ziming Liu, #1 MS Attached-Centr China Norm Uni
7	12	Xuhui Mao, #1 MS Attached-Centr China Norm Uni
12	12	Yufei Ou, #1 MS Attached-Centr China Norm Uni
8	12	Binjie Peng, #1 MS Attached-Centr China Norm Uni
12	10	Guo Shengkun, #1 MS Attached-Centr China Norm Uni
12	11	Peihao Sun, #1 MS Attached-Centr China Norm Uni
8	12	Yu Tong, #1 MS Attached-Centr China Norm Uni
8	10	Zhan Wang, #1 MS Attached-Centr China Norm Uni
8	12	Xu Wentao, #1 MS Attached-Centr China Norm Uni
12	11	Xiao Wu, #1 MS Attached-Centr China Norm Uni
9	12	Jing Xiao, #1 MS Attached-Centr China Norm Uni
9	12	Li Xiao, #1 MS Attached-Centr China Norm Uni
8	12	Shuyi Xie, #1 MS Attached-Centr China Norm Uni
8	10	Wenji Xing, #1 MS Attached-Centr China Norm Uni

USA MATHEMATICAL OLYMPIAD

MESSAGE FROM THE USAMO/USAJMO CHAIR

Last year the Committee on the American Mathematics Competitions announced a new contest, the USA Junior Mathematical Olympiad (USAJMO) for students in 10th grade and below, which was offered for the first time in April 2010.

This new contest bridges the computational solution process of the AIME and the proof orientation problems of the USAMO. The USA Junior Mathematical Olympiad offered 6 problems and be administered over 2 days, the same days as the USAMO. Problems J1, J2 on Day 1, and Problems J4, J5 were different from the USAMO, and were close in level and content to problems 13-15 on the AIME. Problem J3 was the same as Problem 1 (Day 1) on the USAMO, and Problem J6 was the same as Problem 4 (Day 2) on the USAMO. In both contests each problem is worth 7 points. They cover many different subjects, such as: Algebra, combinatorics, geometry, number theory and various crossovers of them.

I joined the members of the USAMO/USAJMO Committee (Titu Andreescu, Zuming Feng, Lenhard Ng, Cecil Rousseau, Sam Vandervelde and ex-officio members Steven Blasberg, Steven Dunbar, Jonathan Kane and David Wells) and I am so lucky to have the opportunity to cooperate with such outstandingly talented people. In addition to the Committee members I thank all the panelists - many of them former USAMO winners -- who contributed and evaluated the proposed problems. The Committee makes every effort to choose challenging, original and high quality problems. The success of the contest is also a result of the MAA-AMC staff which run and organize the whole procedure exceptionally smooth and prompt, and I thank them all.

A handwritten signature in black ink, appearing to read 'J. Fabrykowski'.

Prof. Jacek Fabrykowski, Chair
Youngstown State University, Youngstown, OH 44555

USA MATHEMATICAL OLYMPIAD

PARTICIPANTS FOR 2010

UNITED STATES

The 39th USA Mathematical Olympiad (USAMO) was held April 27-28, 2010. Over 500 AIME participants from more than 290 schools were invited to take the examination on the basis of the criteria indicated in the AMC 10/12 Teachers' Manual. See also the Report of the Director in this Summary. Participants are listed by state and qualified to partake in the 2010 USAMO.

USA JUNIOR MATHEMATICAL OLYMPIAD

PARTICIPANTS FOR 2010

UNITED STATES

The 1st annual USA Junior Mathematical Olympiad (USAJMO) was held April 27-28, 2010. Over 500 AIME participants from more than 290 schools were invited to take the examination on the basis of the criteria indicated in the AMC 10/12 Teachers' Manual. See also the Report of the Director in this Summary. Participants are listed by state and qualified to partake in the 2010 USAJMO. For more information on the USAJMO and the selection criteria, please visit our website at amc.maa.org/e-exams/e0-usajmo/usajmo.shtml.

2010 USAMO RESULTS

The 39th United States of America Mathematical Olympiad (USAMO) was held April 27-28, 2010. The Highest Ranking Individuals and Honorable Mention lists are given below. (Names listed alphabetically)

WINNERS

Allen Yuan	Detroit Country Day School	Beverly Hills	MI
Xiaoyu He	Acton-Boxborough Regional HS	Acton	MA
Toan Phan	Taft School	Watertown	CT
In Sung Na	Northern Valley Regional at Old Tappan	Old Tappan	NJ
Calvin Deng	William G Enloe HS	Raleigh	NC
Timothy Chu	Lynbrook HS	San Jose	CA
Hunter Spink	Western Canada HS	Calgary	AB
Evan O'Dorney	Berkeley Math Circle	Berkeley	CA
Brian Hamrick	Thomas Jefferson HS for Science & Technology	Alexandria	VA
Michael Druggan	Tates Creek Hs	Lexington	KY
Mitchell Lee	Thomas Jefferson HS for Science & Technology	Alexandria	VA
Travis Hance	Lakota West HS	West Chester	OH

HONORABLE MENTION

Thomas Swayze	Canyon Crest Academy	San Diego	CA
Kerry Xing	Inglemoor HS	Kenmore	WA
Tian Yi Jiang	North Carolina School of Science & Math	Durham	NC
Brian Zhang	Henry M Gunn HS	Palo Alto	CA
Archit Kulkarni	Archbishop Mitty HS	San Jose	CA
Patrick Hulin	Hopkins School	New Haven	CT
Carl Lian	Lexington HS	Lexington	MA
George Xing	University HS	Irvine	CA
Potcharapol Suteeparuk	Phillips Exeter Academy	Exeter	NH
Jason Wu	The Webb Schools	Claremont	CA
Shijie Zheng	Phillips Exeter Academy	Exeter	NH
Robin Cheng	Pinetree SS	Coquitlam	BC
Bowei Liu	Mission San Jose HS	Fremont	CA
Wenyu Cao	Phillips Academy	Andover	MA
Kevin Yin	San Marino HS	San Marino	CA
Albert Gu	Saratoga HS	Saratoga	CA

The top twelve students and their parents are invited to attend the Olympiad Awards Ceremony which is held annually in Washington, D.C. This year the ceremony was held on June 7, 2010 at the US State Department.

2010 USAMO NATIONAL AWARDS

BALLES USAMO WINNER AWARDS

Robert P. Balles is a lifelong student of mathematics, former community college instructor, and retired businessman. He is an alumnus of Fordham University, Harvard University, and California State University.

He has established an endowed award that each year will honor the USAMO winning students with a \$500 Series I US Savings Bond.

AKAMAI FOUNDATION SCHOLARSHIPS

For the past seven years, the Akamai Foundation, dedicated to fostering excellence in math education in the United States (grades K-12) has been an ardent supporter of the Mathematical Association of America (MAA). The Foundation was established in 2000 by Akamai Technologies, Inc., the leading global service provider for accelerating content and business processes online, and is funded by Akamai executives, its employees and individuals outside the company. This year the Akamai grant is being used to fund two very important initiatives. One of these initiatives is the allocation of \$45,000 to fund the Akamai Foundation Scholarships. These scholarships are given to the three high school students who have the top scores in the 2010 USAMO. This year, college scholarships of \$20,000, and two of \$12,500 were awarded by the Foundation at the 39th Annual USAMO Awards Ceremonies held on June 7, 2010.

\$20,000 1st Place Scholarship

Allen Yuan	11	Detroit Country Day School	Beverly Hills	MI
------------	----	----------------------------	---------------	----

\$12,500 2nd Place Scholarship

Toan Phan	12	Taft School	Watertown	CT
Xiaoyu He	11	Acton-Boxborough Regional HS	Acton	MA

CHINESE GIRLS MATH OLYMPIAD -- CGMO

The 2010 China Girls Mathematical Olympiad team with their coaches.

2010 CGMO

Of the eight girls on the US teams, seven students won top honors—five gold medals, one silver medal, and one bronze—at the international competition. The members of the 2010 US team are:

Cynthia Day (Lynbrook High School), Adisa Kruayatidee (Phillips Exeter Academy), Shiyu (Jing-Jing) Li (Cupertino High School), Jae Eui Shin (Phillips Academy), Elizabeth Synge (Boston University Academy), Andi Wang (Choate Rosemary Hall), Lynnelle Ye (Palo Alto High School), Joy Zheng (Phillips Exeter Academy).

This year's gold medals were awarded to Shiyu (Jing-Jing) Li, Jae Eui Shin, Elizabeth Synge, Lynnelle Ye, and Shijie Joy Zheng. Cynthia Day won a silver medal, Adisa Kruayatidee was awarded a bronze medal, and an honorable mention acknowledged Andi Wang. The team that won second place included: Jae Eui Shin, Elizabeth Synge, Lynnelle Ye, and Shijie Joy Zheng.

The two-day competition features eight problems, each covering major topics: algebra, combinatorics, geometry, and number theory. This year's Olympiad took place August 9-13 in Shijiazhuang, the capital of Hebei Province, about 40 miles southwest of Beijing.

MAA is an official partner with Mathematical Sciences Research Institute in supporting the US team. Other partners include IBM Research - Almaden, Akamai Foundation, Sunlin and Priscilla Chou Foundation, and Science Workshop.

MATHEMATICAL OLYMPIAD SUMMER PROGRAM PARTICIPANTS

This year's Mathematical Olympiad Summer Program (MOSP) was held on the campus of the University of Nebraska-Lincoln June 9-June 30, 2010. Students will be treated to classes on advanced mathematical topics, special guest speakers, mathematical contest training, and related social and mathematical activities.

This year the second initiative from the Akamai Foundation grant is the allocation of \$50,000 to support the 2010 Mathematical Olympiad Summer Program (MOSP), enlarging the program from 27 high-scoring USAMO participants with an additional 17 ninth and tenth grade level USAMO participants and \$40,000 to support the 12 females training for the Chinese Girls Math Olympiad.

2010 INTERNATIONAL MATHEMATICAL OLYMPIAD

The 51st International Mathematical Olympiad (IMO) was held July 2 - July 14, 2010 in Astana, Kazakhstan. The International Mathematical Olympiad (IMO) is the pre-eminent mathematical competition for high-school age students from around the world. The IMO consists of solving 6 extremely challenging mathematical problems in a 9-hour competition administered over two days. More information about the 51st International Mathematical Olympiad can be found by visiting the official website: www.imo-official.org

Overall, the six members of the USA team won 3 Gold medals and 3 Silver medals:

- **Calvin Deng**, a student at William G. Enloe High School in Cary, North Carolina, earned a silver medal with 26 points.
- **Benjamin Gunby**, of Potomac, MD and a student at Georgetown Day School in Washington, DC, earned a gold medal with 27 points.
- **Xiaoyu He**, a student at Acton-Boxborough Regional High School in Acton, Massachusetts, earned a gold medal with 28 points.
- **In Sung Na**, a student at Northern Valley Regional High School at Old Tappan in Old Tappan, New Jersey, earned a silver medal with 25 points.

IMO, Continued

- **Evan O'Dorney**, homeschooled at Venture School in Danville, California, earned a gold medal with 39 points.

- **Allen Yuan**, a student at Detroit Country Day School in Farmington, Michigan, earned a silver medal with 23 points.

The USA team ranked 3rd among all 96 participating countries in total points (the People's Republic of China was this year's overall winner, with the Russian Federation placing second). The International Mathematical Olympiad has 6 difficult problems solved over two days of competitions. Each problem is worth 7 points for a total of 42 points.

The USA team has consistently finished in the top ten teams for the last ten years at the IMO. At this year's IMO 517 young mathematicians from 96 countries competed in solving problems posed in a test administered on July 7 and July 8. Overall, the IMO awarded 47 gold medals, 104 silver and 115 bronze medals.

2010 USA International Mathematical Olympiad Team with their medals.

BALLES TEAM AWARDS

Robert P. Balles has established an award that will honor the student participants in the annual International Mathematical Olympiad (IMO) with a \$1,000 Series I US Savings Bond. Each Series I US Savings Bond features a prominent American who has contributed to the history of the country. Appropriately, this particular denomination features Albert Einstein.

The MAA gratefully thanks Mr. Balles for his generosity in the recognition of the six extraordinary student mathematicians who compete annually on behalf of this country against the rest of the world's student mathematical power.
