

BHRIGU SAMHITA

Predictive techniques deciphered

Dr. Shanker Adawal

PREFACE TO SECOND EDITION

It gives me immense pleasure to bring forth the second revised edition of my highly cherished work of **Bhrigu Samhita**, an ancient and unique treatise in predictive astrology. I was equally elated and feel ecstatic for having received encouraging as well as critical responses from the esteemed and avid readers. In deference to their valuable suggestions and also some ambiguity pointed by them, I have revised some part of the chapter on “Basic Astrology” and also brought about improvement and amplifications in certain parts of the analyses of various charts wherein the evolved principles which are specifically important in delineating horoscopes on the format of Bhrigu Samhita are further explained. This was done with a view to make the explanations more cogent and comprehend. This will also address the concern sown by the valued readers in some places of earlier narrations.

I reiterate that these findings were made by my father Late Shri Kailash Chandra Saxena and I have only attempted to put them in the right perspective. There is lot of research that needs to be done with Bhrigu Nadi system which is an ongoing process.

I am continuing the research and in the third edition I would bring out the link of rotating Jupiter with the star lords and sub lords, then co-relating it with the inner planets. Needless to say, with Saturn which executes the promises of all the planets.

It would not have been possible for me to attempt the second edition without the un-wavered support of my mother Dr. Krishna Saxena, my wife Renu Adawal, my daughter Vrinda Adawal and relatives, friends and colleagues. I am also thankful to Saurabh Sagar for his support and perseverance. I owe special and sincere thanks to Mr. P.K. Vasudeva, a good friend of mine, who has helped by giving valuable inputs and editing this book.

This revised edition, I trust, will measure up to the expectations of one and all.

INTRODUCTION

Before we set on to analyze a horoscope, I would like to put forth certain crucial principles specific to Bhrigu Samhita which are essentially to be borne in mind.

Brighu Samhita which is available in various forms and formats and also at different places, primarily talks about the results and periods which would come about to be good, prosperous or otherwise. In this book, I thought expedient to set out principles of prediction as a preamble which are based on a sustained research work carried out over the years and thus stand validated. However, I am open to receiving feedback from the esteemed readers which would help going deeper into these evolved principles and predictive techniques.

As a matter of fact, my efforts are the extension of the project initiated by my revered father. These prognostic principles are the culmination of results derived by their application on variety of horoscopes over the years. My endeavor had been to draw out principles through a focused research and have it validated through their application on various charts.

The leading principle is primarily based upon rotating Jupiter as an 'Ascendant'. Jupiter turning round the twelve signs takes about 12 years. The longevity of the native shall essentially be analyzed forehand in a given horoscope before proceeding on to other predictions.

It became evident from our researches that Jupiter is the propellant of our life and soul. The native will have joy or grief only when it is signified by Jupiter. The other planets like Saturn, the ruler of

profession, Venus the significator of marriage etc., and their results will fructify only, if supplemented by Jupiter.

It is observed that each planet plays multidimensional roles. For example, Venus represents wife, marriage, sex. Further, Venus with relation to Sun (significator of father) denotes mother in the native's horoscope. Besides, Venus also signifies medicines and so on. The similar multifaceted significations are attributed by the other planets. The same planet confers positive and negative results in the life span of the native as it changes its character depending upon the sign and the lordship coupled with the vibrations it receives from the planets posited in the other signs of the horoscope. Each planet, needless to say, has its own unique character which also influences the result and hence can not be ignored.

Although Jupiter is a prime planet defining an event and also Saturn speaks about livelihood of the native, we can not ignore Venus, Mars, Moon, Mercury, Sun etc., as they also govern specific aspects of native's life. Also each planet represents a large number of living and nonliving factors in a life span.

There are certain books which speak about Karakas and make us understand the role of planets but our research and analyses of numerous horoscopes, helped us formulating and formatting of various combinations in reaching out to such results. I could have conveniently summarized the principles culminating from our research as a rapid reading book and perhaps with the fast life style this would have been more popular, but I do not want to do this. I have referred to those horoscopes which have combinations that one comes across many a times and tried to explain the events. This can be read by anyone having basic knowledge of astrology to discover a new dimension in the predictive astrology.

In the first chart, I tried to explain in a manner as if I am seeking to understand the whole gamut and after running over good about twenty odd pages in this format, I went on to expound the principles

relating to the effects of Jupiter's rotation in a summarized form. However, I do not want my esteemed readers to rush straight to this page. In the charts ahead, we looked at the events which can take place with reasons and taking into account the role of planetary disposition influencing the results during each rotation of Jupiter. In addition, the role of each planet is also assessed through lord and its placement in 6th, 8th, 12th, 11th or 3rd house etc. coupled with impact of retrograde planets. Rahu-Ketu axis also plays a significant role. Besides, three planets aspect may, on analysis, show that negative effects have been countervailed or negative planets rendered powerless. The results of placements and the event taking place are two different aspects which can easily be comprehended on going through the pages of this book. The advantage in this system is that one can check events and move forward with indications.

In some cited horoscopes, I have not indicated the position of the Moon which is not there in many "Leaves" of Bhrigu Samhita that I have come across. The Moon is important and as it travels fast and we have taken it in relation to the movement of other planets while predicting. One of the horoscopes dealt with over here, affirms the importance of the Moon for timing of an event. This is a horoscope of a person who seduced a girl in a temple. For this, the Sun, Venus and other planets make the design and ferments the urge but it is the Moon which covers twelve signs in just 30 days, entices the brain and such an event takes place. At other places, since conjunctions and conditions for an event to occur has been explained, the Moon may not figure over there.

In this book, the method of prediction has been redefined and simply basic principles have been explained. For predicting about the wife, father, grandfather etc., of the native, the relevant planets need to be rotated in relation to the potential depicted by Jupiter for forecasting probability of an event. The rotation of other planets can be taken for a year in one sign except Saturn (two and a half years) and Rahu and Ketu (for one and a half years). Also one must

remember about living and non-living things. For example, Venus (a planet of love) signifies wife, relationship in profession, sex and lust, luxuries and is the one planet that adds value. Therefore, placement of Venus cannot negate all things neither its strength gives everything. This is the key which has been explained.

If principles expounded in this book are understood and when actually applied, it will test the water. Therefore we will go into degree-wise rotation in the principal house for Jupiter and do the same in signs for Jupiter and other planets. The superimposition of transit, which is necessary, has been applied while explaining events. This can be further worked upon to time the events by taking the concerned lords into account. This is a path forward and the book is in a form of a project which the readers will find it interesting. However, more explorations can be initiated by those having an aptitude for research.

This is a basic book on ground principles for understanding and is just the beginning and we need to build blocks and the details. I reiterate the fact that this is a research work which is tirelessly carried out by my revered father and as a student and an ardent follower of my father's path, I have written this work for the benefit of this science in a fond hope that the other will take it forward.

With this background, you can go on to the first chart. An in-depth reading is necessary for proper assimilation of 50 pages that to follow. I have made genuine efforts to bring this book in a proper readable form and should there remained any spelling and grammatical errors, I may be pardon. I however, earnestly wish that readers will read this book constructively and gainfully and with open mind and will attempt to modify these principles duly backed by proper research and their apt application will help hugely the entire fraternity of astrologers.

Basic Astrology

Astrology is the science to know the future of human beings. This science is based on the solar system. The vibration and movement of the Sun in the solar system affects the life of every human being. The solar system consists of planets and sub-planets separated from the Sun.

The connotation 'Ascendant' is commonly used in the horoscope which indicates the sign rising in the Eastern horizon at the time of birth. This means when the native is born, a particular sign was rising in the east. In the current work in which we have explained over 75 horoscopes, no importance is given to the Ascendant and each chart starts with Aries, Taurus and so on i.e. 12 signs.

Definitions

Zodiac:

The zodiac is an imaginary belt of stars along the ecliptic - the great circle that marks the apparent annual path of the Sun around the Earth. This circular belt of 360° degree lies about 9 degree on either side of the ecliptic.

The zodiac or the ecliptic path is divided into 12 equal divisions. Each division is marked by one sign of the zodiac. Therefore, there are 12 signs which are Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpion, Sagittarius, Capricorn, Aquarius and Pisces. Each sign is of 30 deg. and the total of all the signs comes to 360 deg.

Lords of different signs:

Sign	Lord
Leo	Sun
Cancer	Moon
Aries / Scorpio	Mars
Gemini / Virgo	Mercury
Sagittarius / Pisces	Jupiter
Taurus / Libra	Venus
Capricorn / Aquarius	Saturn

Each sign has a particular trait which assumes great importance during predictive astrology, which has been elaborately discussed through research work as referred to appropriately in this book.

Houses:

Each horoscope consists of 12 houses and what each house indicates is briefly tabulated hereunder. While analyzing a horoscope, the position of the sign, house and planets have to be taken into consideration and the details of which is explained towards the end of this chapter. Further, the outcome of the subtle research work will be quite evident from the principles quoted while analysing the charts which have been illustrated in the book.

Indicators and Significators of each house:

House	Indication	Significator
1 st	Body, mind, soul, business	Sun
2 nd	Worries of family/finance, right eye	Jupiter
3 rd	Adventure, enterprise, short foreign travel, right ear and hand	Mars
4 th	House, estate, vehicle, happiness from friends, mother, partnership, peace of mind, transfer	Moon/Mercury
5 th	Children education	Jupiter
6 th	Diseases, enemies, right foot	Mars / Saturn
7 th	Love, married life, negotiations, business partnership, secret organs	Venus
8 th	Death, jail, left foot, execution and confinement	Saturn
9 th	fortune and wealth	Jupiter / Sun
10 th	power, reputation, position, fame, honour, promotion, happiness from father and heart	Mercury/Sun/ Jupiter/Saturn
11 th	income, circulation of money, fulfillment of desires, left ear and hand	Jupiter
12 th	expenditure, loss, interest, bankruptcy, short travels, left eye and nose.	Saturn

Exaltation and debilitation signs of planets:

Sign	Sun	Moon	Mars	Mer- cury	Jupi- ter	Venus	Saturn
Exal- tation	Aries (1)	Taurus (2)	Capri- corn(10)	Virgo (6)	Cancer (4)	Pisces (12)	Libra (7)
Debili- tation	Libra (7)	Scorp- ion (8)	Cancer (4)	Pisces (12)	Capri- corn(10)	Virgo (6)	Aries (1)

The planets are divided into two groups:

Devik planets : Sun, Moon (full), Mars, Jupiter.

Negative planets : Mercury, Venus and Saturn.

or Asuras

Example: Just to briefly broach on this subject, we may say that the 3rd house denotes adventure, valor and foreign travel and these traits are also signified by Mars. Therefore, Mars is called the significator of the 3rd house.

If proper attention is not paid on the signification of a planet or planets in the matter of predictions, there are chances of the predictions going wrong. For example, the Moon is the significator of the 4th house, hence if the Moon is related to the 4th house, even though the 4th Lord may be weak, the native will have the happiness of house (home), vehicle etc. Similarly, the Sun is considered as benefic for the 1st, 9th and 10th house because the Sun is the significator of soul, mind, body, (1st house), fortune, (9th house) and wealth, position, honour, power, fame, promotion and fatherly happiness (10th house).

In the later paragraphs, we will briefly explain how the planets play an important role and will also give the methods which should be kept in mind while analyzing a horoscope with respect to the *Bhrigu Nadi* system. I would request the readers to go through the various charts which have been analyzed and try to understand the different roles which are played by various planets in a house they are posited. Before enumerating some of the important issues that need to be kept in mind while analyzing the horoscopes, I am giving below a few of the other important basic explanations.

We should however, be very clear that the Moon has an exceedingly important role to play and imbibes changeable character. The Moon when in conjunction with Venus will become deceptive in nature. In the horoscopes illustrated hereafter, you would come across with examples where the Moon when gets conjunct with Venus in Cancer and having Mars ahead of them would bring about a situation where the person is likely to get deceived depending upon certain other parameters.

Jupiter is the Guru of Devik planets while Venus is the Guru of the Asur planets. Mercury is the eunuch and tends to take the character of the planet with which it gets associated. It should be remembered that Mercury is a planet that causes division whenever it is weak. Similarly, Mars when debilitated and associated with Saturn, it becomes extremely dangerous.

A very important principle to be understood is that planets like Mars or Jupiter when debilitated or weak, will give negative results and if associated with negative forces of Saturn and Venus, they will not be helpful and rather they would help Saturn and Venus.

Planetary Relationship:

From a relationship perspective, the Sun is friendly to the Moon, Mars and Jupiter. Venus and Saturn are its enemies. Moon is friendly with Sun and Mercury and neutral to Mars, Jupiter, Venus and Saturn. As mythology has it, Mercury was born out of a negative relationship between Moon and Jupiter. Mercury will always try to harm Moon – mother. On the other hand Moon, being its mother, will always try to help Mercury. Similar is the relationship between Saturn (son) and Sun (father).

Therefore, whenever Mercury is in the house of the Moon, the traits of Mercury will prosper, but on the other hand when Moon is in the house of Mercury, the traits associated with the Moon will not do well. This needs to be kept in mind while analyzing relationship between the planets in a horoscope.

Mars is friendly with the Sun, Jupiter and the Moon while Mercury is its enemy. Mercury is friendly with the Sun and Venus and inimical to the Moon, as explained above. Jupiter is friendly to the Sun, the Moon and Mars while its enemies are Mercury and Venus. Venus is friendly with Mercury, Saturn but the Sun and the Moon are its enemies. Saturn is friendly with Mercury and Venus and its enemies being the Sun and Mars.

The Sun, the Moon, Mars and Jupiter are in the group of Gods, while Mercury, Venus and Saturn are in the group of Devils. If you take epic of Mahabharata into consideration, then the Sun is Lord Krishna, the Moon Draupadi, Mars is Arjun and Bheem; Jupiter is Yudhistir, Karna is Mercury, Venus Dronacharya and Saturn is Duryodhan.

Nature of Planets:

The nature of planets of God's group is that the Moon is the queen, Jupiter the teacher, Sun the King and Mars the Commander. In the group of devils, Mercury is the Finance Minister, Venus the teacher of devils and Saturn the king of devils.

The Sun is a king living in a house which is like a palace; Full Moon is the queen living in a beautiful house just like a palace full of flowers, gardens, fountains etc., duly decorated with gold, silver, ornaments and vehicles. Mars is the Commander in Chief, Doctor, Lawyer, Engineer etc., living in a house resembling to that of a Minister with volumes of books with respect to Law, War, Medicines, Engineering and History. Jupiter is the teacher of gods living in a house of a teacher or a Professor with full of books on all subjects.

Mercury is Commerce, living in a house worthy of a business man, with full of literature related to commerce and accounts. Venus is the teacher of devils living in a house suitable to a teacher of devils, having super natural powers (Siddhi and Shaktis) and with whole lots of books on primary education. Saturn is a disciple of such powers which are associated with the devils.

If Venus is in the house of the Moon (in the sign of Cancer), the native passes his or her life according to the natures, status, position and house of the Moon. This is because Cancer is owned by the Moon. Similarly, it is extremely important that one should not only see the planets in the houses and signs but also consider the other characteristics.

Likewise, Cancer is the house of exaltation for Jupiter. Therefore, planets in Cancer will give the results of Jupiter and it is for this very reason, it is commonly said that a large number of planets in Cancer tends to make a person of high stature. This is just one example and the same and many more will be explained time and again while analysing the horoscopes.

Degrees of the planets:

The degrees the planets are extremely important. Assuming there are three planets viz. Mars, Venus and Rahu which are conjunct in one house and we need to know the degrees and then decipher which planet is ahead in the sign. If Mars has the highest degrees followed by Venus and Rahu, the results would be entirely different than Rahu having the highest number of degrees followed by Venus and Mars in the same house. Therefore, it is important to record the degrees of all the planets in each sign and then analyse their conjunction. The effect and impact of various conjunctions are explained in the chapters to follow.

Business of each planet:

Planet	Business
Sun	Paper merchant, Bookseller, Farmer, Saint, Devotee
Moon	Actor, Actress, dancer, Poet, drawing artist, traveler, Sculptor, jeweler, sailor, Photographer, Vendor of perfumes or glass articles
Mars	Doctor, Lawyer, Engineer, captain, Commander, Soldier, Historian, magician, director, scientist, minister, philosopher, foreign traveler

Planet Business

Mercury	Chartered Accountant, Banker, Economist, Translator, Comedian, orator, supervisor of rest house or Hostel – if weak would serve at such places
Jupiter	Teacher, Professor, Social worker, Doctor, Clerk, Publisher, Exporter, Commission Agent – if weak would be a servant in these areas
Venus	Teacher, Musician, artist, sculptor, seller of artistic materials,
Saturn	Dealer of hardware or machinery, huge producer, undertakes huge works, contractor – works at these places

Male and Female signs:

Male	: Aries, Leo, Scorpio, Sagittarius and Pisces
Female	: Taurus, Cancer, Libra
Impotents	: Gemini, Virgo, Capricorn, Aquarius

Methodology:

The methodology to be adopted in analyzing the events – through Bhrigu system will be that:

- (i) There is no concept of Ascendant;**
- (ii) The horoscope should be drawn with Aries to be reckoned the first house sign;**
- (iii) Importance is given to the rotation of Jupiter ;**

- (iv) **Jupiter stays in each sign for a period of approx. 12 years. During this period of 12 years, roughly for one year Jupiter moves from one house to the other in different signs.**
- (v) **Rotation of other planets can be taken for a year in one sign except Saturn (two and a half years) and Rahu and Ketu (one and a half years).**

Suppose, Jupiter in the native's horoscope is in Aries and for all practical purposes, we should consider Jupiter to be in Aries for a period of 12 years and its conjunction, opposition etc., with other planets will determine the broad events in the first 12 years for the native. In the period of 12 years, for each year the influence will depend upon Jupiter's position in Taurus, Gemini, Cancer etc. This concept is explained in details in the ensuing chapters. We only take 7th aspect into consideration and no other aspects which is again a deviation and that is to be remembered.

Great importance is given to (a) the sign in which the planet is; (b) conjunction of the planets; (c) the planet which leads in the conjunction in terms of its degrees; (d) Planets which are in the 12th house of a particular planet; (e) Planets which are in the next house in which a particular planet is placed; (f) Planets which are opposite to the concerned planet; (g) the planet will imbibe the quality of the planets of which it is a dispositor. If Saturn is a dispositor of Jupiter and Mercury, it will change its character accordingly and whereupon give results accordingly.

Therefore, for each cycle 12 years the Ascendant would be the planet where Jupiter is placed governing the event of those 12 years and then for the next 12 years it will be rotated in the next house which will govern the events for the next 12 years and conforms to the indications of the prime placement.

Traits of Saturn the DOER or KARAKA:

Saturn is the planet which is the DOER. It is the KARAKA of profession. Saturn moves with the energy which it gets from other planets. Saturn in this system is an important planet with respect to profession and it is the most important planet for understanding the ups and downs of professional. Saturn remains in a house for a period of 30 years and rotates in the 12 signs with a period of 2½ years each. Again while reading and making predictions, we need to understand the planets which are conjunct or opposite and also the impact of dispositors when it moves from each sign taking into relationship of the pivotal planet Jupiter and other planets.

Traits of other planets:

- Mars similarly, is important to study various aspects with respect to brothers.
- Venus for marriage, sex and is the key planet for studying the horoscope of females. Mercury is important for studying things relating to maternal uncle, education and intelligence.
- Mars, Venus and Mercury while getting energized during rotation or by virtue of having planets ahead of them in conjunction or in the 12th house and being the dispositors will show impact and also indicating the relationships/power/wealth/sex, finance/division etc., respectively.
- The Sun is the Karaka of Father and significant in terms of predicting events with respect to father's position, status and is also extremely important when it gives energy to Saturn for professional upliftment.

- The Moon is the Karaka of Mother as well as covers important aspects of intellect and when weak, it is a planet of deception.

How Saturn and the Sun play a very substantial role in professional life of the native will be explained explicitly in the horoscopes analysed subsequently.

Importance of Transitory position:

It is however, very important to superimpose current transitory position. Each planet will get its energy depending on the sign, house, conjunction, dispositor, planets in front or behind of it and planets opposite to it. With the rotation of Jupiter and with its superimposition of the current transit position, we can make fairly accurate predictions. This will be with respect to the linkages of the position of Jupiter, the events which may happen in the period of 12 years will come upfront and also after studying the various aspects as explained above. The events which are not indicated by Jupiter's placement for 12 years should not be predicted. To understand the events which are bound to happen will depend upon the placement of Jupiter during the 12 year periods and the planets, house, conjunction to which it relates and it provides energy to other planets.

Example: Between the age of 12 and 24, if Jupiter is in the house of Venus and has Venus opposite to it, one could be sure that the native would have a relationship/marriage during this period. The timing of this event will depend on as explained above - for this the readers are requested to go deeply through many charts analysed hereafter.

There are certain other principles which the readers shall keep in mind i.e., if a planet is in the sign of Gemini, then there will be an impact of the planets which are posited in the other sign of Mercury i.e., Virgo. There will be no impact, if that sign is empty or without any planets. In this system of astrology, results are predicted only while Jupiter is transiting and the planets getting into a relationship.

Effects of dispositor:

The energization of the planets will positively take place, if the dispositor is placed in the 11th house from its sign. If the Lord of the planet's dispositor is placed in the 12th, the results would be negative. Further, if the Lord of the planet's dispositor is placed in the 8th, there would be a break in the events. A very simple example is that if Saturn is being transited by Mars and its dispositor is placed in the 8th in any sign, one could be sure that there will be reversal in his professional career.

The extent of reversal would depend upon the sign and the other planets which get conjunct, both with respect to the chart getting formed by the rotation of Jupiter and superimposition of the transit. Therefore, importance is only given to the Lord of the planets or dispositor being placed in the 11th, 12th or 8th. However, if the dispositor is placed in the 7th, there would be stagnation and though positive indication will be there, the results will not come forth. Planets which are opposite to each other signify stagnation with respect to their attributes. *Exalted and debilitated planets should be analysed carefully.*

In this system, we also have to take into consideration that the planets are moving and also need to see the planet ahead of the major planet Jupiter or a significator planet in the natal chart.

Example: If Saturn is in Taurus and the next planet is Ketu in Libra and there are no planets in between Saturn and Ketu, it would show that a person would take a long time to settle and would struggle. This is the foundation and the fundamental rule. The predictions are to be made in relation to this aspects taken as the base destiny for the native. This would be explained much in details in the analysed charts.

Rahu and Ketu:

The Hindu astrology has given great importance to the two nodes of the Moon (Rahu and Ketu) which are physically non-existent, yet regarded and treated as fullfledged planets.

Rahu and Ketu represent the major traits like understanding your life as a part of a continued thread. The names attached to these planets are somewhat striking. A monster called Serpent (Dragon) with little variation is used to depict the general influence of these two. Rahu and Ketu act as a connecting point between the unknown past (Karma) and the known present. In other words, these two planets bridge the gap between the previous form of soul and the present soul. The planets ruling the signs of Rahu and Ketu have the Karmik control. While Ketu is the unknown portion of Karma – (the planet ruling the sign of Karma is called the incoming or past life), Rahu controls the Karma distribution in this life. These two planets have strong implications depending upon where they are posited in the chart and the aspects they make with other planets.

A very important factor which would be explained in the charts is that if the dispositor of these two planets are in conjunction, no matter what the horoscope is in terms of other Rajyogas, one will always see the person will rising in life and making his destiny. His rise could be in a positive or negative way, ending in

peculiar circumstances depending upon the affliction etc. This combination has been seen in the case of former Prime Minister Mr. Bhutto (Pakistan), Mr. Kennedy (USA), Mr. Mujib-ur-Rehman (Bangladesh) etc., to name a few.

Yoga combinations made by Ketu will make a person great, but may also destroy him. Combinations made by Rahu will make the native enjoy powers lifelong till death. Therefore, these two planets assume great important and intensity of which would depend upon where they are placed and the planets which come and energise them. This will be explained in the chapters ahead. It can be seen that a debilitated Mars having Rahu ahead of it with no other planet in between and the Moon 12th to Mars and if this horoscope is of a lady, it can be predicted that she will be deceived by a person which will have a great impact on her destiny. Many such examples and how these two planets make and unmake destiny are explained but it needs to be treated with great caution and care.

Planets in conjunction:

We also need to understand the play of planets while they are in conjunction. For example, if Mars and Venus are conjunct in Cancer and Mercury in Leo, then as explained, Mars and Venus would get into a relationship but as Mars is in the sign of debilitation (Cancer), it will slip from the relationship and conjoin with Mercury. In a case where there is no aspect, conjunction or any other relationship, the native would fall into a relationship with a lady and will get deceived. This is how we need to analyse the conjunction of two or more than two planets.

Some common astro dictums have been explained above, but the readers are advised to read the basic book of astrology to acquaint themselves with the details of the nature of house, planets and

signs. It is reiterated that before applying the rules, the readers should take into consideration the degrees of each planet while analyzing the horoscopes.

This is just a beginning of a research of this ancient system and needs to be studied further in much greater details by taking into account the role of Nakshatras etc., with a view to predict monthwise events and in a detailed manner.

The present book is to apprise the readers with certain basic principles and methodology which is the outcome of research done. These can be easily grasped once you have gone through the multiples of horoscopes which are analysed in the following chapters.

Retrograde planets:

There have been lot of discussions with respect to retrogression of these planets and there are astrologers who have come to the conclusion that retrograded planets have no impact whatsoever. The research and analysis done on this issue however, shows different results. Without being specific of the findings stated by the other astrologers and with due respect to them, it has been found that retrograde planets do play a very important role.

It has been invariably seen that retrograde planets demonstrate negative character traits that are carried from the past life. Retrograde planets indicate that a person has been given a second chance to undo things of the previous birth – so to say a probationary period. Retrograde planets depicts that the person had committed errors in his past life time and also signify that the challenges would be greater in the present life and these challenges represent energies and opportunities for onward movement.

The more number of retrograde planets in a chart indicate greater potential imbibed by the individual for the development within this lifetime. Retrograde planets when positive, make the person great and give the energy to do positive things. I have seen this in the charts of some of the top industrialists and politicians.

Example: If there is retrograde Jupiter in a chart, it will indicate that the native was probably a drunkard, a very biased and prejudiced individual in his past life and this tendency may come in this life time too. This would be the inner trait and dormant character which would drive the native.

Therefore, retrograde planets in a house and sign placed will signify negativity and non-fulfillment of matters related to that sign. On the other hand, if they are well aspected or have powerful planets in conjunction or on either side of them, it will energise these planets and give the person energy to work positively and scale greater heights.

While analyzing a horoscope, it is important to understand the foundation (strength) of the horoscope, the traits of the planets which would form characteristics of a person and the effect of the Karmic planets (previous Karmas) which are evident through the nodes and the retrograde planets. Lot of discussions on this issue have taken place during analysis of various horoscopes, through which one could see the impact of Rahu and Ketu and also of the retrograde planets.

Exchange of Planets:

If there is an exchange between two planets, it forms a Yoga of very high degree and can give profound results. While considering exchange of two planets, all the planets falling in between the

houses through which both planets travel during the exchange, and get energized. The results will depend upon the characteristics of the planets in question, the house and the planets falling in between.

Example: An exchange between Venus and Mars, with Venus in Aries and Mars in Libra, will make a person to reach heights in the field of art, drama etc. The results will however, be different if during exchange, it also crosses Saturn or Rahu. In the analysis of horoscopes, a lot of credence has been given to the exchange of two planets as it has great bearing on the destiny of a person.

These are the basics, vital and some important and broad principles which are used as base factors while reading of the charts. They are thus get explained in details while using the underlying logics and reasons of the event.

CONCLUSION

This research is based on studying the sacred “Leaves” of Bhrigu Samhita which were in Hoshiarpur and some other places, where predictions have been made by our ancient sages. The predictions were made just on the basis of a chart without referring to ‘*Dasha Bhukti*’ and other parameters applied in the *Parashari* system. I have great respect for all that has been told by various Sages from time to time. However, the issue is the method applied to arrive at a conclusion, though the basic principles remain the same. The events are explained in the listed charts while applying the principles and statistical research which are briefly described hereafter.

The results arising out of rotation of Jupiter and other planets playing their roles coupled with the superimposition of transit, we can zero in on to the events which can take place. It is common that each chart will show a number of events though all of them may not happen. People with powerful Yogas are like conductors in a bus.

Positive and negative results are evident from the principles explained. The degrees which show the planets' position while in conjunction, ahead or behind make great difference in the events. Planets in conjunction engage either in a friendly relationship or in a hostile one and also make the third or other planets to slip or move on to the sign ahead thereby impacting the results. The planets are to be seen as moving and thus those second, twelfth or seventh position including the signs they are posited also play a critical role. The planets at different points are loaded with energies which are not the same in each rotation of Jupiter, Saturn, Venus, Mars etc., and it also depend on the aspect of life being studied. This is the key which has been explained in more than seventy-five charts which have been taken up in the following pages.

We need to work more precisely by taking the *Nakshatras* into account while the planets are rotated and these should be further interlinked to provide more accuracy. Movement of planets in terms of degree and the impact of sub-lords with the same principles is a matter to be researched. This is a beginning and the intent is to get feedback on these research. Many more factors can be superimposed as work and the research never ends.

This is a book where the principles need to be tested by the readers and those who have an analytical and out of the box mindset will appreciate this. This is a science like any other field where the power to look at things holistically is important. This analysis of things comes totality with experience of reading charts and for which a *satwik* approach is necessary. Intuition also plays an important role.

There are people who would enter into an intellectual discussions and the easiest thing is to condemn or criticize it. The aim of this book is not commercial but to put forth principles which make chart reading easy and predicting a life sketch with a fair bit of accuracy, even if at times, it is not hundred per cent accurate. I came across a book by the name of “Bhrigu Sahmita” by a Nagpur Publisher which by referring various dates, months and years gives lifetime predictions. Other such books are also available across the country but this book is based on research where the logic and other principles are explained.

If the principles are properly adopted and results are honestly told and debated constructively, it will be an encouragement for writing another book explaining more charts, combinations, events and logics. Principles should not be applied blindly but after adequately understanding the intrinsic logic.

I again would repeat that though with the grace of Almighty, I have seen charts of people every week without charging and not disclosing my identity. This gives me an opportunity to test the principles in the process. It is a fact that this was a study carried out by my respected father whose understanding was much deeper. This however, will be a step forward for the readers to apply and then discuss or modify or do further research through groups. This is an emotional book which is a tribute to my late father whose work partially I have tried to assimilate in this book.

Native's community at birth:

Jupiter is in Capricorn in *Ishwaramsa* sign owned by Saturn and just behind it, there is Moon (representing Parvati) and Ketu representing tail which goes to suggest that the native is *Saivite*.

Name of the native:

Name may be that of Shiva's Vahan viz. *Nandi*. The mouth is represented by Rahu, Mars signifies horns, Jupiter denotes stomach and Ketu the tail. Ketu and the Moon being in the same sign indicate that one is born in the ocean of milk (Parvati) and the nature and personality is described by Nandi (the Bull). The name may be that of Shiva's Vahan Nandi. The name may begin with the first letter of *Nandikeshwara*. However, the name of the native can be chosen from the other names of Nandi like Vrishabha etc. that states some measure of relationship to Nandi.

Father's profession:

Native's father is an agriculturist as the Sun representing father is posited in Virgo, a sign of vegetables, food crops etc. So one can infer therefrom that the father of the native is an agriculturist. *The Sun + Virgo = Father* being an agriculturist.

Sharing of parents' money:

Parents' (father's) money of the native may be shared by his brothers (uncles of native's) and sons of the parents (native's brothers). The Sun is the Karaka of father has *Saturn as his son* in the next house. As a planet, Saturn cannot become brother to the Sun but Saturn is aspected by retrograde Mars. Mars represent brothers and one can conclude that there is presence of both the brothers and sons in the 7th house. Venus is the Karaka of money associated with the Sun to show that money has been amassed by the native's father (Sun). Since there is an exchange between Venus and Mercury, Venus will produce the subtle effect on Libra where it is not only get associated with Saturn (Sons of Parents) but also gets aspected by Mars (Brothers of Parents). So the money (Venus) of the father of the native is shared by his brothers (Mars) and sons (Saturn).

Source of income:

The second house denotes source of income. Here in the 2nd house to Sun (Father), Saturn is placed duly aspected directly by Mars (Land) which clearly indicates that one will own lands. Saturn representing source of money in the 2nd to the Sun indicates the conditions or fate of that money that however, depends on conjunction and aspects. Saturn is also the son of the Sun and is placed in the 2nd house. So one inference is that of the sons of father (brothers of native). It is also aspected by Mars, the Karaka of brothers. Saturn is also conjunct with Mercury (Karaka of division, multiplication, distribution etc). Therefore, the father's money will be shared by brothers and sons. Here, Saturn indicates source of money being from the 2nd house to the Sun. Besides, it also signifies sons of the Sun. The Sun is a Karaka for the father. Since, Saturn is also directly aspected by Mars (an enemy) and

brothers (Mars as a Karaka) they will take away the money or harm Saturn (enemy). Mars is not only Karaka of brothers but also significator of lands. So Saturn is influenced as source of money by Mars (lands) and also Karaka of brothers and also Mercury a planet of duplicity and division.

Why Mars in the 8th to the Sun should be the cause for brothers sharing the money?

Normally Mars placed in the 8th should not give any profit or gains from the Sun (father). Thus any planet placed in the 8th from any other planet, Karkatwa or Karaka (Money here belonging to the Sun) should not give advantage to that planet (like Mars brothers). Here despite placements of Mars in the 8th from the Sun and Venus, it gains, why? The reason being that Mercury and Venus have exchanged places, Venus who is also in conjunction with the Sun, gets its own Amsa in Libra which is directly aspected by Mars in Aries so the parents give away the money (Venus Amsa) to his brothers whose Karaka is Mars. In fact the Sun is in conjunction with Venus, the Karaka of money, and its dispositor Mercury in Libra behaves like Venus and having direct aspect of Mars.

Brothers and sisters:

Native is the second born. He had one elder sister, five brothers and a sister born after him. Jupiter is placed in Capricorn all alone and the Moon in previous sign to the one occupied by Jupiter. Hence he has one elder sister. Jupiter represents the native and in its transits it crosses () Mars, () Rahu, () Sun, () Saturn, () Mercury and so that native will have five younger brothers and as there is Venus over which Jupiter also transits in its first round, he will also have one younger sister.

Native escapes drowning:

Jupiter when transits in Virgo (Virgo Karka of well) owned by Mercury which has Sun and debilitated Venus; both enemies and so not good. It is to be noted that Virgo sign otherwise represents well but the transit of Jupiter over combination of the Sun and Venus is not good. Particularly, the transit over Libra is definitely not good as its Lord is in the 12th house to the sign and aspected by Mars. As such this transit is also bad and dangerous. Why he escapes? It is due to exchange between Venus and Mercury. *On account of this exchange, there is subtle effect of Mercury on Virgo sign as Mercury gets exalted and Venus gets its own sign Libra making them become strong and thus life is saved.* It should be noted that transit over Virgo was otherwise bad as Venus was debilitated along with enemy Sun.

Native gets well:

It is not because of the aspect of Jupiter (natal) on transiting Jupiter in Virgo, but it is due to the reasons given hereafter. Mars causes wounds and Rahu gastric troubles. Jupiter's transit on Aries and Taurus is opposed by Saturn and Mercury in Libra, and as they are enemies (enemies of Mars) they hinder both Mars and Rahu from causing trouble to the native.

Transit of Jupiter:

Regular transit cycles (rounds) of Jupiter from birth indicates age at which the native suffers from disease, obtains happiness and denotes marriage of children etc.

First round (cycle) of Jupiter:

Suffering from wounds and swellings

The native will suffer from wounds and swellings on account of bad blood. The child age would be 3 to 5 years at that time.

In the first round of 12 years, Jupiter, when enters Pisces, it has the aspect of retrograde Mars in Aries and so the native will suffer from wounds and swellings on account of bad blood. The native's age then would be between 3 and 5 years. This includes the transits in both Pisces and Aries signs. **Count one year for each sign.**

Suffering from gastric troubles and getting well:

The native will suffer from gastric troubles at the age of 6 years. When Jupiter transits Gemini where Rahu is situated. The native gets well from all these ailments, probably because of the transit of Jupiter in Cancer and receiving aspects of Jupiter from the natal position of Jupiter.

Native escapes drowning:

At about 9th or 10th year, the native escapes drowning when Jupiter transits Virgo owned by Mercury, and Libra owned by Venus as both are having exchange of planets.

Second round of Jupiter:

Headway in education:

The native will make headway in his education in the 2nd round at the age of 14 and 15 years, when Jupiter transit Pisces and Aries. As from Pisces, Jupiter aspects Venus having exchanged with Mercury and from Aries it will aspects Mercury directly.

Educational Career:

As a matter of fact, it is a normal thing that *Mars opposing Mercury should have caused educational problems but it did not*. In fact, as Jupiter transited Mars, Mercury's aspect over Mars (though enemy) did not allow Mars to do the mischief because Mercury was also strong as it was the dispositor of Venus which was also aspected by natal Jupiter. So the aspect of such a Mercury on enemy Mars, during transits of Jupiter over Mars, did not allow Mars to do this mischief and thus no difficulty was faced by the native in his educational career.

Principles of excitation during transit of Jupiter explained:

First round: In this transit of Jupiter, the principles of excitation by Jupiter on the planets responsible for certain action and aspect of planets have been explicitly explained. The first round of transit of Jupiter over Pisces and Aries (Mars) and then over Rahu in Gemini, caused wounds and gastric troubles. Mars is causative planet for wound and Rahu for gastric trouble. The aspect of enemies of Mars viz. Saturn and Mercury over Mars, however did not allow it to give much trouble but on the other hand resulted in early recovery. In fact the inimical aspect of Saturn and Mercury over Mars, which was excited by transiting Jupiter, did not permit Mars to create trouble though Mercury is the bitterest enemy of Mars and so is Saturn.

Similarly, Mars, being a bitterest enemy of Mercury, functionally causes hindrances in education and this would have been there during the transit of Jupiter over Mars, but the aspects of Saturn and Mercury acted as a distracting factor and further, Mercury,

due to exchange with Venus, has given added advantage of the aspect of natal Jupiter on Venus received by Venus and benefit of which could also be taken by Mercury.

Second round: In the second round of Jupiter, the native got over the troubles from the wounds and gastric problem at 14, 15 and 16 year of age. Though Mars causes wounds and Rahu causes gastric troubles, Jupiter transit of Aries and Taurus is opposed by Saturn, Mercury in Libra and, as they are enemies, they hindered both Mars and Rahu from making trouble. The native also faced no difficulties in his educational career on account of the aspect of Mars on Mercury. Mars and Rahu may have hindered, but the aspect of Mercury occupying the house of Venus and having 9th aspect of natal Jupiter from Capricorn helped the native in his educational career during the transit of Jupiter in its 2nd round.

Other effects of second round:

Father will have meager property and income. As regards the disposal of extra savings by the father, the Sun representing father of the native is in conjunction with Venus but Venus is debilitated and weak in Virgo. So it is clear that the father had parental property in the shape of lands but it was not much as Venus was weak. Further, the placement of Mercury and Saturn in the 2nd house to the Sun denotes the sources of income. Since, both these planets are opposed by strong enemy Mars, the income of nativ's father remained meager.

Miseries and troubles:

At 17-18 age, the native undergoes many miseries and troubles. Jupiter contacts Rahu (a natural retrograde planet) at the age of 17-18 which makes the native to face many troubles and miseries.

Death of elder sister

The Moon representing the elder sister is in the 12th house to the Jupiter. The movement of the Moon and its coming in contact with the retrograde Mars and the natural retrograde Rahu, makes the Moon to get swallowed up. That means, the death of elder sister is indicative (the Moon moves at the rate of one year and in the 2nd round it appears to cause this evil. In the first round Ketu may not cause the trouble to the Moon but in the 2nd round its contact with debilitated Jupiter in Capricorn and with the effect of retrograde Mars it may cause the evil. The Moon contacts Mars at 15 and comes to Taurus and then to inimical sign Gemini at 17 where it receives adverse effects of natural retrograde Rahu who swallowed the Moon and resulting the death of elder sister.

Nature of Education:

A disciple wanted to know the nature of education this native before going into the question of marriage. The answer of the master explained that Mercury as Karka of education is in the house of Venus which stands for arts and Mars which signifies engineering, machinery etc. So his education could be that of engineering.

As regards profession, the influences on Saturn, the Karka of service has to be seen. Saturn is associated with Mercury (educational institution) and having aspect of Mars. As stated above, Saturn duly conjunct with Mercury is in the house of Venus (arts) and Mars (engineering and machinery) and so it can be concluded that the native may have profession in engineering (Saturn aspected by Mars) and work in an Educational Institution (Mercury). The most important aspect to be seen here is that Mercury has worked as Karka of education and being in the house of Venus with aspect of Mars gave engineering education but as regards profession, Venus

having been conjunct with Saturn, Karka for educational institution, the native will be employed in an educational institution and will go in for teaching profession.

Upward trend in Educational Activities:

Educational activity of the native will take upward trend at the age of 22. When Jupiter transits in the exaltation sign of Mercury, (Virgo), his educational activity will take an upward turn (Virgo is the exaltation sign of Mercury and Karka of education and besides, due to exchange with Venus, Mercury has subtle effect in Virgo). As per counting of transit years at Virgo, it should be 20 years but it gave effect at 22 years and delay may have because by the presence of enemy Sun.

Marriage:

In the 2nd round when Jupiter entered Virgo and have a conjunction with Venus and then entered Libra, there will only be negotiation for marriage. This could take place in the 2nd round when Jupiter enters Aquarius sign whose lord Saturn is exalted. Here the main activity was profession but since Mercury is connected with Venus due to exchange, it could only give negotiation for marriage at the age of 22.

Third round of Jupiter:

Marriage: Around 30 years of age, the marriage of the native may take place. Jupiter after transiting Gemini in its 3rd round contacts Venus in Virgo, which happens at around 30 years. In fact, the transit of Jupiter over Virgo and contact with Venus may not allow marriage due to presence of the Sun (enemy) and debility of Venus. Venus being in Virgo sends its vibration to Gemini sign as both signs belong to Mercury. While in first case, with actual transits of

Jupiter in Gemini, it gave negotiation for marriage but it gave marriage in the 3rd round when Jupiter after transiting Gemini contacts Venus in Virgo being the other sign of Mercury. One can say that Mercury becomes dispositor of transiting Jupiter and Mercury being associated with Venus gives result of Venus which turned it into marriage.

Principle:

If a planet placed in a particular sign unable to give its full results of Karakatwa due to transit of Jupiter then in the subsequent stages, it will give the result while transiting in the other sign of the planet. However, it all depends upon the sign having Karka placed in the earlier or later sign. In the present case, it was later, so first it gave negotiation and subsequently it gave marriage.

Employment:

A disciple wanted to know why here importance is given to Jupiter while looking into employment of the native as the question of livelihood is considered from the movement of Saturn in most of the cases. The master *answers that while work done is the result of Saturn, the enjoyment of that result is to the benefit of Jupiter who represents the soul.* In this case, the employment in the government engineering institution in which the native is a gazetted officer at a high post, for which an important principle is involved.

Principle:

Transiting Jupiter, if excites a particular planet then the result of excitation vitalizes the planet placed in the signs owned by the planet transited.

In this case, the effect of the transit of Jupiter on the Sun and Venus (Sun representing government and Venus is afflicted by the association of the Sun) was transmitted by them to Saturn placed in the 2nd house to them which is *owned by Venus* and that leads to vitalizing the conjunction of Saturn and Mercury. Thus transits of Jupiter over the Sun and Venus vitalizes Saturn and Mercury conjunction placed in the sign of Venus and this gives a high post (exalted Saturn) in a government (Sun associated with Venus) i.e. in an engineering college (Mercury institution and Saturn aspected by Mars engineering profession).

Employment in a government institution in a gazetted rank:

When Jupiter contacts Saturn in the state of exaltation in Libra sign, the native will be employed in a government institution in a gazetted rank. (Exalted Saturn gives rank of high order and reason of employment in a government engineering college or institution has been explained earlier). This is further augmented by the fact that Jupiter contact the Moon and then natal Jupiter in the next house (this helps in maintaining elevated post offered by the transit of Jupiter in Virgo and Libra).

Principle of vitalization:

If a planet is transited by Jupiter then that planet vitalizes the Karakatwas of planet located in its sign and the transited planet will give results of planets placed its sign. In other words, Jupiter while transiting a planet which becomes dispositor of some other planet depending on the Karakatwas of disposed planet, this dispositor will give the result. Suppose Jupiter transits on Venus and Venus is dispositor of Saturn, so Saturn is vitalized by this transit through Venus and Venus will give the results of service (Karakatwas of Saturn). In fact, the transited planet transmits the

vitalizing or activating effect in the area of Karakatwas and the result is given by the transit through the dispositor.

Name and Fame:

Jupiter while completing the 3rd round will have traveled for 36 years and gives name and fame to the native at that age.

Fourth round of transit Jupiter:

In the 4th round of transit, Jupiter will be contacting Mars (retrograde) in Aries. It is a strong position of Mars. Here Mars goes back to Pisces and aspects Venus and Sun. This may give parental property and displeasure from superiors and a higher post as Mars in Aries gets aspected by Saturn. In retrogression, it comes to Pisces, a watery sign and gets associated with the Moon and Ketu. The Moon is the Karka for travel but gets opposed by Rahu, so there may be foreign journeys etc. Therefore, during the 4th round the transit of Jupiter, there may be lot of opposition from seniors, foreign journey, holding high post and getting more emoluments.

Possession of parental property:

The native will get possession of parental property when Jupiter in the 4th round transits his own house of Pisces sign. Here Jupiter receives aspect of Venus duly conjunct with the Sun posited in Virgo sign. Thus the native will get the possession of parental property.

(It has been discussed previously that father of the native had parental property, as the Sun representing father is in conjunction with debilitated and weak Venus in Virgo and thus the father had

parental property. Venus functionally responsible for paternal property and the aspects of transiting Jupiter from Pisces in its 4th round resulting in native getting the possession of parental property).

Opposition from those in higher posts:

Around 41-42 years of age, the native will encounter opposition from those in higher position. When Jupiter transits Mars in Aries and then Rahu in Gemini which will be around 41-42 years of age and when native gets opposition from those in the higher position. Mars the Karka for dispute is in the opposition to Rahu. Therefore, depending upon the stages of transit, the planets give results. In the 1st round of Jupiter, Mars and Rahu gave wounds and gastric troubles. In the 2nd round, there were problems and now in the 3rd round of Jupiter's transit, the native faces problems from superiors. The aspect of exalted Saturn over Mars, which is its enemy, gives the problem.

Foreign travels:

The Moon is Karka of travels, Sagittarius denotes long journey, Gemini for short journey and above all, Rahu indicates change. Thus when Jupiter during its transit gets conjunct with Rahu in Gemini and also receives the aspect of the Moon (Karka for foreign travel) in Sagittarius, the native will take up foreign travel. The transit in Cancer being the exaltation sign of Jupiter, it will give good results. As Cancer is owned by the Moon the Karka of foreign travel and Jupiter during its transit over it is bound to give good results and maintains foreign travel.

So far as foreign travel is concerned, one must look for transit either over Rahu or the Moon. Transit over Rahu may give

moves but transit over the Moon or having aspect of the Moon during transit, may give foreign travels and moves as well. The foreign travels will continue until Jupiter crosses over to Leo signs owned by the Sun. Thus the native will return when Jupiter transits in Leo.

Higher job and greater emoluments:

When Jupiter contacts the Sun in Virgo, the native on return from his foreign travels will get a high job and greater emoluments. The transit of Jupiter in Leo means return from abroad and thereafter, as Jupiter contacts the Sun in Virgo and gets conjunct Venus, the Karka for money and also dispositor of exalted Saturn (higher post), it will ensure higher job and greater emoluments.

Elevation in status:

He will go on improving his status until Jupiter completes the 4th round at the age of 48, and this goes up to 50th years. The native will continue to have elevation in status during Jupiter's transit over Ketu and the Moon, until Jupiter completes his 4th round at 48th year when Jupiter contacts natal position. The process will go on till 50 years of age when Jupiter transits in Pisces and gets aspected by Venus and Sun from Virgo.

Children of the native:

Normally, it is said that the Sun is the Karka of children and Venus as a giver of children. Here, the Sun and Venus are together in Virgo but Venus is debilitated and thus the Sun as Karka of issues has been considered. Venus conjuncts the Sun gives one daughter and Jupiter aspecting Sun gives a son. Thus the transit of Jupiter

on Venus at the age of 33, will give a daughter and when Jupiter transits its own natal position, at age of 36, the native will have a boy. Ofcourse, transiting over Saturn and Mercury could not have given any issue being the dispositor of Venus in Virgo i.e. in the 12th sign. Ketu with the Moon does not allow any progeny. Thus only Jupiter aspecting the Sun can give a male issue.

5th round of Jupiter:

Native's Longevity:

Jupiter the proponent of soul when comes in a very weak place and in that round, it cannot sustain itself. Therefore, we should look for proper age in that round. Normally, Rahu and Ketu play important role in culminating the life. Here, Jupiter's transit has been discussed upto 4th round and there was no problems of longevity, surfaced. Now in its 5th round i.e., from 48 years to 60 years, Jupiter will progress to sign Taurus, which is an inimical sign for Jupiter and having aspect of natural retrograde Rahu which has the characteristic to swallow. Besides, Venus the lord of Taurus sign is posited in Virgo (debilitated) along with the Sun and reckoned in Libra due to exchange with Mercury in Libra. Libra is the 6th from Taurus and so in this round, Taurus gets highly afflicted. Therefore, 6th round from 48 to 60 years may prove fatal for the native.

The life will end when Jupiter in this round comes in a critical sign. Jupiter when crosses over Rahu in Gemini i.e. at 53 years, he dies. Please remember Venus becomes 6th due to exchange and the association with the Sun cannot be ignored. This has been explained earlier.

Transit of Jupiter Summarized:

The transit of Jupiter is very important in timing of events. Jupiter stays for one year in one sign and takes 12 years to complete one round. In three rounds, it completes 36 years. Jupiter even gives the results connected with employment which normally is the domain of Saturn. Therefore, transit of Jupiter is also given importance in the matters of livelihood despite the fact that in most of cases, the issues relating to livelihood are considered from the movement of Saturn. It means that both Jupiter and Saturn during their transit can indicate the matters connected with livelihood. This is because of the fact that employment though is signified by Saturn, the enjoyment therefrom is ascribed to Jupiter who represents the soul. Therefore, it may be safely concluded that every activity of life which the soul enjoys (good or bad) can be deciphered through the transit of Jupiter but the same can be supplemented by the Karka representing that activity of livelihood (Saturn), Venus (marriage) etc.

Principles evolved for the 1st round of Jupiter transit:

The 1st round of Jupiter is of 12 years duration. In the 1st round of the transit of Jupiter, it normally activates the Karakatwas of the planets, irrespective of sign placements. During the transit, the retrograde planets (in natal) are considered to be in previous sign of the natal chart. **In the 1st transit, it also appears that no influence of any aspects or other aspects are considered.** Thus based on these principles, we shall delineate the result of transit of Jupiter over 12 years.

The natal position of Jupiter in chart is Capricorn and as Jupiter enters in Aries which would be at the 3 years of age and makes

contact with Mars. Mars in Aries will only give results of a natural Karakatwas i.e. wounds and swellings due to bad blood. Normally, Jupiter excitation of retrograde planet will not give good result as it is seen in this case.

There is no planet to be excited in Taurus and thus Jupiter's transit over it will not give any notable event in the first round. Jupiter transits in Gemini is where Rahu is situated. Here Rahu is exalted which is Karka for gastric troubles. Gemini is also an airy sign. As Rahu remains in natural retrograde mode, some trouble is expected. Thus Jupiter's transit over Rahu will make the child suffer from gastric troubles in his 6th year. The native gets well from all these troubles soon as Rahu exalts in Gemini and the Jupiter next transiting sign Cancer is the sign of exaltation. Besides, the lord of Gemini Mercury is well placed and strong. Since there is no planet in Cancer and Leo, the effect of transit of Jupiter augurs no major events.

The transit of Jupiter in Virgo and Libra which are owned by Mercury and Venus respectively and both these planets are having exchange of places and with results that the native will escape drowning. All this happens at the age of about 9th and 10th years. However, Jupiter transits in Virgo (Karka of well) having debilitated Venus (watery planet) causes drowning (Venus is debilitated). Jupiter's next transit is over Libra where Mercury is placed which is definitely not good as its lord Venus is placed in the 12th sign therefrom. So these transits of Jupiter over Virgo and Libra are not good. However, the exchange between Venus and Mercury makes a strong combination. Here also only Karakatwas of planets and effect of signs had been considered and not even effects of conjuncting planets like the Sun (enemy) with Venus and Saturn friend of Mercury are taken into account. Karakatwas of planets and nature of sign only play the role.

Evolved principles in the 2nd round of Jupiter:

In this round, no doubt the Karakatwas of planets (depending upon the sign of placement) are excited as in 1st round but **here the aspects of planets in the 7th house of the natal chart are to be read with transiting Jupiter taking into account the enmity or friendship, between the involved planets.** Jupiter during its transit, simultaneously excites the planets placed in the 7th house in the natal chart. In other words, it means that planet placed in the 7th house from planet transited by Jupiter is also influences the transiting Jupiter.

Why native get over the troubles from wounds and gastric troubles at the age between 14 and 16 years, when Jupiter in the 2nd round transits Pisces (14), Aries (15) and Taurus (16). Here the principle of transit in the 2nd round, giving different results as compared to 1st round. As explained above, in the 1st round, the transit of Jupiter in Aries gave wounds and swellings and gastric troubles while transiting over Rahu in Gemini. In the second round, such results are not taking place or happening – why? Although Mars causes wounds and Rahu gastric trouble, Jupiter transit of Aries and Taurus in the 2nd round is opposed by Saturn and Mercury in Libra (aspect of the 7th house) as they are enemies and they hinder both Mars and Rahu from causing trouble. To explain in depth, one may say that when Jupiter transits Mars and Rahu, it tries to excite them to give trouble of wounds and wind but the same is hindered by Saturn and Mercury who are placed in the 7th house in Libra and also being the enemies of Jupiter. The enmity of Saturn and Mercury with Jupiter did not allow Jupiter to excite the natural Karakatwas of Mars and Rahu. Here one thing also emerges that planets in the 7th house in the natal chart effect transiting Jupiter and not the transited as we will see.

In the 2nd round at the years 14 and 15 i.e. transit of Jupiter in Pisces and Aries, the native will make headway in his education. This explains another principle of transit of Jupiter in the 2nd round. In fact, apparently when Jupiter transits over Mars (retrograde) in Pisces and Aries, its aspect on Mercury (enemy of Mars) should create difficulties in his educational carrier but it was not so, Why? Here Mercury the Karka of education is strong being in the house of Venus and having aspect of natal Jupiter (9th aspect as Mercury comes in Virgo due to exchange). Thus Mercury being an enemy of Jupiter did not allow Mars and Rahu to be excited to cause hindrance. Mercury on the other hand having overwhelming strength has been able to pass its effect to transiting Jupiter i.e. educational career (Karakatwas of Mercury).

Retrogression of planets:

Mathematical symbol of $4^3 5^4$ is applicable to retrograde planet from Moon. If Mars retrograde is 5th from Moon it shall be considered as if in 3rd and 7th to Mars (R) would be in 4th to Moon. Thus during 2nd round of transit, when Jupiter contacts Mars (giving the results as if 3rd from Moon) and both being aspected by Mercury (giving the result as if 4th from Moon) indicate heavy expenses. Symbol $4^3 5^4$ in Bhrigu Nadi is a symbol used and analysed in context to retrograde planets and delineated above for the readers to apply the test.

Rahu in the 2nd round causes miseries and many troubles apart from gastric trouble. Since there is no check for transiting Jupiter over Rahu and Rahu (natural retrograde) at the age of 17-18 brings about many troubles and miseries.

Death of elder sister:

Here to predict the death of elder sister, **the movement of the Moon has been taken as one year per sign.** In the 1st round, the Moon in a friendly sign Sagittarius could not have caused any damage. In the 2nd round of the Moon, it contacts debilitated Jupiter and thereafter with retrograde Mars in the 3rd house and harming Moon. Jupiter is the dispositor of the Moon. Therefore, the death of sister was possible only in the 2nd round of the Moon. In the 2nd round, when the Moon contacts retrograde Mars in Aries and retrograde Rahu in Gemini, the death of sister takes place (elder sister). This explains the principle of movement of Karakas to get the results of person indicated by them.

Jupiter has no planet to excite in Cancer and Leo in its 2nd round but in Virgo there is strong Venus. This comes at the age of 22 years. In second round which finishes at 24 years the emphasis will be on education and on romantic affairs. Thus in the 22 year when Jupiter transits Mercury exaltation sign with subtle effect of Mercury due to exchange with Venus gives an upward trend in educational activity. This could be one reason but not very convincing. In fact, in the 1st round when Jupiter transited over conjunction of Venus and the Sun in Virgo and Mercury in Libra, it gave drowning and also bringing escape from it. Here, at the 22 year when Jupiter transits Mercury's exaltation house Virgo, it is said that his educational activity will take an upward turn. The conjunction with Venus in that house and entry into Libra owned by Venus, indicates that marriage negotiation would take place. Thus there is great difference of activity emanating from transits of Jupiter on Venus in Virgo and Mercury in Libra in the 1st round and in the 2nd round and how these are accounted for.

This could be accounted for in two ways:

Firstly: The natal position of Jupiter is advanced to the next house for the 2nd round i.e. Aquarius. From here Jupiter when crosses and comes over Mercury which is involved in the transit of 2nd round becomes lord of 5th house Gemini. This indicates educational activity which in the 1st round was connected with sickness or drowning. The Sun becomes lord of the 7th house which is associated with Venus Karka of marriage but both are inimical to each other and so it will just give indication of marriage. As the Sun (marriage) associated with Venus Karka of marriage having exchange with Mercury Karka of negotiation. Therefore, it was caused negotiation for marriage but could not effect marriage as Venus is with the Sun. Thus when Jupiter in the 2nd round at the age of 22, transits Mercury's (Karka of education) exaltation house Virgo, educational activity of native will take an upwards swing and its conjunction with Venus, Karka of marriage but associated enemy the Sun in that house and Jupiter's entry into Libra owned by Venus, indicates that only marriage negotiation will take place.

Principle: Jupiter in each rotation is to be progressed in the next house and shall be treated as an Ascendant.

Secondly, in the 2nd round the transits of Jupiter will be on planets the Sun, Venus, Saturn and Mercury in signs Virgo and Libra. The Sun is the Karka of father and its transit in Libra in the 2nd round does not speak well of father. Venus is debilitated in 1st round and for 2nd round as Karka of marriage, Venus gets conjunct with Saturn comes to Libra in strength but there is aspect of retrograde Mars (enemy) from the 7th house. Further, in Libra Venus is also conjoined with Mercury, the planet for negotiation. Thus there could not have been marriage but only negotiations.

Besides, marriage could not have taken place in the 2nd round during excitation of Venus (by transiting Jupiter) which is not only conjunct with the Sun but also in debilitation. It could also not have happened by excitation of the Moon as it was with Ketu and is in the sign of Jupiter just behind Jupiter. Thus, in the 2nd round, there could have been negotiation only.

Third round of transit of Jupiter:

The above principle of evaluation of transit of Jupiter will be emphasised over here. The transit of Jupiter in the 3rd round will be progressed from Pisces, its own sign as Ascendant and whereupon will cause a direct aspect on Venus in the 7th house. Venus has an exchange with Mercury, the lord of the 7th from Jupiter's transit position in Pisces. Besides, the natal Jupiter becomes the lord of the 3rd round of Jupiter in Pisces. But natal Jupiter is in the sign of debilitation in Capricorn and at the same time, the Lord of Capricorn Saturn (Karka of profession) is in conjunction with Mercury. Again the lord of the 10th house Saturn the dispositor of natal Jupiter is placed in its exaltation sign. The 10th house is 11th from transiting Jupiter in Pisces. Hence positive results for employment are indicative.

As mentioned above that neither Venus nor the Moon can give marriage but still the Moon is stronger as having Jupiter as its dispositor. Gemini is the sign of Mercury which has an exchange with Venus in Virgo. As stated earlier that Jupiter while transiting Gemini in the 3rd round, contacts Mercury the owner of sign which is posited in Libra and having exchange with Venus in Virgo. In other words in the 3rd round, Jupiter uses this sign and gives the result of its lord if well placed. Thus the actual statement should be that Jupiter transiting Gemini in its 3rd round, contacts Venus in Virgo through its lord Mercury which is located in Libra.

In the 3rd round transiting Jupiter will give the results in various signs depending upon the location of their lords. In this round, Jupiter will vitalize the lord of signs if they have been excited earlier and failed to give results. **In the 3rd round, the principle of dispositor which gives results has been used as explained in the case of employment.**

Immediately after Virgo, Jupiter contacts exalted Saturn in Libra and so the native will be employed in a government institution in a gazetted post. Here, a very important principle has been explained. A simple statement stating that Jupiter contacts Saturn in its exaltation sign Libra has wide connotation.

In fact, Jupiter after transiting Gemini contacts the Sun and Venus in Virgo in its 3rd round. As explained earlier, in the 3rd round the transiting planets excite the planet posited in it. Here the principle is exhibited by the fact that Jupiter excites Venus and the results of its excitation is transferred to Saturn posited in sign Libra. Thus Jupiter while transiting over Venus in the 3rd round contacts exalted Saturn in Libra and so the native will get employed in a government institution in a gazette rank. Gazette rank comes by because of association of the Sun (Karka of government and authority) with Venus (planet of value).

As Saturn is placed next to its dispositor Venus, and so Saturn gains further strength. Thus as Jupiter during its 3rd round after contacting Venus and the Sun, contacts exalted Saturn in Libra duly conjunct with its friend Mercury and so all the more native will be employed in a government institution in a gazette rank. Mars which is retrograde and friend of Jupiter did not stop Jupiter from activating Saturn.

Transit of Jupiter over the Moon in the 3rd round:

This is further augmented by the fact that Jupiter contacts the Moon in Sagittarius and natal Jupiter in the next house. This confers an exalted position to the native.

The 4th Round of Transit of Jupiter:

In the 4th round of transit, the planets aspecting the transiting Jupiter convey the effect of Karakatwa in the form of combinations and Yogas *i.e. cumulative effect is transmitted*. Earlier in the 1st, 2nd and the 3rd rounds of transit of Jupiter, the aspects of the Sun and Venus were not considered but now it is being done even though there is no planet to be excited in Pisces. It has been discussed earlier that combination of the Sun and Venus means getting property of the father. This effect was felt in the 4th round.

Besides, in the 4th round, Jupiter would be in Aries as Ascendant whose conjunction with retrograde Mars as lord of the Ascendant is aspected by Mercury, the dispositor of Venus which is conjunct with the Sun (parental property). Then the Moon who is the lord of the 4th is in the 9th house indicating foreign travels. Mars is having aspect of exalted Saturn from the 7th house (enemy) as the lord of 10th, so the native will face opposition of seniors in service. But Saturn being exalted will give higher job etc. This is how planets give result of ups and downs.

This principle has been explained in earlier pages:

In the 4th round, Jupiter while transiting its own sign Pisces, receives aspect of Venus from Virgo duly conjunct with the Sun and the native will get possession of the parental property.

In the first round of Jupiter's transit, there was only excitation of Karakatwas. In the second round, it was nature of aspect of planet on transiting Jupiter in matters of excitation of the planets being transited. In the 3rd round, the principles of vitalization by dispositor and inference of signs were used. In the 4th round, the planet aspecting the transiting Jupiter convey their effects by virtue of their placement and conjunction.

It has been indicated earlier that the native's father has amassed some wealth due to conjunction of the Sun and Venus. Father also has some parental property. He also had his own land and other property. This combination of the Sun and Venus gives property from father due to 9th aspect it received from natal Jupiter. Thus the aspect of the Sun and Venus on transiting Jupiter in Pisces gives possession of parental property.

In the 4th round Jupiter when contacts Mars in Aries and Rahu in Gemini at about the age of 41-42 years, he gets opposition from those in higher position. In the 4th round, Mars and Rahu will causes opposition from the superiors as explained above. In fact, in the 4th round, Jupiter would be in Aries as Ascendant with retrograde Mars representing as Lagna lord and they receive aspect from strong Saturn, the lord of 10th (Superiors). Thus this result will come about in the 4th round when Jupiter contacts Mars in Aries. In the 1st round, the transit of Jupiter in Aries gave wounds. In the 2nd round, no effect was felt as Mars was not activated because of Jupiter's enemies Saturn and Mercury countered it. In the 3rd round, this has not been discussed. However, the trend was that it should have caused dispute with brothers and brothers of native's father. His brothers should have quarreled over father's money. In the 4th round, as Jupiter contacts Mars, it gets excited now. As such Mars being the Karka of disputes and quarrel, it should indicate that. Besides, its enemies are exalted Saturn (Karka of service) and Mercury

(division, dispute) will cause opposition from those higher (exalted Saturn) in position in his service. Similar results from Rahu will come by as Rahu represents Mercury being in the sign Gemini and also Rahu is the Karka of tensions and dispute. In the past, the emphasis has been given on aspect of planet and not so much of excitation of the transiting planet. By aspect it means what aspecting planet transfers to transiting Jupiter in relation to planets transited. Jupiter when contacts Rahu in Gemini gets aspect of the Moon in Sagittarius enabling native to go on foreign travels.

In the 1st round Rahu could give gastric troubles in Gemini due to excitation of its Karakatwas by transiting Jupiter. In the 2nd round, it could not cause any troubles as it was not excited due to aspect of enemies like Saturn and Mercury in Libra. In the 3rd round when Jupiter transited Gemini, its first duty was to finalize the marriage negotiation which took place in the 2nd round. Now in the 3rd round, when Jupiter transited Gemini, it did not excite Rahu as Jupiter was more concerned in exciting or vitalizing Mercury placed in Libra and through it, Jupiter vitalized Venus placed in Virgo being other sign of Mercury. Therefore, in the 3rd round the principle of vitalizing was more pronounced.

In the 4th round, much importance is given to the aspecting planet and its impact on planet transited. Earlier, as Jupiter transited Pisces, we have seen acquisition of parental property due to aspect of the Sun and Venus. While transiting Aries sign, there was aspect of exalted Saturn (Karka of profession and exalted senior officers) on retrograde Mars (Karka of dispute) which being retrograde causes troubles. Mars is bitter enemy (opposition) of Saturn and here Saturn is aspecting enemy Mars (retrograde). This gave opposition from seniors or those in higher position.

The presence of the Moon in Sagittarius has a potential to give foreign journey as the Moon being a watery planet, Karka of foreign

journeys and possesses changeable nature. Rahu in Gemini is also like the Moon and becomes more so as the Moon aspects Rahu from Sagittarius (sign of travels).

Transit of Jupiter in Cancer:

Cancer is the exaltation sign of Jupiter and so good results will come by and this being the sign of the Moon (Karka of travel) it would keep the native abroad.

Transit of Jupiter in Leo:

It continues even during Jupiter's transit in a friendly sign Leo which is owned by the Sun, friend of the Moon. The native returns only when Jupiter crosses Leo.

Transit of Jupiter in Virgo:

When Jupiter contacts the Sun in Virgo, the native gets a higher job due to Sun's association with Venus who is the dispositor of exalted Saturn, the Karka of service.

Transit till Jupiter contacts Pisces:

During transit of Jupiter over Virgo sign it vitalizes exalted Saturn. The Sun is royal and Venus a planet of value. When Jupiter contacts the Sun in Virgo, the native will get higher job on return from his foreign travels. He will also get higher emoluments and will go on improving his status (as there is no opposition to transiting Jupiter after Virgo). It will not only sustain but will improve the situation due to friendly Moon and sign of Pisces coming by. Jupiter completes its 4th round at 48th year. This trend will continue up to 50th year in the 5th round till Jupiter reaches Pisces as there again, it gets aspect of Venus and the Sun.

Legal minded person:

The Native will be an expert legal minded person, with kind temperament and also gain much knowledge in another branch of studies, besides law.

Mercury indicating education is posited in Aquarius and Jupiter is placed in the next house along with the Sun and Ketu. Mercury Karka of education with Jupiter and the Sun in next house, gives expertise in legal field. Jupiter is the Karka of law and the Sun is a royal planet.

Jupiter with Ketu and the Sun will give royal, gentle and gracious temperament as Ketu is "Gyana" Karka and gains much of knowledge in another branch as denoted by Ketu (Ketu is posited next to Mercury).

Fame:

The native will earn fame as Jupiter is placed in its own sign with Ketu and the Sun.

Brothers:

The native will have brothers as Jupiter is having planets before and after. Besides, Mars is also not badly placed and will lend its support in this matter.

House – Conveyance – Earnings:

The native will own a house, have conveyance and will also earn well. The placement of Mars and Venus in the 2nd house to Saturn where Mars denotes property and Venus conveyance and earnings, the native will certainly own a house and vehicle and will also have good earnings.

The native will be responsible for settling quarrels:

Saturn is the Karka of service and all matters connected with service shall to be delineated through Saturn. Here Saturn is posited in Aries whose lord Mars signifies disputes and quarrels. Further, Saturn is conjunct with the Moon which indicates mind. Next to it is Venus which denotes justice and legal matters. Since Venus is friendly to Saturn and is well placed in the 2nd house, the native will be responsible for settling quarrels. At the same time, Venus being inimical to Mars, he will also be involved in quarrels. He will be no doubt rendering legal aid (Venus) in dispute (Mars). Further, as Mars is conjunct with Venus which is well placed in Taurus, its own house, he will earn well in all these quarrels and feuds he gets involved in his life.

Elopement of Wife:

While the native is busy, the Moon which is inimical to Saturn moves out. Saturn is debilitated and more inimical to Mars than

Moon. Saturn helps the Moon against Mars. The Moon having received aid from Saturn (in debility) moves out and elopes with Venus. Saturn over here is representing a low caste man (being debilitated) eloped with Venus (native's wife).

The whole story is simple. Venus and Mars are in Taurus and Venus is strong being its own sign. This combination of Venus and Mars produces a child. So wife produces her child first. Then the Moon sitting with a debilitated Saturn (representing Chandalas) favours the Moon as compared to Mars. The Moon is of course inimical to Saturn but Mars is a greater enemy of Saturn. Saturn does not want that the Moon should join bitter enemy Mars, so it bribes or gives help to the Moon to join Venus (a natural friend of Saturn). Thus Venus elopes with the Moon. Now Saturn in debilitation joins Venus in the next house.

One can give another interpretation as well. Venus and Mars being in conjunction, first they give the result into producing a child and then comes the results of planets as dispositor. Mars is dispositor of both Moon and Saturn (debilitated). As Mars being dispositor of the Moon is posited in the next house, the Moon can be treated as if it is placed in the next house.

Birth of child and then Elopement:

The native's wife would have given birth to a male child and then she goes away with chandalas in elopement. Question – when the Moon and Venus get conjunct in Taurus in a mother child relationship, what does Mars do? Would there be quarrels? The answer is that with Mars-Venus conjunction before the transit of the Moon in Taurus, the native's wife would have given birth to a male child and only then she would have eloped with Chandala.

Hard Times for the wife:

There are hard times for the native's wife. Venus transits Cancer in the 3rd year and Virgo in the 5th year after elopement (elopement takes place in Taurus sign). These are hard times for the native's wife as Venus conjoins with Rahu in Virgo.

To delineate married life, the movement of Venus may be marked (progress of Venus may be taken as one year for each sign). This elopement has come by when Venus was in Taurus. Birth of child takes place first. Since Mars is the dispositor of the Moon and debilitated Saturn, they produce effect in the place where Mars is posited i.e. Taurus. Saturn and Venus are friendly and so they joined hands and eloped. Therefore, Venus elopes with Saturn (Chandala) in Taurus and then Venus moves forward and progresses. In Cancer, Venus is not good being in an inimical sign and also in Virgo due to presence of Rahu (Karka of miseries). **Venus governs movement of married life and to unfold mystery and timing one has to study the progress of Venus taking into account one year for each sign. This is only done when event is evident. This applies for all Karakas.**

Wife comes back – Native happy:

The native will be happy as his wife comes back. It becomes possible when Jupiter transits Leo and the native will feel pleased and relieved, when his wife returns.

Longevity:

He will live up to a good old age of 72 years. The 6th round of Jupiter is from 60 – 72. Jupiter transits Leo sign whose lord Sun is

in the 8th from Leo having been placed in Pisces with Ketu. The 6th round of transit of Jupiter in Aquarius whose lord Saturn is debilitated and posited with enemy Moon. Saturn also being the lord of the 12th house from natal Jupiter will cause adverse effect on the longevity of the native.

Therefore, the 6th round of Jupiter becomes fatal. Jupiter's transit on natal Jupiter, of course promises happy life, but due to presence of Ketu, he dies.

Chart No. 3

CHILD CHART (C)

(The previous chart belongs to father and looking at that chart and considering the transits of Jupiter, the native must have got married when Jupiter transited over Venus at 26 years of age and child was born when Jupiter transited over Libra in the sign of Venus where Venus-Mars combination is there in Taurus i.e. at 31 years of age. By this time Saturn has come back to its natal position in Aries as indicated above. (Saturn is to be taken for a period of 2½ years approximately in each house and Saturn is in a sign for 30 years. Elopement could have taken place when transiting Jupiter was again in Taurus i.e. 38 years of age. Wife comes back when Jupiter transits Leo).

Nature

The native is good minded and satvic in nature.
As Jupiter has Saturn in 7th from its placement.

Eldest Born

He happens to be the eldest born (first born).
As Jupiter has no planet in the previous house and there is Ketu in Leo.

Father Livelihood

He will earn livelihood through machinery and judiciary (settlement of quarrels between the employee and employer).
The child's father Sun in his movement forward meets Mars. Rahu in Aquarius and then again Saturn, Moon in Aries, he earns his livelihood through machinery and judiciary (settlement of quarrels between employee and employed owning machinery).

(Sun in his movement forward meets Mars (machinery) and Rahu and then again Saturn (Karka of service) in Aries represents employee and employer owning machinery. Saturn in Aries sign of Mars represents so. Besides, Saturn is employee and in Aries sign of Mars represents employment connected with quarrels and Moon (Saturn and Moon in Aries, so settlement of quarrels i.e. judiciary). Here Mars and Saturn have exchanged places as well.

Elopement of Mother

Saturn is placed in Aries in debilitation and this gives Saturn a worst place. Here Saturn is having a destructive mind and Asura's qualities are at highest pitch. This is all the more so, because of

exchange with Mars, the commander in chief of the Devic group. Thus under such circumstances, Saturn is worst and whenever there is exchange involved with Saturn in Aries, such happenings will be there. Mars is not interested in Moon as he himself is in problem being in the house of Saturn, one from Asuric group. Thus as Moon meets Saturn, it gets Daitya Amsa and further as Mars moves forward, Moon gets frightened and clings more to Saturn, it is only when it meets Saturn which is debilitated duly conjoined with Moon and connected with Mars, the elopement occurs. In first case, Saturn (debilitated) with Moon with Mars in 2nd house along with Venus gave elopement of wife as Moon was next to Jupiter. In second case, Saturn (debilitated) with Moon and Saturn having exchange with Mars (conjunct with Rahu in Aquarius), gave elopement of mother as Jupiter was in 7th to Moon (mother). The exchange of Saturn and Mars in the other cases with association of Moon may not give elopement. This is when Saturn is in Pisces a spiritual sign and having exchange with Jupiter assumes Ishwaramsa. This would be taken later but need to look at all aspects.

Mother elopes with a chandala.

Now as regards mother (Moon) as there is Saturn conjunction, it first contacts the debilitated Saturn, the Chandala. Next as Saturn and Mars have exchanged places, Moon also gets Daityamsa (demons quality represented by Mars conjunct Rahu) and this explains the story of Mother as explained in details in the beginning while analysing the chart-2 of native's father.

Father and Son Relationship

Relationship between father and child is not very happy.

Between Jupiter (the child in question) and Sun (father) there is Venus in the middle in the child's horoscope. Hence this relationship

between father and child is not happy (Jupiter and Venus are enemies).

Chart No. 4

The Question

Are we to take it that in every case when Moon is conjunct with a malefic and there is a Parivarthan (exchange) of that planet with another, there is likely to be a bad history behind the mother?

Above is a typical chart

Moon is conjunct with Saturn (Ishwaramsa) and Sun conjunct Venus. When Jupiter who exchanged places with Saturn, moves to Pisces in his first round, he will conjunct both Moon and Saturn. This transit indicates phlegmatic and windy troubles for the mother (Moon) as well as the native (Jupiter). So we cannot have the same results always. *The particular place of conjunction, the planets involved and other influences based on Karakatwas have to be taken into account and judgement is made accordingly. One must be extremely careful in arriving at a conclusion by following an integral approach.*

(It is a fact that whenever there is contact between Venus and Mars with Saturn being in debilitation along with Moon in previous house to Mars and Venus, there will be elopement or a likely activity of wife. Obviously, Saturn being in the house of Mars is debilitated and by contact with Moon, converts Moon into Daitya Prakarti i.e. Daityamsa. Saturn in Pisces assumes Ishwaramsa and so not mean.)

Phlegmatic troubles because of Moon and windy because of Saturn. Again Moon is Karka of mother and Jupiter for the native.

Blemish on wife and wife Duped

There is a blemish on Venus and native's wife being duped and had relations with another person other than the husband.

Venus representing the native's partner is conjunct Jupiter who has exchange of places with Moon in Sagittarius.

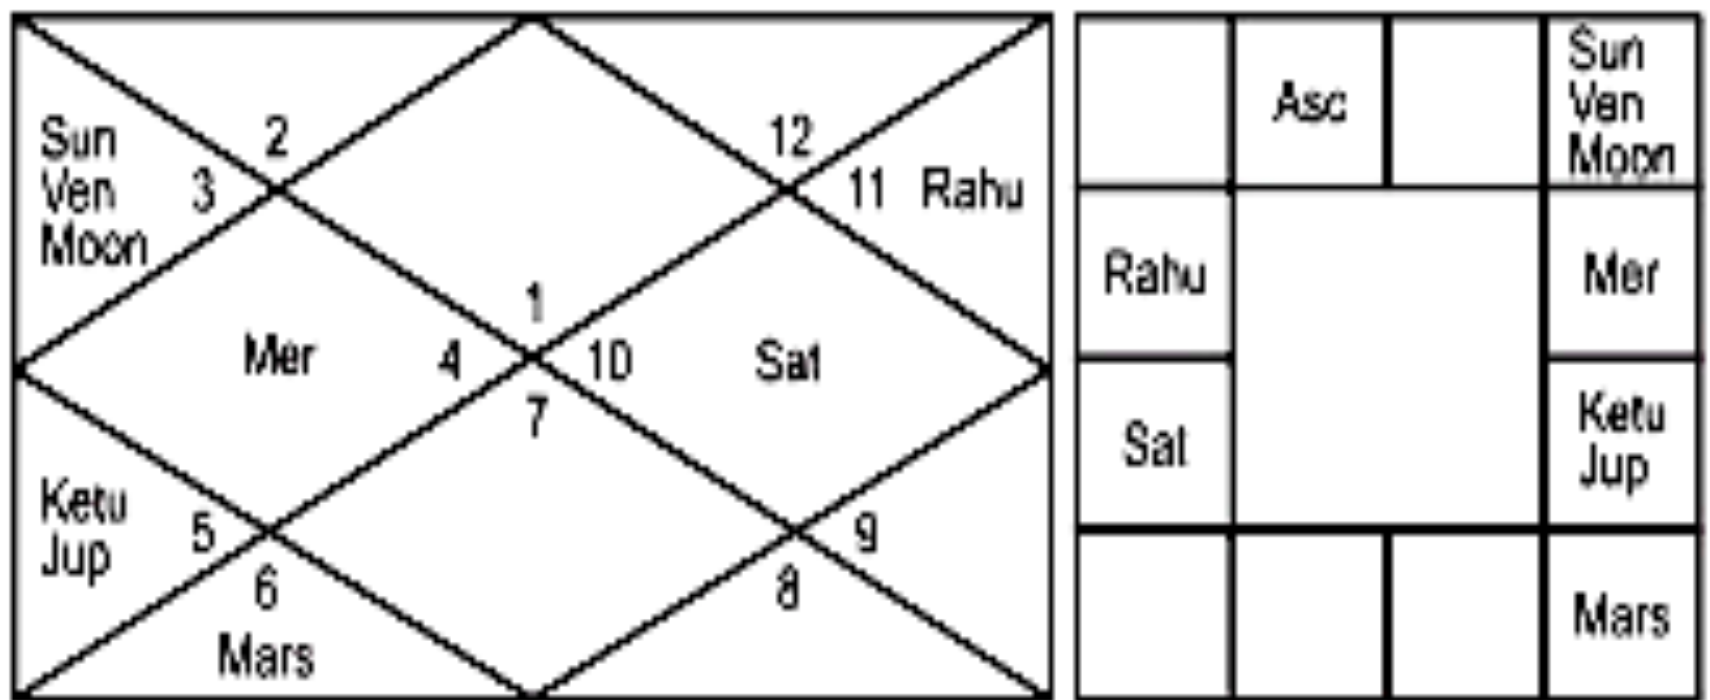

(Moon is a *planet of emotions and changeable* and being in *Sagittarius* is indicated to be *fiery* in character. Venus is already in Moon's sign which is inimical and also with exalted Jupiter which is again inimical. This placement of Venus in emotional sign with enemy Jupiter in exaltation, makes the wife highly emotional and gives relations with another person other than her own husband. The exchange of Jupiter with Moon in Sagittarius places Moon in Cancer in its own sign and makes Venus highly emotional and unstable and wife (Venus) is duped. Moon is also a Karka for duping. Venus becomes blemish because of association with Jupiter exalted and bitterest enemy. This also gives relations with another person other than husband. (The exchange between Jupiter and Moon and placing Moon in conjunction with Venus in Cancer induces an unstable and highly emotional character and caused relationships due to the unstable emotional nature and getting deceived/duped as explained).

High post in water supply engineering department

He will hold a high post in water supply engineering department.
 The Sun and Saturn combination means government and Mercury exalted in Virgo aspected by Mars in Pisces indicates mastery of engineering and so will hold a high post in water supply engineering department.

(Saturn is Karka of service and its placement with Sun indicates government and more so its placement in Leo, owned by Sun.)
 Saturn having place in government is having Mercury exalted in next sign to Leo. Sun in Leo ofcourse indicates high government post for Saturn. Now Mercury is also exalted (mastery and expertise) and aspected by Mars (engineering) from Pisces (watery sign). Thus it indicates that native holds a high post in water supply.

Chart No.6

Brothers and Sisters:

Native will have many brothers and sisters but very few will live long.
 (Jupiter having planets ahead and behind but most of them are either in inimical places or with inimical forces combined).

Father Occupations:

Native's father will be a trader in many things.

Sun the Karka for father in Gemini with Venus in conjunction and Mercury is in 2nd house to Sun.

Native – Intelligent, medium education:

Native is an intelligent one (Mercury having Jupiter and Ketu in the 2nd house).

But will have only medium education (Mercury the Karka of education aspected by Saturn)

Previous Birth:

Native in previous birth was born when Jupiter was in Cancer (house behind the one occupied in present birth). It is occupied by Mercury. He was a trader in the previous birth and had all wealth, houses and conveyances. One day he visited the temple of Raj Rajeshwari in his town. He witnessed a young girl (Moon just coming out of conjunction with Sun) at the door way with a smile on her face. He was so much attracted towards her that he seduced her. The Goddess was infuriated and gave the native a blow on his back (Jupiter midway between Mercury and Mars) and cursed him to have a dark mark on his back and live a miserable life in the next birth. So, in this life native is plodding on with a little income and a perturbed mind and he will go on changing profession.

The father of the native:

Seducing a woman in a temple on being induced by a friend.

This is an important interpretation. Sun the Karka of father is in Gemini with inimical planet Venus and full of lust. Sun in Gemini

is also in a sign of enemy. Now such a lusty father moves in the next house in Cancer, the sign of emotions. Mercury a friend is there. In Cancer Sun is aspected by Saturn a Tamoguni which spoils his intelligence and makes him Tamoguna. Mercury though enemy but acts as a friend. Now they move in to Leo and contact Jupiter and Ketu. (Jupiter and Ketu conjunction indicates deity Subramanyam i.e. temple of Palani). The Moon in sign Cancer is highly emotional lady with lusty Sun (father of native) and induced by friend Mercury is the emerging scenario. As Moon moves in to Leo, Sun also moves there and Sun (father of native) seduces Moon (girls) when visiting Palani temple.

Further explanations:

This is very important aspect dealing with father attitude. Sun moves 30° in one month so it moves 1° in one day, while Moon moves 13° in a day and moves faster. By the time Sun moves in Cancer, Moon reaches in Leo. Thus there is exchange between Moon and Sun. This needs to be noted as an important principle.

Moon contacts Jupiter placed there at birth. Combination of Jupiter and Ketu denotes deity Subramanyam. Moon (the girl passing through Cancer and contacting Saturn becomes Tomoguni) reaches Leo the temple of deity Subramanyam (Palani) and Sun established contact with such a Moon by exchange. Sun also becomes when in Cancer Tomoguni because of the aspect of Saturn. Thus it means Sun induces Moon with the help of a friend (Mercury) which joins Sun in Cancer. See, here also the Moon gets Tomoguni by Saturn and comes in contact with Sun due to exchange, causing seduction, a Tomoguni act. As a result of this, Sun, the father in the next birth will be born (Cancer next sign of Sun's natal place indicates next birth where it is having aspect of Saturn low caste and full of troubles) in a low caste family and undergo trials and tribulations in life.

Profession of the native:

He deals with drinks and dresses and will have business in various places.

Saturn contacts Rahu first, next Venus and then the Moon who exchanges places with Mercury (Venus – dresses or things of beautification, Moon drinks and Venus conjunction means sweet drinks. Exchange in place with Mercury indicates business).

He also deals in conveyances for same things as an employee in that concern.

(As Jupiter is placed alongwith Ketu with Mars in the next house. Ketu means employee and Mars indicates conveyance)

Wife Disease ridden

The wife of the native will be disease ridden; will get a bad name and have financial losses.

(Venus with enemies Moon and Sun. Venus with Moon give bad name and Venus as Karka of finances indicate loss. As Venus is with enemies so disease and bed ridden).

Elder brother passed away early in life

Mars in Taurus aspecting its own sign Scorpio gave birth to a brother earlier than the birth of the native as Scorpio is before Aquarius. Mars in Taurus is in inimical sign and so weak and made vulnerable by Rahu who moves retrograde and destroys Mars, the elder brother.

Venus is having enemy, Sun in debilitation and in conjunction.

Mother will suffer ill health

When Saturn transit Libra (Sun dispositor of Moon Karka of mother, is transited by Saturn, the effect of malefic transit is transmitted by Sun to the planet dispositor in its sign i.e. Moon. Sun is debilitated in Libra and with enemies. The mother does not die as Moon is aspected by Jupiter and Moon in Royal sign).

Native is a brave man. Rahu and Mars positions indicate so.

Beautiful Native

He is beautiful by looks. Jupiter in Taurus house of Venus indicates this.

He will get riches through wife. As Mars is aspected by Venus (Mars in 2nd house to Jupiter aspected by Dhana Karka Venus)

Brothers – Younger

Native will have two brothers younger to him. As Jupiter transits Mars first and Saturn next.

First Brother Sanyasi

The first brother (Mars) will adopt sanyas. The first brother (Mars) has Rahu and Jupiter behind and Saturn next in 4th and Ketu in 6th. (Mars representing Lagna for the brother, Jupiter and Rahu in 12th the place of bed comforts. Jupiter and Rahu don't allow it. Saturn in 4th house is not good and Ketu in 6th gives renunciation).

The native committed sins (Daivadroha) in the previous birth and in order to obdurate suffering he should perform 48 Somavara vratam. As result of these, he will achieve fame in government sphere and be free from ill health. He will live a happy life with two children and his wife. He will have money, conveyances and house and spend a harmonious life.

For previous life Jupiter comes to sign Aries with Rahu in 2nd, Mars in 3rd and Saturn in 6th place. Mars in 3rd in Gemini is not good. Thus this position indicates a lot of sins in the previous birth. Moon is just behind Jupiter and ready to join whereas Venus in sign of Jupiter gives number of women. This Moon in the house of Saturn is weak and especially with Mercury. So Somavara (Monday) Vrata prescribed. If Moon becomes strong along with Sun once they move up in Pisces they will get aspect of Saturn and so fame and government service and all that mentioned will happen.

Profession

He will be a money lender and dealer in jewellery.

Saturn first contacts Venus and then Mercury and thereafter cojoins with the Sun, Mars and Rahu. (Venus and Mercury combination indicates money lender as Venus (money) and Mercury (communication & business). Thus business and communication of money means money lending and dealing in jewellery. This is because Saturn contacts Sun (Gold), Mars (manufacturing). Mercury normally indicates business on commission basis.

Parental property - legacy

Native will acquire parental property (legacy). Venus has Sun and Mars next to him (Sun's conjunction with Mars denotes parental house. Here Mars and Venus have exchanged places and so, Venus goes in Taurus and represents property. Thus position of Sun gives parental property to Jupiter).

Quarrels

Mercury is lord of natural zodiac Virgo i.e. 6th sign and 6th sign represents disputes and quarrels. Mercury being in the sign of Mars (enemy) is not good and may give troubles as Mars is ahead of Mercury. Mercury is Karka of commission (lending as 6th sign which also represents borrowing and lending). Thus in 3rd round, Jupiter will be in Virgo sign and exciting Mercury and in 4th round will have opposition of Mercury. In 3rd round around 34 years of age when transiting over Mercury and in the 4th round of Jupiter again when transiting over Mercury i.e. 44th year there will be troubles and quarrels on account of money lending business.

The conjunction of Mars, Rahu and Sun. (Taurus is sign of beauty and all planets fighting there and malefic so it will affects beauty).

Chart No.10

The native being widow in the previous birth:

Jupiter in previous birth would be located in Libra. The Jupiter in Libra exchanges place with Venus in Sagittarius. Both are placed in inimical sign and so nothing good was expected. Now examine this Venus as located in this form and then consider Jupiter as its dispositor of Venus. Venus is having Rahu in next house of Saturn and so Tamsi of Venus in Sagittarius is not good; Rahu is about to pounce upon Venus. This indicates native being a widow in the previous birth, (Rahu would not have pounced upon Venus if it was in a friendly sign). Due to having exchange with Jupiter, Venus causes a subtle effect on Libra. Thus Venus before transiting Libra, will contact Moon at this point (i.e. Libra) and so this widow should be a relation of the mother of the native. She would be beautiful as Venus would be in its own sign Libra where it produces a subtle effect.

Past Karma result explained

Here Rahu is about to pounce upon Venus. Jupiter is placed in Libra. There it exchanged places with Venus and so originally Venus was in Libra. Venus as indicated above is a widow. Venus before transiting Libra will contact Moon at same point and so that widow is relation of mother of the native. She will be beautiful to look at (Venus in Libra). The native will have illicit relations with that widow girl (Jupiter in enemy house and Venus due to exchange produces subtle energy at Libra and Jupiter and Venus are together. This indicates that native will have illicit relations with widow girl and cause the birth of a child (Venus associated Moon and in fact both Venus and Moon stand in relationship of mother and child). He will therefore, bring some poison. Jupiter moves forward and meets Saturn dispositor of Rahu (poison). Venus meets Saturn

(dispositor of Rahu – (poison) and so the native gives poison to destroy pregnancy. Venus representing her meets his enemies.

Sun and Jupiter in the next house to Libra and so would become very weak and the result was that widow dies (Venus comes to Sagittarius and now influenced by Rahu) as a result of poisoning. By committing this offence, the native had to undergo living in (Narak) and got this birth thereafter.

He will have good education

(Mercury with Jupiter and Sun with Venus in next gives good education) owned *landed property* (Mercury exchanged houses with Mars) *and money* (Venus in 2nd to Saturn).

Native characteristics

Native is capable of winning over every one being very pleasant while talking, and is having easy and unoffending nature. The 2nd house to Jupiter occupied by Mercury and Venus with Jupiter.

Education

Native will have good education. (Mercury with Venus in the 12th house from it)

Sex Relations

He will have sex relations with other women. (Jupiter in conjunction with Venus and Mercury).

Profession

The native will take up wood sawing as his profession.

Saturn contacts Rahu first, Mars next (Rahu and Mars indicate dry wood) and then Sun Venus conjunction with Mercury next indicate a clear way of giving new shape to dry forest wood purchased.

Government officers Relations

He will have beneficent relations with high government officers. Sun Venus conjunction. And get help from them. Jupiter exaltation.

Previous Birth (Rule – Jupiter to be considered in previous house)

Jupiter in Gemini with Mars shows ambitions of high order. Mars in Gemini aspected by Saturn and Rahu in 12th (bed comforts). Rahu in 12th and Mars in inimical sign with aspect of an enemy Saturn indicate that he would have lot of immoral acts on account of his endless ambitions. He would have also committed robberies (Mars in Gemini with aspect of Saturn) and duped many including

high government officers (2nd house to Jupiter source and nature of money). Sun and Venus indicate high government officers and Venus stands for money. This combination in sign of Moon and Venus being an enemy indicate duping and cheating.

So the effect of all this is that there will be delay in having his own house in this life (Mars in inimical sign), loss of father at an early age (Sun with enemy Venus along with Jupiter) enmity with relations, (Mercury in Leo whose lord Sun in 12th), trials and troubles to wife (Venus with Sun and Jupiter in Cancer) and his mother (as planets fighting in Cancer the sign of mother).

Principles explained in brief.

His previous birth is indicated by Gemini in Jupiter. Mars is in Gemini and aspected by Saturn in the seventh from there and Rahu is in 12th. He would have done a lot of immoral acts on account of his endless ambitions. He would also have done robberies and duped many including high government officers (2nd to Jupiter are Venus and Sun in Cancer the sign of duping with Mars in 12th and Saturn in 6th). So effect of it all is that there will be delay in having his own house in this life, loss of father at an early age (Sun with Venus enemy) enmity with relations (Jupiter with inimical Venus and Mercury next), trials and troubles with wife (Venus in inimical sign with enemy Jupiter) and his mother suffers.

Japa of Narayana Mantra completed with Homa (offering to fire) and charity to Brahmins, will bring relief. His son will be a learned scholar and will help his parent in old age and earn plenty of money.

(Sun one brother and Venus with Ketu means three sisters).

Education

Medium education

Jupiter contacts his enemies Mercury, Venus and Ketu around his 12 years.

Parental Property

Native will gain parental property including lands.

(The Sun is in the house of Mars and with Venus in the next house and Venus and Jupiter exchanged places. In a way, the Sun is in the Mars sign with Venus in next house along with Jupiter due to exchange).

Mercury conjunction with Ketu and Jupiter exchanging places with Venus and getting contacted with Ketu or Jupiter had Sun and Ketu in the next house.

House

He will purchase a built house.

(Mars is in its exaltation sign of Jupiter)

Court cases

He will involve himself in court matters.

Jupiter contacts Sun and then Venus (Sun and Venus indicate court) situated along with Mercury. In fact, due to subtle placement of Jupiter in Sagittarius, it will be having influence of Venus inimical along with Mercury (friend) with Sun in the 12th (indicating government). Jupiter, as it progresses, comes across Sun in the sign of Mars (quarrels with government) and then Venus (judicial) placed next in inimical sign. All this with Mercury (friend of Venus) and inimical to Jupiter.

Selling away House

Native sells away his house for meeting expenses of legal matters in which he is involved.

Mars debilitated in Cancer indicate loss of house. Mars Karka of house contacts Jupiter in sign Venus placed behind Sun, so legacy. Mars contacts the Sun in the sign of Mars and then Venus and Mercury in Sagittarius and all are inimical to Mars, so (Mars) house

is disposed of for legal cases mainly due to Venus which is inimical to Mars.

Longevity

Lives up to his middle age of 50 – 60 years.

(Jupiter transits in sign Aquarius where its lord Saturn is debilitated. After transiting in Aries at 50 years, Jupiter then gets in touch with Rahu which has Mars ahead of it).

Chart No.13

Native Birth:

Native was born to a cultivator.

Jupiter, the life propeller is in the house of Mars and Ketu occupies the 2nd house.

Therefore, the Sun in the sign of Jupiter and Jupiter itself is in the sign of Mars with Ketu to its 2nd indicates that father was a cultivator. In fact, Jupiter behaves like Sun being his dispositor.

Follow great people:

Native will follow some great people.

As Mars transit Jupiter first.

Win Over enemies:

He will win over all enemies.

(Jupiter having Ketu to its next sign which indicates enemies and as next sign belongs to Jupiter, so he will win over enemies).

Brothers and Sisters:

His brothers and sisters will have some troubles to face in life.

Mars and the Moon are next to Rahu. (Mars and Moon are crushed by Rahu and so troubles is to be faced in life).

Father:

Native father will have some enemies.

The Sun has Saturn and Venus in the next houses, which will give him (father) power and he will win over his enemies.

Sun's transit in that house (Aries) has given the native some power (as Sun is in its exaltation sign) to win over his enemies.

Father Pilgrimage:

As Ketu is behind Sun in Sagittarius, the father will complete pilgrimage. The reason is that Sagittarius is sign of pilgrimage and Ketu in it indicates pilgrimage. Sun has crossed and transited this sign which means father will complete pilgrimage as Sun comes in Pisces sign indicating *mokshas* and so end of terrestrial life.

Mother of the native will have some troubles in her life:

The Moon is in Cancer with Mars and Rahu is behind. The intention is probably that the Moon has passed over Rahu and the Moon being Karka of mother indicates mother has passed trouble. After crossing Rahu, the Moon comes with Mars again indicating trouble; It was indicated that Rahu being situated behind so troubles for them.

Native

Native will take up agriculture and trading. He will also own some conveyance and live a happy life up to a good old age of seventy. Saturn in the sign of Mars, Aries with Mercury and so trading and agriculture. Next is Rahu in Gemini and after that Mars along with Moon in Cancer which indicate agriculture. Mars also indicates conveyance. Jupiter transit in the 6th place i.e. Aries whose lord Mars is debilitated with Rahu behind it. The 6th round means Jupiter transiting over Venus, Saturn and Mercury and so happy. Seventy means that in the 6th round transit over Aquarius whose lord Saturn is debilitated with friend Mercury and Venus and therefore happy ending.

Grand father of the native had money and landed property

Rahu is the Karka of grand father. Rahu is always in retrogression motion and so tries to contact Mercury and Venus in previous house indicating the result.

Chart No.14

Education

Native will have broken education.

Mercury the giver of education is in its enemy's camp. Meets Rahu in 2nd house from there and also Mars in the 3rd house.

Property parental

Native to come in possession of parental landed property.

Jupiter being placed in Capricorn along with exalted Mars indicates this effect (Sun is in the sign of Mars. The Sun Karka of father and Mars gets connected or Mars becomes dispositor of the Sun, so he will acquire parental property).

Profession

Native will fare well in agriculture and cattle trading.

Saturn contacts Mars in sign of Capricorn (agriculture) and also Jupiter which indicates cattle breeding. Jupiter is life giver and being with exalted Mars indicates expansion of progeny and so cattle breeding).

Grand Father

Grand father of the native had money and landed property.

Mercury and Venus in the house adjoining to Rahu's position (Rahu Karka for grand father).

Parent property to native

Parent inherited the rom their father property and passed on to the native.

Sun's conjunction with Mercury and Venus indicate that parent have inherited the property and passed on to the native.

And his sister (father sister) being left without children, he comes to possess that property.

With respect to the Sun, Venus becomes sister and also Venus is behind Jupiter which comes to Sagittarius due to exchange. Saturn becomes the property of sister. Venus having Rahu ahead in sign of Jupiter does not give children to Venus. Saturn also produces hindrances. Now as Saturn and Jupiter have exchanged places,

Jupiter comes to possess Saturn, the property of Venus, i.e. the sister of father.

Father lost all the property on account of his quarrelsome nature.
 (Sun Karka of father is in sign of Mars Scorpio which gives a quarrelsome nature, but position of the Sun is strong being in the friendly sign Mars. The Sun is not only inimical to Mercury and Venus but also the sign is not friendly to Mercury and Venus. So it indicates that Scorpio and Sun are inimical to property (Venus and Mercury) and thus this result.

Longevity

Native will live up to a good old age of 60 -65 years.
 (60 – 65 means 6th round of Jupiter transit in Gemini as Ascendant over Ketu). Therefrom the lord of Gemini (Ascendant) Mercury is in 6th and in inimical sign with enemy Sun. So in the 6th round, Jupiter transiting on natal Jupiter in Capricorn who is the lord of sign in 12th sign from Capricorn with Rahu is most appropriate. Thus the period from 60th year when Jupiter transit on natal Jupiter and up to when it contact Ketu in Gemini i.e. 60 – 65, it will be bad for longevity of the native.

Chart No.15

Profession*Position in a financial Concern*

Saturn has Venus in the 2nd house to his own position.

Government job in a financial Concern

Saturn next touches the Sun and Mercury in the 4th house (4th from Saturn indicates place of work) and this being the Sun (government) and Mercury (concern or organization) in the sign of exaltation of Venus (financial)

Foreign travels*The native will have foreign travels on 3 occasions. The Moon is in exaltation with Ketu in the next house.*

The Moon is Karka of movements and Ketu is Karka for foreign. Normally, Ketu by statistical research indicates 3 times. However, it could be that foreign journeys are caused by signs Taurus (Moon exalted), Gemini (Ketu) and Cancer (Moon's sign)

Fruitful foreign journey*Out of 3 foreign journeys, only 2 will be fruitful.*

(The journey caused by exalted Moon, Ketu in Gemini will be fruitful while one caused by Cancer sign having debilitated Mars may not be fruitful).

Divine interest*The native is deeply interested and in love for divine*

(Jupiter is having Saturn next in Sagittarius and also Jupiter is occupying the house of exaltation of Saturn. However, the most appealing is that next to Jupiter is Saturn in Sagittarius which has the aspect of Ketu from 7th).

Large family*He may have large family of 9 children.*

Longevity

Live up to a good old age of 80-83 years and perform pilgrimage in the 7th round of Jupiter i.e. in 84 years of age. Here, Jupiter contacts sign Aries, the lord of which is debilitated and aspected by bitterest enemy Venus. He may die any time when Jupiter transit over Ketu in Gemini in inimical sign and up to Leo, the lord of which is located in 8th in Pisces. Jupiter before transiting in Gemini, it transits Pisces (godly sign) where the Sun is placed and aspected by natal Jupiter. Pisces is godly and watery sign and the Sun is Karka of Atma. This also indicates pilgrimage before the end of life.

Chart No.16

Native is an administrative man helpful to others.

(Jupiter having the aspect of Mars from Scorpio and Venus Sun Mercury in continuation are placed next to Jupiter.)

Father

Native's father is a commercial minded person:

(As the Sun has Mercury in Leo, which is in the second house to the Sun in Cancer.)

Brothers and sisters

Native will have 5 or 6 brothers and sisters

Mars is in its own house Scorpio, with Jupiter in the 7th, Venus in the 8th and Mercury and Rahu in the 10th.

(It appears planet with reference to Mars the Karka of brother gives clue to co-borns. Here Mars is in its own house with Jupiter in 7th. Next to Jupiter is Venus i.e. Venus in 8th to Mars and then in 10th to Mars are Rahu and Mercury. Thus there are planets in 7th, 8th and 10th from Mars).

Employment

He will be employed in a rich concern.

As Saturn has Mercury in the 7th. Mercury depicting the concern is in Leo, a Royal sign.

Name and fame

He will earn name and fame in his 34-35 years of age.

Transit of Jupiter is over Saturn in Aquarius with aspect of Mercury from royal sign Leo. After this, it will transit in Pisces in the exaltation sign of Venus placed in Gemini.

Financial gains

He will then have financial gains

(As discussed above, the transit of Jupiter over Pisces the sign of exaltation of Venus giving financial gains and Pisces also is the sign of Jupiter.)

Income from landed property

2-3 years later, income from landed property is indicated.

(2-3 years later, Jupiter will be transiting in Taurus the sign of finances. It will be transiting over natal Jupiter with aspect of Mars (landed property) from Scorpio. Thus this result).

Issues and children status

2 of his children will be good and earn great name and fame.

With Venus and the Sun following Jupiter position shows that Venus and Sun are 2 children and both of them ahead (following) of Jupiter indicate that Jupiter will be joining them and so this good results.

Children settle down abroad

It is likely that one of the children will settle down in a foreign country.

With Mercury and Rahu following Sun.

(Sun is one of the children as mentioned above. Sun in Cancer indicates sign of movements and ahead of it Rahu also indicates settlement in foreign country. Thus Sun behind Rahu and Mercury indicates that one of his children will settle down in foreign country. Leo is a fixed sign).

Unhappy 1st marriage

Jupiter in the 12th to Venus indicates unhappy 1st marriage. Venus is lord of Taurus and as such has passed over Jupiter in inimical sign indicating unhappy 1st marriage. Venus in common sign may give two marriages. As Venus progress further, it has friend Mercury and Rahu indicating happiness thereafter.

Children Settled

By about 75, he will have all his children married and settled in life.

(By this time, Jupiter would be transiting in the sign of Mars Scorpio in its 7th round).

They will all be rich and happy

(Mars, Jupiter, Venus and Mercury are all well placed.)

Longevity

Native live up to 80-81 years of age

7th round of Jupiter will be contacting in Scorpio where Mars is located and aspected by Jupiter. This is strongest position of Mars. The only reason that can be forwarded is that Mars has been weakened by having Mercury (bitter enemy) on one side and Saturn *on the other at equidistance*. Besides, Mars is outside Rahu-Ketu axis and thus Jupiter and Mars are separated. However, this has to be ascertained. 80-81 means Jupiters transit over Saturn and Ketu or Capricorn with the influence of Ketu's retrograde position and this is more likely.

Chart No.17

Settlement not specific

Native will have no specific settlement in life and will change his profession frequently.

There are no planets in the adjoining houses to the house occupied by Saturn. On the whole it is a miserable life.

As Venus is in conjunction with the Sun and Jupiter who are enemies to Venus and the Moon is in 12th to the position of Venus. (Venus is Karka of happiness, comforts and luxury. The position of Venus is spoiled being with enemies Jupiter and the Sun. Besides, Moon an enemy of Venus may join Venus from its 12th position and this will further spoil Venus)

Chart No.18

Father's profession:

Native father will make livelihood in a Vedic educational service. This will happen due to combination of the the Sun and Mercury in Taurus and parallelly Venus is placed in Cancer. (Sun Karka for father with Mercury Karka of education is in Taurus sign which is also Karka of education. Venus in Cancer represents educational institution).

Native will own lands and houses:

(Cancer sign in zodiac stands for house and land and Venus is posited over here and there Venus being with Sun behind it indicates so).

Profession of native:

Native will live by earning from propitiations to the divine and doing holy actions and living an austere life.

As Saturn is followed by the Sun, Mercury placed in adjoining houses to Cancer where Venus is placed with Jupiter and Ketu in 7th to Saturn. (Saturn the Karka of service aspected by Jupiter and Ketu is responsible for such a profession). The placement of Sun and Mercury next to Saturn and Venus in Cancer along with aspect of Saturn on Jupiter and Ketu clearly describes his profession.

He will have children:

One daughter will have many troubles in her life

(Venus is the house of Moon enemy.)

His children will be in medical profession or dedicate their life to Vedic culture

Chart No.19

Ambitions of the native mounting to skies

As Jupiter is placed in Scorpio, the native will have high ambitions mounting to skies

Native will have trouble in his 5th year

As Rahu's placed in 5th house to Jupiter

He will become a rich man

(As Saturn is placed in the 7th house to natal Jupiter and in sign of Venus).

Troubles will arise in 6th, 11th, 29th, 33rd and 37th years and then again in 69th to 70th years

(In the 6th year, Jupiter will be in Aries sign which is 8th from Jupiter and will get surrounded by malefic planets Saturn and Rahu. In the 11th year, it will be transiting in Virgo sign over Ketu which is an inimical sign. In the second round of Jupiter, the deciding factor will be taken from the next sign Sagittarius, which is the own sign of Jupiter and without any malefic aspects. In the 3rd round, it will be in an enemy sign Capricorn with the aspects of Ketu an enemy of Jupiter. In this round, Jupiter will be transiting Pisces over Rahu at 29th year and in sign Leo in 32-33, where enemies are there and dispositor in 12th or over the Sun aspected by Rahu. In 37-38 year again in its own sign and with its dispositor in 12th. In 5th round Jupiter will be in Pisces at Rahu. Now considering the 5th round i.e. 60 to 72, *again in Cancer over Sun, with aspect of Rahu and Saturn*, and then in 71st when transiting over Ketu).

He will have Yoga (good days) from 30-31 and reach heights at the age of 42-43.

Jupiter in 3rd round comes under the aspect of Sun i.e. 24-30. In the 4th round comes under the aspect of Mars in Leo. In the case the dispositor is in 5th. In his 30th year comes in contact with Saturn which is Yoga Karka from Jupiter and transit in Jupiter at 31st friendly sign and so on and in 42-43 comes in contact with Saturn, again a Yoga Karka from Jupiter. As it comes in contact under it is aspected by Jupiter.

Trial and disappointment in educational career

(As Jupiter transit over Mercury which is in conjunction with Mars his enemy and so he will face trial and disappointment in educational career (Mercury is Karka of education)).

Native will be well versed in 3 languages

With Ketu in Virgo (owned by Mercury Karka of education) the native will be well versed in 3 languages. (Ketu gives the results of planets whose sign it occupies and so the result as Virgo happens to be the exaltation sign of Mercury).

Native will have profit through his father's gain

With Sun and Mercury following Saturn. (Saturn as Karka of profession contacts Sun (aspected by Jupiter) first. This Sun has got Venus in 2nd sign to Sun and friendly planet Mercury Karka of business. Sun is dispositor of Venus and Mercury, and Mercury in 2nd to Sun associated with Venus. This Sun is aspected by Jupiter then Saturn with Sun having Mercury and Venus in 2nd in sign of Sun indicates gains to father and gains to self from it because of aspect of Jupiter).

Troubles he will have through 2 persons in gaining the parental property and may have to go to court of law.

In second house to Sun the finances of father there are 3 planets Venus and Mercury with bitterest enemy Mars. Thus Mars fights

with 2 Mercury and Venus and so a dispute is indicated. Venus and Mercury in the sign of Sun indicate court of law.

Much gains after 57 upto 63

In the 5th round i.e. 48 to 60, Jupiter has Rahu in 5th sign in Pisces belonging to Jupiter. In 5th round good results of Pisces will be there besides others troubles because of Rahu.

Children troubles between 69-70 years

From 61-72 Jupiter will be in 6th round in Aries sign surrounded by malefic Saturn and Rahu and so normally not good. In this round there may be enemies and other troubles and worries. In 63-64 years Jupiter will be transiting in Leo where Mars is with enemies Venus and Mercury. Mars, Venus and Mercury represent children and so troubles from own children. Besides the dispositor Sun is in 12th and so also bad results.

Good functions performed of marriage etc between 68-71

In 6th round transit of Gemini sign Cancer and Leo and Virgo. Lord of Gemini with Venus (Karka for functions). Sun is friendly and then transit over Venus Karka for functions and value placed in Leo royal sign. Transit over Ketu will be also good and so the results.

The question arises as to what will be the result of Sun being between Saturn and Mars. Now Saturn is in house of finance (2nd Taurus sign) and having Mars in next house causes problem to Saturn in Taurus thereby causing problem and suffering. Saturn and Mars are inimical. The problems and suffering may be because of money. Now Mars a planet of activity and work sitting in Leo (a great friend) with Sun behind mental power. Leo land in Sun.

Vaginal trouble for wife and he will suffer on account of ailments at his 69-70 years of age.

Venus in Leo and Ketu in Virgo indicate some vaginal troubles for

the wife. (Venus is very weak in Leo and contact Ketu in Virgo sign of vagina. It is because of this Venus suffers when contacting Ketu. Jupiter will be transiting over Ketu 69-70 years of age.

Have one daughter and 2 sons and they will take up their own profession

The daughter to will have vaginal trouble.

(Venus can be Karka of daughter and probably the presence of Ketu in next house may be the cause).

His daughter and one son will earn well and bring him name and fame at his 69-70 years.

(Venus being Karka for daughter placed in royal sign Leo and Ketu in next sign should do good. The same applies to Mars who could be a Karka of boy. Jupiter in 6th round will transit on Mars and Venus which may be 63-64 years of age. In 6th round Jupiter will transit in Aries with its dispositor in 5th i.e. Mars. The years mentioned are rough, rotating Jupiter from the Asc. Jupiter, depending on the round. Superimpose the actual transit for accuracy. There could be errors in the counting but planets on which they transit or are in opposition, give the clue to you. Please note this.

Live up to 76th year and will visit holy places before that

(76th year mean 7th round of Jupiter when Jupiter will be in Taurus whose lord Venus is in enemy's house with enemy Mars and Sun before it. Mercury is weak being in 12th sign to Virgo. In 6th round transit over Rahu will end his life.

Native will suffer a lot but his power will be hidden in his mind and he will get several things done.

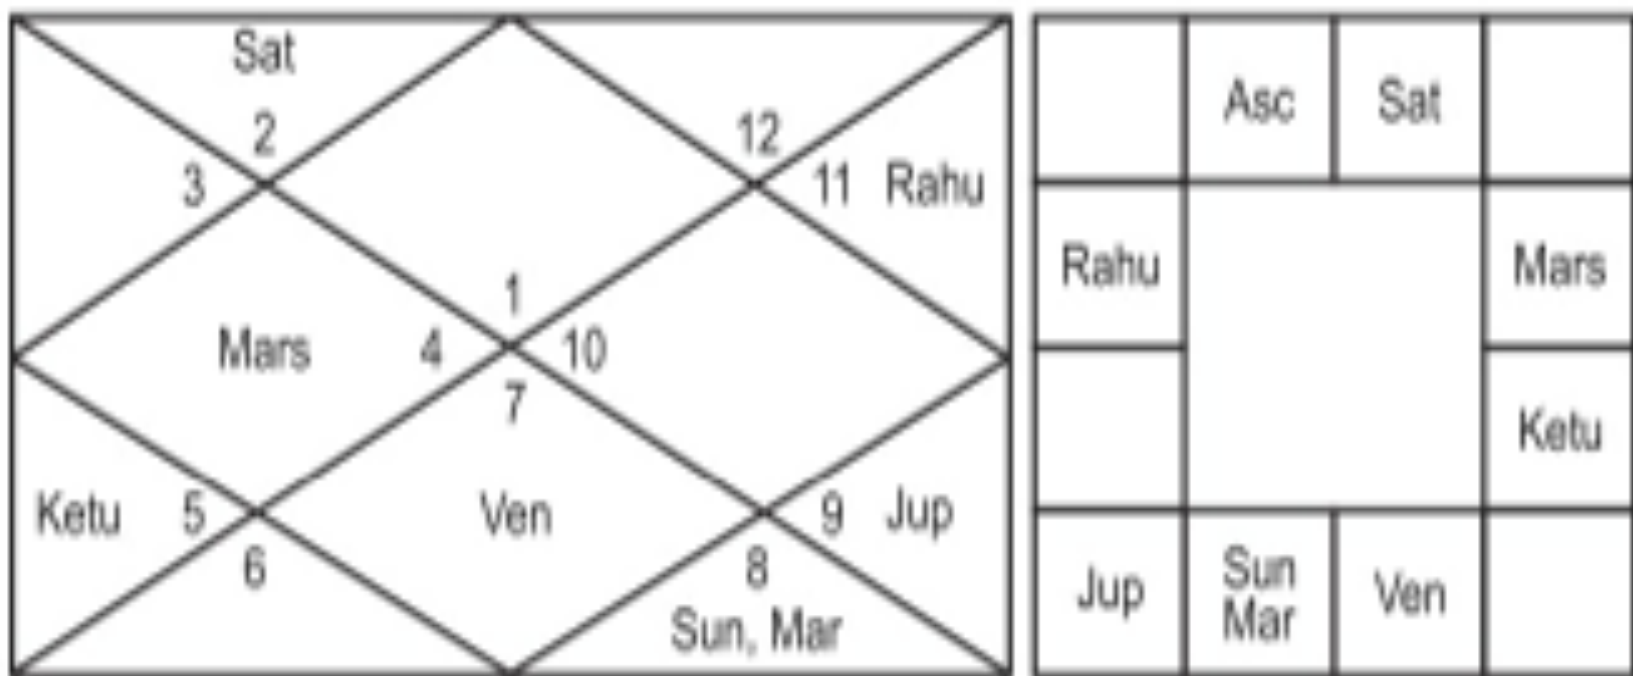

As Sun is placed in between Saturn and Mars. (*Saturn before Mars may cause problems as both are inimical* but Mars after Sun gives lot of power and energy and so bestows with highest degree of activity.

Born in a place where there are no neighbours on either side.
Jupiter is having no planets on either side.

The native was an “Ishwaramsa Sambhuta”. He is one wedded to both dharma.

Jupiter being aspected by Saturn in 7th from his position shows that this native was an “Ishwaramsa Sambhuta”. He is one wedded to both dharma. (Moral principles Jupiter) and karma (action Saturn)

Chart No.20

Native born in a noble family

Jupiter in its own sign Sagittarius

Father and grand father are men of Vedic learning (Holy Scriptures.)

(Sun Karka for father having Jupiter in next sign and Rahu Karka for grand father has Jupiter behind it as Rahu has retrograde motion)

Native is also well versed in Vedic lore

As Mercury (Karka for education) has Jupiter in 2nd house.

Native knows the mystical lower order of mantric knowledge

As Jupiter contact Rahu first in his movements and Mars also.

Impediments all along life / career

Though Saturn is well placed in house of fortune (house of Venus

and is friendly to Saturn) the 2nd there from is unoccupied, the 3rd is occupied by debilitated Mars and Ketu placed in 4th.

He will start with writing until the influence of Mars and Ketu is over and till Saturn contacts Venus in his own house.

Here the movement of Saturn has been taken to show the professional activities. The contact of Saturn with debilitated Mars and Ketu no development is there but when Saturn contact Venus in his own house he starts writing because Venus is Karka for art and writing and more so placed before Mercury Karka for writing.

As Saturn contact Mercury and Sun in the next house the native will enter into treasury service and obtain great name and fame but he will have only ordinary comforts

Saturn contact Sun and Mercury where Mercury is a friend and having Saturn in 7th house. Mercury represents accounts. Association with Sun gives government job and so finance of government i.e. treasury and opposition of Saturn give great fame and name. Besides this dispositor of Scorpio sign is in 9th from it and so great name and fame. But will have only ordinary comfort because Venus Karka for comforts whom Saturn has already contacted is before Sun.

Another reason could be that Sun and Mercury are lords of 9th and 10th from Jupiter and contact of Saturn in this combination give all fame, name and government job. Treasury could be because of Mercury to Venus. This combination is surrounded by benefic too i.e. Venus and Jupiter. Both great powers of Venus and Jupiter in their own house and surround Mercury and Sun.

He will come in limelight when Saturn contacts Venus in his own house.

Saturn contacts Venus in his own house (Saturn and Venus are great friends) and contacts of Saturn with Venus in own shall be a house of exaltation for Saturn.

The native will enter into a treasury service and obtain great name and fame but he will have very ordinary comforts as Saturn contacts Mercury and Sun in the next house.

One of his brothers is a great pundit and will occupy a great position.

(Mars represents one of the brothers and having Ketu next to it in sign Leo which is a sign of value.)

More troubled life up to the age of 60 years of native when he will get some financial help from his wife's side.

Up to 60 years 5th round of Jupiter i.e. up to Aries sign from Sagittarius transit in Capricorn opposition Mars and Rahu in Capricorn and in Aries oppositions Venus. At the age of 60-61 Jupiter will be transiting Capricorn whose sign lord is Saturn placed in 2nd house of zodiac and lord of Taurus well placed and Venus represent wife's side.

He will live up to the age of 75

(Jupiter contacts Saturn in Taurus sign whose dispositor is in 8th and inimical sign with support of enemy Mercury. So in 5th round he may end his life at a time when Jupiter is transiting over Rahu. Age could be 74 completed or 75th running.)

Chart No.21

General – Rahu is in Capricorn (watery sign) and Jupiter is in Pisces then again Mars and Saturn both inimical to each other, fighting in Gemini, Ketu in Cancer and Sun in Leo with Venus and Mercury ends the chain of planets.

Native will be employed in a technical concern
As Saturn is in Mercury's house.

Native will rise high despite obstruction

Though Ketu creates obstruction the native will rise high as Sun is powerful in his own house with Mercury.

He will be employed in accounts department but will not rise high

Saturn is placed in sign of Mercury associated with Mars the planet of toil and labour which is requirement of accounts i.e. Mercury. (He will not rise high as Ketu is next to Saturn and Saturn is with enemy Mars).

Native comes of a high family but will have to work as subordinate

Native comes of a high family as Jupiter is in its own sign but will have to work in a subordinate position as Saturn is with Mars and Ketu in next sign or because Saturn and Mars are next to Jupiter.

At about 64 – 65, he will take up work in a religious institution
 When Saturn transit Virgo and is aspected by Jupiter in Pisces at birth (Saturn is Karka of work and 4th from Saturn is place of work which is Virgo). Thus when Saturn transit Virgo and is aspected by Jupiter (religious) in Pisces at about 64 – 65 he will take up work in a religious institution.

Good days up to 74 – 75

After 64 – 65, while Saturn transiting from Virgo to Sagittarius it is good i.e. up to 74 – 75.

The combination of Sun, Mercury and Venus in sign Leo; Sun is giver of children and so planets associated with Sun will also give progeny or children. As there are two planets associated with Sun, in all there will be three children, one for Sun and other two for Venus and Mercury.

One boy and one girl will be able to live a very ordinary/poor life

Now as Sun in Leo is strong and inimical to Mercury and Venus. Besides Mercury is dispositor of Mars and Saturn both fighting, so one boy and one girl (Venus) will be able to live a very ordinary/poor life.

Chart No.24

Will be of intellectual type and will shine well

Mercury is in his own sign or house Virgo with Venus (Mercury Karka of education and intelligence in its own sign with a friend Venus a planet of value).

Father to be honoured by Government and occupy a high position

Sun in 2nd house aspected by Jupiter in Aries (Sun is the Karka of father and has house to Venus and Mercury in 2nd), Venus is dispositor of Sun and Venus going there will add to value of father. In fact Venus is Sun representing government and so Sun is going to join Sun. On top of it Jupiter from Aries is aspecting this Sun and so this result. He occupies a high position as Venus adds to the value of Sun. Despite Sun being debilitated its value has increased because Venus being dispositor of Sun with exalted friend in a previous house aspected by Jupiter from Aries.

Father will have some landed property

Since Mars occupied the next house to Sun owned by lord (2nd house is house of property and finances and so position of strong Mars in 2nd to Sun shall give landed property (Mars Karka of landed property) to father.

Father having a government job

Saturn and Ketu in Cancer the entrance to Leo owned by Sun. (Sun apparently have no relationship with Saturn (Karka of service) excepting that it is in exaltation sign of Saturn (Karka of service) and it is to be taken a connection than combination of Saturn and Ketu in Cancer at entrance to Sun (Leo sign) which may give a government job. Besides sign Leo owned by Sun is in father's place.

Native will have a decent job and own property earned by his father

Jupiter, Karka of self in Aries aspected by Sun from the sign of

exaltation Libra besides Venus the Karka of money with exalted Mercury is in a next sign of Leo the seat of father where Sun was supposed to be and Venus becomes dispositor of Sun. As such Sun gets the result of Venus which aspects Jupiter. It appears more appropriate that Venus is dispositor of Sun and is ready to join Sun the Karka of father which in turn aspects Jupiter and so he gets property of father. Decent job could be that Sun in the sign of exaltation of Saturn aspecting Jupiter).

(Sun is having Mars in 2nd house and so father owns property. As Sun aspects Jupiter so the native owns property earned by father).

His finances will be secured and earned with very little labour.

(Sun is in the house of Venus with exalted Mercury. Sun aspects Jupiter and so money earned with very little labour and secured finances. From Jupiter 6, 7 and 8th are all occupied forming a great Adhi Yoga).

Saturn transit on Jupiter will take him to a height

(Saturn transit on Jupiter means Aries sign where Saturn is debilitated but it will be aspected by Sun from Libra. Sun gives the result of Venus and this could be that Venus in Libra aspects Saturn. Besides Sun will not be aspecting Saturn from its sign of exaltation, but will be aspecting its sign of exaltation where Jupiter is sitting).

At end of life will own a religious institution by sea side

Mars is property or house and Mars dispositor of Jupiter indicates a religious institution. So a relationship between Mars and Jupiter indicates a religious institution and Scorpio a watery sign and so sea side.

He will spend a happy life up to 68 – 73 in institution

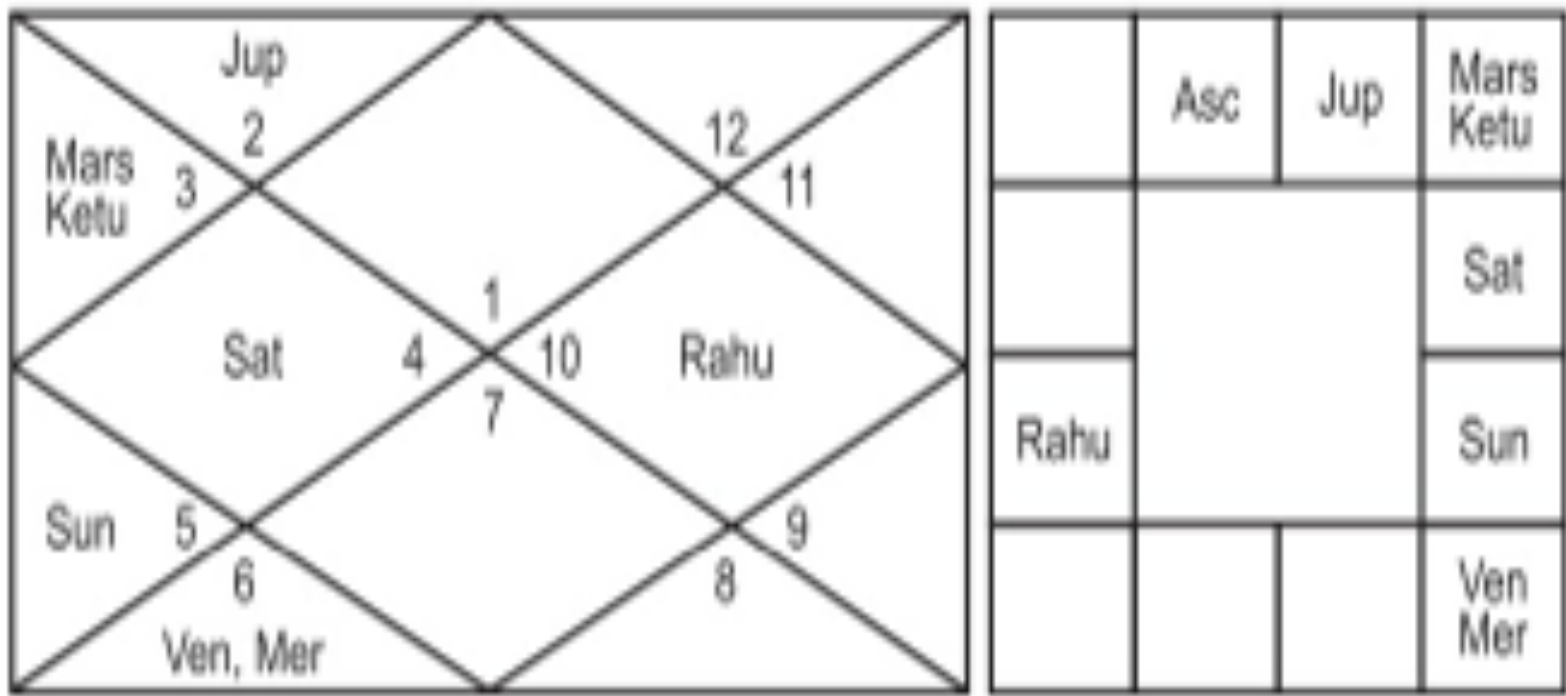

(End of life may come when Jupiter transits in Libra over debilitated Sun whose dispositor is in Virgo the 12th sign and time will be 72 – 84 years. In 73 year Jupiter will be transiting in Taurus whose

lord is debilitated and cause of death (Venus). Here it is aspected by Mars representative of religious institution. So the native lives up to 73 years and dies in the institution).

Have a few Children not of very high order

Sun's the giver of children and Venus producer of children. Both are debilitated. An important principle to be remembered.

Chart No.25

As the page is missing, so this horoscope has been formed with the help of description of planets. It looks that Jupiter is in Taurus.

Father in great trouble at the time of birth of the Native

Saturn in Cancer and Sun in Leo just after crossing Saturn. (At the time of birth Saturn was in Cancer and just before birth Sun was crossing over Saturn, enemy of Sun Karka of father which indicates that just before birth father was in trouble).

Father was a government employee and owned lands

Sun the Karka of father in Leo, the sign owned by Sun indicates that father was in government service. Next to Sun is Venus which is dispositor of Mars and owned lands.

Father was short lived

As Sun is surrounded by Saturn on one side and Venus on the

other and both are enemies.

Brothers

Native will have a brother who is short lived.

As Mars indicating brothers is moving towards debilitation.

Native Eldest Son

As Jupiter has no planet behind him, the native is the eldest son.

Native will have a brother who is also short lived.

With Ravi in 2nd to Saturn, the native will have a brother who is also short lived (brothers are indicated by planets next to Jupiter and Mars indicates one brother as discussed above. Saturn also indicates another brother. As enemy Sun is next to Saturn so the brother dies.

Native Government employee

With Ravi in 2nd to Saturn, the native will have government employment (Saturn Karka of service with Sun in 2nd (Government Karka Sun) indicates service.

May have no sisters

As Venus is debilitated (Venus is Karka for sisters here).

But he will be a great intellectual

Combination of Venus and Mercury gives intellect of high order. Mercury is Karka of intellect, which is exalted with Venus gives sparkling intellect. Sun behind it also the intuitive power.

May be employed as a village accountant

Saturn having Sun next to it gives a government job and next it contacts Mercury exalted which indicates accounts. Debilitated Venus gives a low post in a village and so the result.

Will be short lived

Jupiter the propellant of soul in inimical house with no planets behind or in 7th to support, gives a short life. Besides Jupiter all alone outside Rahu-Ketu axis is in a weak position which also gives short life.

May be married at 28 years

Jupiter in 3rd round transiting over Venus and Mercury. The 3rd round because Jupiter contacts Saturn in Cancer in a female sign and aspecting Venus.

One of his brothers will be married first

As Mars conjunct Ketu and Venus conjunct Mercury, one of his brothers will be married first. (Planets associated with Mars or Jupiter gives the brothers). Here Mars indicates brothers and Mercury being dispositor of Mars another brother. Besides they are after Jupiter. Mars conjunct Ketu and Ketu represent Venus being in Virgo. Thus both Mars and Mercury are associated with Venus (Karka of wife). So one of his brothers will be married first because of association with Venus in a first case. (Ketu representative of Venus).

Both of them (brothers) will have children

(In first case Ketu like Venus is giver of children has Saturn next to itself and to other planet, so children. Similarly in other case of Mercury associated with Venus is aspected by Jupiter and so both will have children).

Native will get married at 30 years

(As Jupiter will be aspecting Ketu representative of Venus from Sagittarius at 30 – 31).

He changes place at 58

(This is 5th round of Jupiter when it will be contacting Mercury and Venus which are connected with Ketu and Mars aspected by

Rahu. In the 5th round Jupiter will be transiting at Pisces and aspecting Mercury dispositor of Ketu).

Live up to 67 – 68 year of age

(It is 6th round of Jupiter and transition in Libra which is inimical sign 6th from its place and its dispositor Venus in 12th to it. In 6th round while transiting over Sagittarius where Rahu is there and lord Jupiter in 6th place will be total).

I have given in preceding horoscopes the method to calculate the life span. The logic is consistent (dispositor in 8th followed by 6th) and aspect by a debilitated planet, dispositor and confronted ahead with negative forces. I of course mean the rotation of Jupiter and then taking into account aspects as explained above very briefly. Please read the horoscopes ahead and apply this researched principle of Brigu Samhita.

Chart No.26

Native takes up religious studies

Mercury in Aries and followed by Jupiter in Taurus and Ketu in Gemini. (Here Mercury has been progressed as a Karka of studies or education to know the nature of studies). Mercury in Aries gives intelligence and Jupiter next to it gives spiritual or Vedantic studies. In next sign Ketu (ganana Karka) Karka of religion in intellectual sign (Gemini) indicate, that native takes up religious studies.

Native will come up to occupy a place in a religious institution. Retrograde Saturn follows Ketu in Cancer. (Saturn is Karka of service or profession and it contacts Ketu having Jupiter behind it which indicates a place in religious institution). Retrograde planets as per Brigu Shastra contacts/conjuncts with the planet behind it. Rotation of Saturn is done in the houses ahead as read earlier.

Laborious Profession

Mars in Leo next to Saturn house indicate a profession to be laborious one.

No peace of mind

As Moon is in Libra (Moon Karka of mind in inimical sign Libra) followed by Rahu in Sagittarius. (Rahu next to Moon Karka for mind indicates no peace of mind or Moon is going to join Rahu enemy and Karka of misery).

Native will be having somewhat good times (after contact of Saturn with Rahu) thereafter and will earn name and fame Saturn touches Venus after his contacts with Rahu and so native will have somewhat good times thereafter and will earn name and fame. (This is very important as Saturn is Karka of service and in service or profession one can earn name and fame till Saturn contacts Mars. Moon and Rahu there is no gain but laborious job and no peace of mind. As Saturn contact Venus planet of value and great friend of Saturn there is peace and fame and name after wards as there is no planet after Venus).

The conjunction of Venus, Mercury and Saturn.

Profession will be a laborious one

As trio (Venus, Mercury and Saturn) are not aspected and have no planets in the next house.

Though Jupiter has been accepted as propellant of life of female horoscope and contact of Venus with Jupiter (ill placed) is not in a happy situation and so the result of unhappy and unstable mind. Venus has also been it appears given importance in case of female horoscopes.

Chart No.28**Learned**

Besides in next house to Sun will be Rahu and Saturn indicating load of sins to be washed off.

Mind Unstable & unhappiness

Causing unstable mind and unhappiness

The controller of life Jupiter is unhappily placed. Venus is placed in previous house causing an unstable mind and unhappiness.

(The most important thing, Jupiter is also the controller of life for female horoscope. Jupiter here is placed in an inimical house along with Saturn and Rahu causing unhappiness. Besides Venus is bitterest enemy of Jupiter and going to contact Jupiter already in an unhappy situation).

She is not good character

(Venus is placed in an inimical house and is going to join Mars placed in Leo. Venus is Karka of love and Mars a Rajoguna in Leo. Thus it indicates a bad character as Mars in such a condition represents a lady with passions).

Will face great humiliation in a court of law.

Mars indicating partners comes in contact with Saturn and Jupiter, Sun and Rahu. (Sun represents government which is inimical to Rahu so humiliation by government and Jupiter represents legal actions or Karka of legal things. Saturn ofcourse is along with Rahu. Both being dark planets bring about disgrace and humiliation).

She will start on educational concern but will not be greatly benefited by the job and have plenty of internal quarrels with those who assist her in the educational effort

Venus in 11th to Saturn indicates earning wealth (Venus is Karka of wealth and its placement in house of gains to Saturn Karka of karma indicates so. *It appears that results of Saturn can be assessed by having planets in favourable houses from Saturn may be they are in inimical houses as Venus here in Cancer*).

Longevity

She will have a long life of about 73 years.

(It comes in 6th round 60 to 72 years when Jupiter will be transiting in Aquarius with its lord Saturn in 8th house with enemies and specially Rahu. Thus in 6th round when Jupiter transits over Rahu, she may die i.e. 72-73 years).

Venus in Cancer and Leo vacant, means Venus is going to join Jupiter directly and Moon will determine, thus two marriages.

Longevity

If the native outlives 69-70, he will see his 74th year.

($12 \times 5 + 9 = 69$) So Jupiter contacts Mars in 6th round which is in inimical sign Aquarius along with Ketu. Sun in Sagittarius with Mercury indicates a Godly parent with great learning.

Parents – Name and Fame

The parents have won name and fame through government.

(Sun having Jupiter in next house with Ketu and Jupiter is dispositor of Sun).

Parents – Charities for poor

Both the parents have done poor feeding and other charities.

(Sun is having Jupiter and Ketu in the next adjoining house).

Here transit of Saturn has been well demonstrated. In fact Saturn is lord of karma (work). He is neither good nor bad. The transit is enjoyed by the giver – Saturn transits indicate the changes.

The results of transit are given from the 2nd round of Saturn. The conjunction of Mars and Saturn indicate great troubles in the period when Saturn transits a second round (i.e. after 38 years). The combination of Saturn and Mars, both inimical and having tomogun are indeed very bad. The transit of Saturn over Saturn and Moon

combination will naturally give lot of trouble in 2nd round which comes at 30 years, nearly. Transit of Saturn in Sagittarius with Sun and Mercury again inimical to each other cannot be good and so little comfort and strained finances. Transit in Capricorn over Jupiter and Ketu is good and this period will be good in all directions.

(There is one important point to be noted i.e. when transit is over the planet or house, the surrounding planets do not contribute or influence but if transiting in the 7th place surrounding planets do influence. As in case Saturn was transiting over Sun and Mercury it was a local used affair of Sun and Mercury being inimical to each other. Later when Saturn will be transiting in Gemini opposition, Sun and Mercury could have jailed because of inimical influence of Mercury over Sun but Mars in the adjoining house being a great enemy of Mercury will not allow to act against Sun and so the native comes out unscathed). When Saturn transits Aries and aspected by Moon in inimical sign and having Saturn and Mars in the next house cannot be good and there will be ill health etc. As Saturn comes in Taurus and aspected by Saturn and Mars, the native is committed to robbery (because of Tamoguni influence Mars action and Saturn Tamoguni and so robbery. Both are inimical and so bad results). This period of transit in Aries is 42 – 43 year and transit in Taurus comes at 44 – 45 years. Transit of Saturn over Gemini would have been bad as both Sun and Mercury are inimical but Mars in adjoining house does not allow Saturn to influence and also acts as deterrent for Mercury. The native comes out unscathed by the help of his brother (Mars is Karka of brother and Mercury is in 2nd to Mars). Saturn when transiting Cancer aspected by divine planet Jupiter, Ketu and so finances improve and enjoy good times.

Improves his finances and he will enjoy good times

When Saturn transits Cancer, Jupiter aspect improves his finances and he will enjoy good times.

Previous Birth

All the above troubles arise because of the effect of the previous birth when Jupiter was in Sagittarius and Moon in Libra moving to his debilitation. Saturn and Mars in the 2nd house to Moon now indicate that in previous birth the native had taken away all wealth from his mother and gave much trouble to her and she cursed and died. By propitiating the Goddess at Madurai with religious sacrifices, feeding and giving presents to five kanyas (unmarried girls) will give him great relief from the present troubles.

Present Life

Employment

Native will be employed in a factory of iron machinery.

(Saturn Karka of service conjoined with Mars (machinery) in sign Scorpio which also represent machinery).

Good Times

He will have good times from 50th year onwards.

Jupiter will be transiting in 5th round in Taurus sign with aspect of Saturn and Mars which does not speak well. However at 50th year Jupiter will be transiting over natal Jupiter and Ketu both devine and so good times onwards as transit over Venus will also be good and there are no planet. Saturn will be transiting in Cancer sign which as discussed above will be good.

Brothers

One of his brothers will attain good fame.

Mars signifying brother has Mercury and Jupiter in consecutive house.

Medical Knowledge

Native will be known for his medical knowledge and earn great deal. Venus in 2nd to Jupiter

Sisters and daughters – come to limelight

His sisters and daughters will come to limelight.

When Saturn transits Leo as Venus and Moon will receive aspect of Saturn.

(Of course transit of Saturn in Leo will be causing aspect of Saturn on Venus in Aquarius which is 7th aspect and gives prominence to daughter. But aspect on Moon in Libra the sign of exaltation means 3rd aspect which brings sister in prominence thus 3rd aspect of Saturn is also to be considered as 9th of Jupiter).

Daughter

His daughter will be very rich. Venus next to Jupiter

Partner Health

His partner will not be having full measure of health. She may be suffering from piles and urinary troubles.

(Venus is having Ketu behind itself).

Loss of Father

Native may lose his father at the age of 47 – 49.

(It may be transit of Saturn in Gemini or Jupiter on Venus as Sun while progressing meets bitterest enemy Venus). In fact if Sun progress and it comes to Pisces sign (36 – 48) no problems. As it comes to Aries (48 to 60) its sign of exaltation but its lord Mars in 8th with Saturn enemy is fatal for Sun (father). Thus as Sun progresses in 5th round and contact debilitated Jupiter with Ketu bad for Sun. Thus equivalent would be transit of Jupiter on Venus).

Note the rotation of Sun if predictions of Father is wanted.

Mother predeceases her husband

(In relation to Sun, Venus is wife)

This is very important aspect and Rahu has been made a tool. Rahu in Cancer represents Moon and so affliction to Moon as dispositor of Moon (Mother). Rahu has a retrograde motion and there being

no planet between Rahu and Venus, Rahu contact Venus first and then Sun. Thus mother dies first.

Mother witnesses the passing away of daughter.

Moon's Karka of mother and Venus is in relation to daughter. As Venus meets Moon after meeting Rahu the mother witnesses the passing away of daughter (Venus). In other words Venus meets Rahu first and then Rahu meets Moon. Thus Rahu with retrograde motion kills first Venus (daughter) and Moon (afterwards), so mother witnesses the death of daughter.

Financial improvements

From 54 – 55 year of age, the native will improve financially a great deal and perform marriage during that time.

(Jupiter in 5th round will be transiting in Taurus and Venus in 10th is in friendly house good. In this round (48 to 60) Jupiter transit in royal sign Leo and aspects of Venus from Aquarius indicates improvement of financial position and performance of marriage).

Foreign journey

About 58 – 59 he may go to foreign countries.

While transiting in Scorpio above Saturn (In fact Saturn when progresses meets Jupiter and Ketu which give foreign journey connected with profession. Even otherwise Saturn is dispositor of Ketu in watery sign, so when Jupiter transits over Saturn in Scorpio at 58 – 59 there is a foreign journey).

Losses

He may have losses in his 60th year, but there will be happiness.

(In 60th year the start of 6th round when the progressing Jupiter touches Gemini when it is aspected by its own lord Mercury and also Sun. However at 60 Jupiter will be transiting on natal Jupiter which is debilitated with Ketu. This will give losses, happiness and spiritual bend.

Propitious Time

From 61 to 70 he has a very propitious time. He will enjoy peace of mind and have conveyances etc.

From 61 transiting Jupiter crosses Venus which is good and no planets up to Libra where Moon is there. So from 61 to 70 a very propitious time and enjoys peace of mind and gets conveyances (transit on Venus).

Native Longevity

He will live up to 74 – 75

It is 7th round when Jupiter contacts Rahu in Cancer with its lord Moon in inimical sign Libra. In 7th round transit in Pisces where its enemy is going to be exalted and its lord Jupiter is debilitated with Ketu.

Chart No.37

Jupiter representing the life force and has planets in both, previous and next house

Longevity of brother

One of his brother lives a short age.

In between Jupiter and Saturn there is Mars.

Profit from brothers

Mars is lord of 4th and 11th from Jupiter.

(Here Jupiter is taken as Lagna and Mars as lord of 4th and 11th indicate profit from brother being Karka of brothers).

Power of argument

Endows the native with great power of argument. The native knows the religious texts and becomes very learned

Venus and Ketu with Jupiter endow the native with great power of argument.

Father

Father of the native passes away between the age of 12 to 18 years.

Sun is in inimical sign of Saturn and surrounded by Mercury and Venus both enemies. Sun is very weak and as Jupiter contacts Sun in 2nd round from 13 it is not good and there are no planets after wards.

Educational Careers (Transit of Mercury)

Educational careers not smooth but ridden with obstacles.

Mercury transits Saturn and Mars in the course of his transit.

Wander aimlessly

Between 18 to 29 years of age, the native will wander about aimlessly.

(Jupiter meets Rahu at 18 and after that no planet till Saturn and Mars).

Status

He will be in a low position from 18 – 24

Saturn the Karka of karma is having Mars next to it. Mars is enemy of Saturn. As Jupiter contacts Rahu and no planets upto Saturn and Mars.

Settle

He will settle down in between 24 to 26

Jupiter in 2nd round could not do much having Sun but afflicted. In 3rd round contact Moon and debilitated Mercury and so a better round. In this round transit in Pisces from 24 to 26 will give settlement when Jupiter transits its natal position.

Marriage

He will get married in between 26 to 28

When the Jupiter transits on Ketu

(When Jupiter will transits Pisces the sign of exaltation of Venus and contacts Moon).

Partner

Partner will be a religious lady and beautiful

Venus located with Jupiter and Ketu

Partner abortions

She will face abortions

Venus is in conjunction with Ketu, and inimical Jupiter in debility. Both Saturn and Venus are weak in this chart and so also is Moon who just emerges from Sun's conjunction. (Probably it indicates below average chart as Karka of karma is weak and so comforts and money (Venus) and mind (Moon) afflicted.

Children

Native will have 3 boys

Sun, Jupiter and Mars (they are all near to Venus the giver of children).

Longevity of Children

They may not live long

Sun, Jupiter and Mars are all surrounded by inimical planet or located in inimical signs.

His daughter will not survive

(Venus and Moon not well placed)

In his 54 – 55th age, his son will attain a good position and have advancement in life

Jupiter in his 5th round will aspect natal Jupiter.

Retirement

The native will retire in between 56 – 57

(Jupiter is transiting in Virgo with aspect from Moon and debilitated Mercury and both inimical to each other. It is 5th round of Jupiter and contact with Taurus where aspected by Saturn from Mars sign. Saturn is a Karka of service and located in inimical sign).

Sickness

He will suffer from piles and wind troubles

(Venus conjoined with Ketu)

Children

By his 60th year all his children will be settled in life.

Visit to holy places

In between his 59 – 60 year he will visit holy places and go around on pilgrimage

Not good for wife

His 63rd year is not good for wife

House

He will come into possession of a house through a son at the age of 64 – 65

Jupiter transiting is in Gemini and having an aspect of Mars Karka of house and representing the son (Sun, Jupiter and Mars).

Last Days

He will spend his last days in God thought and live up to a good

old age of 78 years

(It means 7th round in Cancer sign in the house owned by Moon. Here Rahu is located. In this round the lord Moon is placed with enemy Mercury. In this round when Jupiter transits at Cancer he will end his life).

A combination to remember

Sanyasa – Moon in 2nd and Ketu in 3rd from Saturn is indicator of sanyasa

Native – Government job

Native will have a government job — high one

Saturn in Libra, next Ketu in Sagittarius aspected by Sun in Gemini, and Jupiter in Aquarius.

(Saturn Karka of service exalted in Libra meets Ketu aspected by Sun (government) and meets Jupiter in Aquarius).

Financial Gains

Financial gains through land

Next Mars in Pisces, this show financial gain through lands (Mars) Karka of land in 2nd to Jupiter.

Marriage among his own relatives

He will be married among his own relatives

Since Venus is in his own house.

Mother had trouble when native is young

Native's mother had trouble when he was young

Jupiter retrograde aspecting Capricorn shows this result.

(Retrograde Jupiter aspecting Capricorn will give the result of debilitation and aspecting Cancer the 4th sign of zodiac).

Native difficulty

He himself had to overcome a great difficulty, with the help of relatives

Jupiter retrograde aspecting Capricorn (Jupiter representing soul becomes debilitated by going to Capricorn indicates troubles in young age).

(Thus Jupiter aspecting Capricorn indicates lot of difficulty, but he will overcome them with the help of a relative as Mercury will be in the 7th to it).

Father possession of a house

Father to have come into possession of a house and father will overcome his troubles too.

As Capricorn is aspected by Mercury who is posited next to Sun's position.

(Jupiter due to retrogression is in Capricorn and having direct aspect of Mercury from Cancer. Thus Mercury is aspected by Jupiter placed before Pisces having Mars. So it indicates a house as Mercury is 2nd to Sun Karka of father. Mercury is inimical to Sun, so capable of causing troubles but because of aspect of Jupiter he overcomes them as well).

Elder brothers – none

The native had no elder brothers as so the eldest born

As there are no planets behind Jupiter except Ketu

Father Marriage

The father would have been forced to marry a girl whom he did not approve

It was a forced marriage as Sun is conjunct Rahu (Sun the Karka of father is having Venus representing a wife in the rear. Rahu is very friendly to Venus and Sun is inimical both to Rahu and Venus. Sun does not want Venus to join but Rahu being friendly with Venus (Venus is Guru of Rahu) suppresses Sun and allows Venus to join and so a forced marriage which he did not like.

Brothers and Sisters

Native has brothers and sisters

Jupiter is having planets ahead of it.

Father – troubles

Native's father had a lot of troubles while young caused by his cousins.

(Sun is having enemy Mercury in 2nd house and Mercury represents cousins).

Parents – Great love for God

The parent was one who had love for God and was learned in Vedas and Puranas (ancient religious ore).

(Sun placed in Gemini and aspected by Jupiter and also having aspect of divine planet Ketu placed in divine sign Sagittarius).

Native amassed wealth

Native amassed wealth when his sisters were in great troubles

Mars in Pisces transits its own place Aries, which is exaltation point for Sun. As the next house is occupied by the planet Venus, the native amassed wealth when his sisters were in great trouble.

(Mars in Pisces the sign of Jupiter and placed next to Jupiter indicates that Mars is source of money. How Mars behave and give money? Mars as it transits its sign Aries indicates a lot of money as it is an exaltation sign of Sun and Sun also indicates money as it is great royal and king. The next house is transiting where Venus is placed and Mars would be joining Venus, but Mars

is inimical to Venus so Mars causes great troubles to Venus, so the result).

Native temperament

Makes the native dogged in nature and one who comes in tense situation for making money

Mars position in 2nd to Jupiter (Mars is in 2nd becomes the source of money and gives dogged nature. Mars is Karka of tension, quarrels etc. Thus the position of Mars in the 2nd indicates tense situations for sake of money).

Amass wealth opportunity

He will avail the opportunity to amass the wealth

While Rahu come to gobble up Venus, Mars helps him and avails this opportunity to amass wealth.

Above it is said that native amassed wealth when his sisters were in great troubles and this has been explained here well. As Rahu comes to gobble up Venus and creating troubles to sisters, Mars progresses further and comes to Aries which is exaltation sign of Sun with Venus in 2nd, thus Mars helped native to amass wealth when sister were in troubles).

Native – possession of old house

In his 40 – 41 year of age, the native comes in possession of an old house

It is said that in during future round Jupiter transits Mercury he comes into possession of an old house. Obviously when in 4th round Mercury is transited by Jupiter it is 41 years of age, but how Mercury has given a house. In first instance as mentioned above as Capricorn is aspected by Mercury who is posited next to Sun's position indicate the father to have come into possession of a house. So this house is owned by father being 2nd to Sun. Mercury aspecting Jupiter in Capricorn and Jupiter is dispositor of Mars. Since this house belonged to father so it is old.

“Thus native comes into possession of an old house when during fourth round Jupiter transit Mercury.” (This is a very important statement. Mercury is aspecting Capricorn where Jupiter as dispositor of Mars is there. Rahu presence with Mercury was obstruction in getting a house but Rahu has just passed out of Mercury and so with the removal of obstruction, the house is obtained. Besides association of Rahu give an old house).

Native wife will pass away

Mercury is in Cancer and its lord is in Aquarius so transit on this will not be good. Jupiter progresses and meets Mercury in 6th house. This time this could be 65 – 66 years. Moon is lord 152 of Mercury sign and a female planet in 8th becomes the cause. Thus wife may meet her end in 65-66 years of the native age.

During the 5th round before Jupiter leaves Cancer the native’s wife will pass away. (This comes to be 53 years).

Retirement from service

When Jupiter transit Sagittarius he retires from service

(When Jupiter transit Sagittarius then Sun and Rahu both inimical planets aspect and Rahu is stronger Mercury being in its sign of exaltation so his could have given retirement from service or government because of Sun.). Mercury aspected by Saturn Karka of service or Mercury is dispositor of Sun. In this 6th round retirement from service is indicated when Jupiter transits Sagittarius i.e. 70 years of age.

And suffer from cough, cold and piles

Why the native would suffer from cough?

In the previous birth the native gave blow to a calf which had come to graze his fields and as a result it died. Hence the native will suffer from a suffocating cough as the calf suffered. This could be recovered by feeding Brahmins and giving away a cow in charity and visiting Gokarna, a religious place. But all will not defiantly appeal to the native.

Longevity

The longevity as discussed indicates longevity to be 68-70 age. This means 6th round when Jupiter transit Sagittarius. In 6th round he may retire i.e. 68 – 70 years. Now regarding longevity the native should in my opinion must complete 6th round as the dispositor of Mercury Moon has conjoined with Jupiter. Jupiter is lord of 9th and Moon lord of 4th and so the question of dying does not arise. Besides Jupiter the propellant of soul won't allow him to die. Only in 7th round i.e. $12 \times 7 = 84$ or from 72 to 84 he may die when Jupiter transit Mercury or Cancer i.e. at 77 years (Kartik Shukra Navmi Guruvar)

Why in 7th round. In 7th round Jupiter will be touching sign Leo whose lord Sun is in inimical sign with Rahu and surrounded by bitterest enemy Venus and Mercury. Sun of course is aspected by Mars (a malefic). As Venus joins Sun lord of 5th and Rahu is there Sun becomes very weak. The Atma leaves the worldly structure. Jupiter when in 7th round comes to Mercury or Cancer sign the native dies i.e. at 77 years. Now this round is very bad and death should happen. I think Venus is being gobbled by Rahu and Mars another enemy, so Venus is trapped between 2 devils Mars and Rahu.

So transit of Jupiter in 7th round on Venus i.e. Taurus may kill wife i.e. 75 years of age. Wife may die at 75 years of age.

This incident of the previous birth could be read from the horoscope. Jupiter retrogression to Capricorn which is exaltation point for Mars shows the native was born as a kahastriya in previous birth being in Aquarius Jupiter aspect to Capricorn signifies the calf. Mars in Pisces indicates horns and Ketu in Sagittarius shows tail. Mercury aspect to Capricorn indicates the green fields. Jupiter placement between Mars and Saturn indicates the dilemma for this man when he acted rashly and killed the calf.

Conjunction Mercury, Venus and Saturn Ketu indicate knowledge of law.

Results of Rahu placement next to Jupiter. In fact the disciple wanted to know what result of Rahu's placement next to Jupiter would indicate.

The master says the parent (father) of the native (Sun) is in Virgo a friendly sign placed and Mercury conjunct Venus indicates the father before had marital relations with the sudra woman. (Venus next to Sun indicates a woman). It is also that Venus is dispositor of Rahu and so a Sudra woman. It could be understood that father could have relations with a Sudra woman, but premarital why? Probably Jupiter indicates the eldest Sun with no planets behind and retrograde Rahu contacting Jupiter and giving the result before the birth of native. However this needs more study and research.

(The above reason can be replaced as follows. It is to be seen that whatever relationship Venus has with Rahu it indicates premarital relationships. Here Rahu is next to Jupiter, since Rahu aspects Jupiter and the Jupiter with effect of Rahu aspect Venus therefore there is influence of Rahu on Venus, and *so there is influence on Venus sitting next to Sun* (father). Pre-marital relation of father, as Venus is also dispositor of Rahu hence a Sudra woman).

Jupiter transit over Mars gives house and transit over Sun, Venus and Mercury indicate performance of marriages more so by transit over Venus.

He has no elder brother as these are no planets behind Jupiter

Brothers and sisters

2 daughters and a boy as his children

Venus in relation to Mercury acting as wife and next to Venus is Saturn so a boy and Ketu aspected by Moon normally give 2 or three daughter and so 2 daughters. This is more appropriate

Brother and sister details

One of the brothers will be dogged type, have medium education and have no help to him

(Mars having behind Rahu behind and dispositor of Saturn. Mercury and Mars related being in the same sign so medium education. No planet in 7th to Mars so no help)

2nd brother will have mental aberration

The 2nd brother represented by Mercury has Saturn and Ketu next to him. This brother will have mental aberration.

His wife will be dullard with poor memory

Venus and Mercury conjunction shows his wife will be a dullard with poor memory and as Ketu is placed in 2nd house. (Venus represents wife as conjoined with Mercury and dullard poor memory as Ketu is placed in 2nd with aspect of Moon.)

House owning

At 41-42 he will come to own a house but will not live in it

(At 42 Jupiter transit over Venus and Mercury is dispositor of Mars, so he may own a house. But he will not live in it as at the time of transit Jupiter (self) is aspecting Venus and Mercury and being inimical to both does not enjoy the fruits.)

House selling

He will sell the house at the age of 54-55.

(After 12 years of acquisition i.e. at 54-55 he sells away the house as Jupiter will be transiting over Venus (Karka of money) and Mercury dispositor of Mars (house))

Jupiter will be aspecting both the enemies Venus and mercury and so sell away and gains money.)

Inheritance by 2 daughters*2 daughters will inherit the amount*

(Venus represents one daughter and Venus as dispositor of Moon represents another daughter. Thus Venus represents 2 daughters. Mercury represents Mars and so division and distribution due to effect of Mercury. Besides Venus is inimical to Mars. Thus the Venus (money) is shared by 2 daughters)

Religious ceremonies

He will have religious ceremonies performed at age of 55-60

(Jupiter transit in Scorpio having Saturn and Ketu with aspect of Moon, indicates religious ceremony. As there are no planets after Scorpio till Jupiter so religious ceremonies between 55-60.)

Detached from house*He will become detached from house at 60*

(As Jupiter transit natal Jupiter and having aspect of Venus and Mercury both inimical to Jupiter and detrimental of propellant of soul i.e. self.)

Longevity*And live up to 70*

It means 6th round of Jupiter i.e. Jupiter contacting Virgo and Sun located there. Now let us examine Mercury lord of Virgo placed with friend Venus. Mercury is dispositor of worst enemy Mars and aspected by Jupiter another enemy. Mercury is not happy as he left its exaltation sign Virgo. Venus is not able to sustain who is also weak because of Sun before it and mercury. Besides Mercury is also dispositor of Sun. Thus with so many odds, 6th round is fatal. In this round there is transit in Aquarius where there is no planet. Its lord Saturn is in inimical sign with aspect of enemy Sun. The lord of sign where Saturn is there in 8th in inimical sign. Thus Saturn has become very weak and so Aquarius also. Thus he dies at 70. In Scorpio at the age of 67 when Mars in the 8th it could have been fatal too.

(Saturn having Venus in 2nd house with aspect of Mars an enemy from Gemini sign.)

Troubles to mother and brother

(Jupiter transit on Moon with Rahu indicates trouble to mother at 2 years. In 3rd year contact with Mars and Saturn in opposition means trouble to brothers)

Native nature

He is trustworthy person and has a brother and a sister

(Jupiter having Moon in next house indicates that he is trust worthy and Jupiter having Moon in next also means a sister and Mercury in 7th means brother. Besides Jupiter being in the sign Aries also indicates that he is honest.)

(Mercury having Saturn in the next house.)

And between 51 and 54 he will earn well and own a house and have great improvement up to 58th years.

Happiness from Father Non-existent.

Native will not see his father for a long time

Saturn and Venus have combined with Sun and Mars. Mars is inimical to Saturn and Venus.

Brothers

Will have no brothers

Here two things are indicated (i) Father (ii) Brother

Saturn and Venus are friends and inimical to Sun and so the native does not see father for a long time.

Saturn and Venus are friends and Mars is inimical to both and so no brother as Mars is Karka for brother,

Sisters denied

Denies him sisters.

The combination of Sun and Venus denies him sister also.

Eldest and only son

He is the eldest born and will be the only son to the parents.

There is also Rahu behind guru (Jupiter) and hence this result.

Abortions to mother

The mother of the native will have abortions and may be able to give birth to a girl who does not live long.

Here Moon is in debility. Rahu is in inimical Aries owned by Mars. Jupiter is therefore unable to render any help to Moon. As Jupiter and Venus have exchanged places, Venus influences the 7th house to Moon, and so the mother of the native will have abortions, may also give birth to a baby girl who does not live long

Question: if on account of the Moon being aspected by Jupiter and having Venus in front and Ketu in the back house the native mother predeceased the father.

The answer has not been clear. It appears that Moon being in debility and surrounded by Ketu and Venus should have been enough cause for the native mother predeceasing the father. However she could have been saved because of Jupiter aspect. But probably the answer is in the negative that native's mother predeceased the father because Jupiter is not helpful to Moon due to presence of Rahu in an enemy sign Aries owned by Mars.

Abortions

The 7th house to placement of Moon indicates pregnancy and placement of an enemy in that position indicates abortions.

Sun and Venus weak

Sun's position amidst enemies and Venus conjunct Mars his enemy has made both Sun and Venus weak.

Good Results – Why not.

It is wondered why Venus in 2nd and Jupiter in 7th from Moon did not offer good results.

The answer is that likely position of Jupiter on one side of the

Rahu-Ketu axis with all the other planets on the other side has made the native to wander about and have impediments in education. He will go to foreign country. In the present context going abroad is positive.

Wander about and impediments in education

Jupiter outside the Rahu-Ketu axis *has made the native to wander about and have impediments in education. He will go to a foreign country.*

Mother – have money from sons in foreign country

The mother will have money by the good position of sons in the foreign countries.

(The 2nd position to Moon also indicates source of money. Here Mars and Sun are placed in friendly sign and these planets being in 2nd to Moon represent issue of mother. Thus sons will be in good position and give money to mother. Venus is dispositor of Ketu and so influence of Ketu is also indicating foreign country, and so the result. This is only on the consideration of good and friendly position of Sun and Mars next to Moon).

Money Loss to Mother

The mother's money will be lost to others.

The grouping of Saturn, Mars and Venus next to Moon shows that mother's money will be lost to others.

(See mother's interpretation. Venus is a Karka of money to mother being in 2nd. Above Venus was money earned by sons and went to mother. Now above sons occupied good position because of placement of planets in friendly sign and also friendly. Here between planets indicates loss of money of mother).

Father will have troubles

That will be on account of the boy when father will have many troubles

The retrograde Rahu takes 6 – 7 years to reach Sun's position in

Sagittarius.

(Rahu takes mostly 1 year 3 months to cover one sign in retrograde direction and so within 6 – 7 years reaches and contact Sun (father) in Sagittarius).

Father's Profession

The father to be a manuscript writer.

Sun's conjunction with Mercury

Educational career

Native education continues up to 11

As Jupiter transit Rahu, Rahu becomes the cause of break of education being next to Mercury and no planet in between them. *In fact Mercury has been progressed and when meeting Rahu discontinuity of education is seen.*

Discontinue his education

At 11 the native discontinue his studies.

When Jupiter transit Rahu. (As Mercury progresses to meet Rahu which becomes the cause of discontinuance of education and so when Jupiter transit Rahu it gives the result of its action i.e. discontinue of education).

Education continues

Education continues in Jupiter second round from Taurus to Sagittarius

(Mercury as it progresses beyond Rahu and meets Jupiter then education continues and since there is no planet upto Ketu it continues and thereafter Moon is favourable till Jupiter transit over Jupiter in 2nd round till it comes to natal Moon the education continues crossing sign from Taurus to Sagittarius).

Education obstruction

Transit of Jupiter in Capricorn will give obstruction in education.
(In Capricorn mixed planets both friendly and inimical planet to

Mercury are placed and so obstructions. Thus in this place transit of Jupiter shows obstruction to education).

Education continue

When Jupiter transits and meets Mercury in Capricorn and thereafter as there are no planets education continues till Jupiter reaches Rahu.

(Thus as Mercury progresses from Jupiter in Taurus till it contacts Moon and upto Sagittarius continuation of education is shown. Then in Sagittarius mixed planets indicates obstructions and again contact with Mercury and further having no planet till position of Rahu continuance of education is shown. These places when transited by Jupiter give similar results).

Ill fame and loss of finance

The native will suffer from ill fame and loss of finance.

When Jupiter during its transits contacts Rahu it gives these results presumably because of its position ahead of Venus and Sun.

Government Job

When Jupiter reaches Gemini it gives him government job.

When Jupiter reaches Gemini, the aspect of Sun and Saturn gives him government job.

(Here Sun and Saturn acted as Karka of government and job and effect being inimical is not there. It probably may give results in other ways).

Place change

At 31 he will have change of place

When at 31, Jupiter transit Scorpio (place of Moon) he will have a change of place.

(Scorpio is a watery sign and Moon Karka for change and so this result. Here counting Jupiter place 24, it should be 30, but taken as 31 and so it could be either i.e. 30 – 31).

Marriage

After Jupiter crosses Ketu the native will get married

(After Jupiter crosses Ketu and meets Moon then Venus he may get married specially contacts with Venus may give marriage).

He will have loss of mother and perform her ceremonies.

He will have loss of his mother at 62 – 63 i.e. in 6th round of Jupiter when it contacts Ketu, that does not satisfy.

Progresses Moon and in 6th round it meets Rahu, so death in 60 – 72. Now in its progression when Moon comes to Capricorn and meets Mercury whose sign lord is Saturn in 12th, so death at this point is possible of mother to whom Mercury is inimical. This comes to 62 – 63 and now when this converted to transit of Jupiter it comes 6th round and Mercury has been the cause of death so when 6th round of Jupiter comes to Cancer and aspected by Mercury, loss of mother is indicated.

TRANSIT OF JUPITER**Promotion and change of place**

When Jupiter transits his own place he will have promotion and transfer to another place at 36 years of age.

When Jupiter transits his own place he may have promotion and transfer to another place (Moon's aspect to Jupiter).

(Thus contact of Jupiter to his own place after end of 2nd round gives 36 year and so as explained above it gave).

Promotion

He will have promotion at 48.

(Transit of Jupiter in 4th round at its own place).

Improved Finances

At 54 – 55 he will have improved finances.

When Jupiter transit Scorpio at 54 – 55 he will have improved finances.

(Moon is leaving Venus in 2nd house and so Moon becomes his cause of increased finances).

House and family pleasure

Offers him house and family pleasure

Jupiter contact with Mars and Venus offers him house (because of Mars) and family pleasure (Venus Karka of family pleasure).

Mother's Loss

At 62 – 63 he will lose his mother and perform her ceremonies.

(Jupiter transit in Cancer sign which is 4th from zodiac and lord Moon debilitated. Here Jupiter gets aspect of inimical planet Mercury gives death of mother and aspect of Mercury from Capricorn (10th of zodiac) indicates performance of ceremonies).

Loss of wife

He will have loss of his wife in between 75 – 77.

(This means 7th round and contact with Moon does not indicate any such things and progression of Venus also no trouble till it contact Mercury through its lord in 12th but Mercury is also friendly and lord Saturn is conjoined with Venus. No problems till it comes up to Jupiter i.e. 6th round. Now when Venus comes to Gemini after crossing Jupiter's place Taurus whose lord in 8th. But Jupiter contact with Jupiter and is having aspect of Moon may not cause trouble. Besides Venus contact its own sign. Venus and Jupiter have exchanged places and so Venus comes there and this defect of Venus being in 8th is not there. This is most important reason. Thus Venus comes in Gemini whose lord Mercury in 8th so this becomes fatal i.e. 7th round 72 – 84. In this round retrograde aspect of Rahu i.e. 75 – 77. This is when converted to Jupiter transit it comes to transit in Leo to Libra.

Children

He will have 5 children of whom one boy and one girl will come up well.

(Combined with Venus there are three planets. Mercury next and Moon behind, so 5 children. Moon aspected by Jupiter and Mercury well placed and so one daughter and one son well placed and will come up well).

Wrong attachments drain away his finances.

Jupiter in sign of Taurus. (Jupiter sign of Venus means attachment and Taurus sign of finances and being an inimical sign indicates drain away of finances).

Settlement

He will settle down from 27 onwards with no definite income.

(Jupiter transiting Leo the royal sign indicates settlement but as its lord Sun is in 6th with enemies and will have no definite income.

Brother business transactions

He will have brother business transactions and get ill reputation from 55 onwards.

(Mercury sitting ahead of Saturn and Mars gives brothers business transactions and as Mars and Saturn are enemies so ill reputation. In fact Sun with enemies actually gives ill reputations. Thus when Jupiter transit Capricorn at 55 there is brother business transaction and ill reputation. This will happen in 5th round.

Employment

He may be employed in a broadcasting department

Here Saturn and Mercury are in Jupiter's sign.

He will live happily and have good promotions. He will come into

possession of the house and also live happily all along his life.

Saturn and Mercury are friends and have Mars, Venus alongwith royal planet Sun. There would be some pins and pricks but life will be generally smooth.

For detailed prediction apply the principle explained in previous charts with rotation of Jupiter and the Karkatwa concerned etc.

Jupiter in 6th to Saturn and 7th lord from Saturn is Mercury, which is in 3rd place to Saturn. (Benefics planets in 6th, 8th or 12th are good).

(Transit of Saturn on Jupiter is not very good as its lord is in 8th and no planet after Gemini still Sagittarius i.e. 43 to 50 are dull years).

At 49 there will be happy functions at home.

(At 48 – 49 Jupiter will be transiting over natal Jupiter in Taurus belonging to Venus).

Marriage at home

His 50 – 65 are best years, primary rotation of Jupiter explains it and evident. Best years mentioned is relative.

4 girls and one boy.

Venus is aspected by Moon and Venus is dispositor of Ketu (represents three as deciphered earlier) so four girls and a boy represented by Sun.

They will grow rich

He owns a house at 56 – 58

(When Jupiter in 5th round transit over Mars).

Longevity

Lives up to 75 years.

(In 7th round contacting Libra, the lord in 6th and in this round transiting over Leo the lord is in 8th with Venus and Rahu ahead. It is negative placement of rotated Jupiter and transited Jupiter which gives the indication of longevity having considered the overall horoscope and primary Karaka.

(Venus is in 2nd to Sun represent the property of father and this being in Aries sign of Mars (mechanical device or machinery) along

with Rahu (out let or gate) represents property being converted into pump sets. As Jupiter in 2nd house of Venus and so he makes much money out of it).

Issues

He has two girls and 2 boys.

(As Venus is aspected by Ketu so 2 or 3 girls and Sun and Jupiter give two boys).

He will also participate in politics and spend away all earning and spend time in improving village.

Jobs

He will try many jobs and generally will be mediocre.

(Jupiter has dispositor of Saturn associated with Mercury in an inimical sign Taurus with enemies).

Job government

And at 28 he will finally settle down in a government technical institute.

(Saturn Karka of service contact Mars having exalted Sun in the next house with aspect of Moon from 7th indicates government (Mars dispositor of exalted Sun) technical (Mars) institute (Moon). Thus when Jupiter transit Moon at 28 with aspect of Mars it give this result).

Marriage

He will be married at 28 years.

(Probably Jupiter transit over Moon in Virgo, whose sign lord Mercury associated with Venus).

(In 3rd round after 28 years means contact with Cancer the sign of exaltation and then contact Moon in 4th round i.e. 40 years).

Promotions

Have some promotions in between 40 – 48 or 50.

(Jupiter fourth round means contact with Royal sign Leo and in this round transit over Moon (40) is very good for promotion and lasts till it transit Saturn.

(At 50 – 51 Jupiter transit Cancer sign of exaltation of Jupiter with Jupiter in 11th). Dispositor in 11th is gain and good/excellent depending on the planet's status.

Operation

Between 52 and 54 he will undergo operation and there after improve health.

(In 5th round transit in Virgo the natural 6th sign and with Moon in inimical sign and aspect of Mars Karka for operation. Thus at 52 when Jupiter transit Moon in an inimical sign there will be health problems but aspect of friend Mars (Karka of operation) from a friendly sign gives operation and improvement).

Health – wind troubles

He will have wind troubles at 43 – 47 and 53.

(Rahu behind Jupiter and Saturn in the sign of Jupiter may cause wind troubles more so Jupiter is in 6th from its sign Sagittarius. Thus when Jupiter transit Saturn (43) Rahu (47) and again opposition Rahu in Libra with its lord Venus in 8th give the problems. This is very important. Transit of Jupiter on Saturn with its lord Jupiter in 6th is malefic for health. As Jupiter is dispositor of Saturn and Rahu behind it causes wind troubles. Similarly transit over Rahu with its lord in Mars in 12th causes troubles and so again its transit in Libra with its lord in 8th causes wind troubles.

Wife

Wife will be a noble lady.

(Venus associated with Jupiter and Mercury. Venus is also dispositor of Ketu).

Trade – gain of money

Between 52 – 57 trades will bring him much money and it will continue till 65 – 67. As explained in earlier paragraphs the 5th and 6th round of Jupiter have the inherent potential.

Sisters

He will also have a sister

(Jupiter aspect Venus or it could be that Mars is dispositor of Moon).

Wife short lived

His wife will be short lived

Jupiter after contact with Saturn meets Rahu in Aries, hence his wife will be short lived. (Venus carries the effect of Ketu also)

(The transit of Jupiter contacting Saturn and then Rahu in Aries has no relationship with longevity of wife. However it could be that Venus after contacting Saturn, contacts Rahu in Aries. However Venus with Ketu indicates short life for wife.)

Employment

He will be employed in forest department giving instructions to subordinate.

(As Karka of service Saturn is placed in Sagittarius the sign representing forest and Mars aspect Saturn so instruction to subordinate.)

Marriage and job

Native gets married when he takes up a job

Venus contact Saturn first and Rahu next

Job

*At first he will take up a small job. As Saturn contact Rahu first
Later he will get a good job. When Saturn contact Jupiter in his

so transit of Saturn indicates it. Incidentally Jupiter transit Mars of
49-50)*

Wife suffering

His wife suffers from wind troubles

As Venus contact Saturn and later Rahu.

Chart No.56**Intellect and education**

Saturn and Jupiter are in the same house with Mars in the opposite in 7th house, Saturn and Mars are enemies, hence the father will not live long in this world

His female planet occupy his succeeding house (Moon and Ketu Venus)

1st wife of father passes and remarries and things prosper. Since Moon is succeed by Venus and Ketu in the next house.

Service represented by Saturn – a failure

In the explanation Saturn represent service and Jupiter represent life. Now Saturn the Karka of service is a strong dispositor of Venus (being in kumbha and it also aspects Venus). Thus Saturn strongly represents Venus and this is inimical to Jupiter (the life). This is also aspected by Mars enemy of Saturn, thus Saturn is completely annihilated and the service given by Saturn fails. Here again local action first and then subsequent one's due to other factor. Saturn conjoined with Jupiter in the same house and so gives service. But now other factor of being dispositor and then aspects. Being dispositor of Venus is good and so service must be good but aspect of Mars is inimical and so the service given by Saturn fails.

Life and service represented by Jupiter and Saturn aspect Venus and are aspected by Mars in opposite house and so foil service represented by Saturn.

(In my thinking Jupiter representing life is associated with Venus an enemy and Saturn representing service aspected by Venus bitterest enemy Mars destroys the job. In fact Saturn aspects Venus and dispositors of Venus and so represent Venus in relation to Jupiter or disregarding Moon, Jupiter has Venus in front and Mars aspect Saturn)

Native tries to commit suicide

So meddling of 2 women the native gets disconnected and so will try to commit suicide by taking poison.

Jupiter finds it difficult to move forward being opposed by Venus and Ketu. So meddling of two women the native get disconnected and so will try to commit suicide by taking poison

(Jupiter has Moon and Venus in next two houses and so meddling of two women. In fact Saturn conjoined with Jupiter represent two women being dispositor of Moon and Venus. Now Jupiter tries to move up but having Venus and Ketu in 3rd house from Jupiter is stopped and so gets disconnected etc. Jupiter is along with Sun

who is dispositor of Rahu and so he tries to commit suicide by taking poison. But Ketu a divine planet associated with Venus (probably doctor) move back ward and saves Jupiter i.e. the native.)

Native saved

Native is saved after taking poison to commit suicide

(Venus being conjunct with Ketu who moves back ward saves him (native))

Native attempt to commit suicide and meddling of woman etc.

Native meddling with 2 women and attempt to commit suicide and escape from death etc all happen between the 18 and 20 years and 23rd years

When Jupiter transit Mars, or transit in Leo on Rahu and natal Jupiter at 23-24 years

Native driven to outside place.

This weakness for women drives the native to outside places.

(Jupiter Ketu moves back wards and contact Moon and so being 2nd to Jupiter derives the native abroad or outside place. Thus transit of Jupiter over Moon and Ketu takes the native to outside place.)

Brother's – opponents

The brothers of the native will be his opponents

Mars opposes Saturn.

Profession of native

As regards profession of the native he will acquire land and machinery

Moon in 2nd from Saturn so he acquires land and machinery (Mars in 7th from Saturn) (all for profession)

Partners

Partners will be small wage earners (in case of females) with little education but having Vedic knowledge.

(Mars in debilitation with Rahu in the next house indicate a small wage earner and aspect of Jupiter and Saturn indicate having faith in Vedic lord. As Mars is connected with Mercury so less education.)

Stomach disorder

Native will have stomach disorder and longevity is reduced

(With the reference to Venus or lagna the Sun is next and so it denotes illness. However it looks more convincing that 5th from Venus is Mars which is debilitated and 5th means stomach, so stomach disorder. Venus having exalted Sun in next house so longevity reduces.)

Abortion and longevity reduced

During 20 and 21

Venus having a strong Sun in front with Rahu in Leo sign belonging to Sun i.e. Sun is dispositor of Rahu. Besides Rahu is in 6th from Venus.

Father's profession

Father will be in a government service (Finance Department)

Sun has Venus behind him aspected by Moon and there are no planets in 2nd to 7th house from the Sun's position.

(As there is Venus behind Sun in exaltation so it gives government service (aspect of Moon). Presence of planet in 2 and 7 would have shown the own effect and as such no planet in 2 & 7 may influence Venus and thus finance indicated by Taurus primarily with Libra sign reinforcing it.

Father getting low salary

This is due to presence of Mars Rahu and Chandra in the succeeding houses to that occupied by Sun.

Mother angry and stubborn type

Mother will be angry type and stubborn in nature

On account of closeness of Moon and Rahu and opposed by Venus. (Closeness to Rahu gives stubborn type and aspect by Venus (enemy) gives angry nature.) During practical reading of horoscope for accuracy in conjunction take the degrees into account. This tells the planets ahead as they stand in conjunction.

(Jupiter having planet in succeeding houses.)

Rise - however entry into service when Jupiter transit natal Saturn and promotion transiting Ketu with Mars means 24-25 and 25-26. Rise again when Jupiter transit Mercury and Venus at 28 and at this place marriage also takes place as Venus being transited by Jupiter.

The disciple observed this chart to be very peculiar with Saturn and Jupiter on one side of Ketu, with Moon and Mars on one side of Rahu and Venus and Mercury at the back of Sun Gemini. It tells a story of sin by the mother.

The person is prosperous but much cannot be said of their mother and the birth. A similar horoscope is analyzed earlier. Moon is in the grip of tamoguni Rahu and Mars supports with Sun helpless and losing its royal nature. Sun Lord of Leo (King) is not there. It is occupied by Moon (queen) alongwith Mars Virgo brother. Rahu, a tamoguni (darkness of lower nature) planet has imprisoned queen Moon. This is a story of sins.

As Mercury comes across Rahu before touching Moon, there will be break in education but will complete it.

(As Mercury touches Rahu, there will be break but further contact Moon in the sign of Mercury gives completion of education).

Trade roaring in wines and other costly things*Indicate roaring trade in wine and other costly drinks from about 27th year.*

Saturn with Ketu in Capricorn and Venus in the next house indicate all this when Jupiter transit over Mercury 26/27 year.

(Here Ketu conjoined with Saturn of course gives a divine grace and blessing to profession and so a high position of roaring activity. Now Saturn is in addition in its own house, so all the more better, Venus Karka of drinks (Venus being in sign of Saturn indicate Tamoguna) of high value i.e. costly. In fact Saturn is dispositor of Venus and so all the more better as both are friends. Now as Mercury causative for business being in the sign of Mars aspecting Saturn and Venus. Thus when Jupiter transit Mercury and sign of Venus in Taurus i.e. about 27 years).

Marriage*About 28 he will get married.*

(When Jupiter transit Taurus owned by Venus which is about 27 – 28 years).

He will have many friends in government circle.

(Jupiter placed along with Sun representing government circle).

(Mercury is Karka of business in Aries sign and contact Mars Karka of conveyances i.e. car etc. and Rahu. Mars sign Aries represent conveyance and Mercury contact with Mars and Rahu in Cancer gives this result).

Opposition overcome with the help of Venus, long journey and wife suffer

Here Moon has performed various functions. As Jupiter transit over Moon and being in inimical sign gives oppositions. But Venus an enemy of Moon in 6th from Moon defeat the enemy or one can say that Venus in its progression comes to sign of exaltation in Pisces and suppresses Moon. Thus Venus helps in overcoming opposition at 42 – 44 years of age.

Another function which Moon performs is long journey as Karka of it. At 42 – 44 Jupiter was transiting on Moon and exciting to give enemies. Jupiter comes to Pisces and from there Moon aspect Jupiter and transfer its activity of Karakatwas to Jupiter. Another Karakatwas of Moon is of female native i.e. wife in context with 7th position to Jupiter. This Karakatwas of wife Moon is in an inimical sign and aspecting Jupiter indicates ill ness to wife at that time 49 years. Thus it could be inferred.

- (i) Local activity get first preference and activitized when transit over it.
- (ii) Aspect over transiting Jupiter activitize Karakatwas activity.

Native earns much when?

When native will earn much.

Venus aspect the 2nd house to Rahu and Mars and Saturn transits this point in 45 year when native will earns much.

(The 2nd house indicating earnings and here Leo sign happens to be second to Rahu and Mars indicating business activity of conveyances and car etc. Thus when Saturn (Karka of service and so earning connected with service) transits this point he earns much. Since this 2nd house of business activity is aspected by Venus Karka of money, thus this place when transited by Saturn with aspect of Venus indicates many earnings).

Opposition overcome

At the age 42 – 44, he will have inimical opposition which he will overcome by the help of Venus.

Jupiter transit in Virgo sign (zodiacal sign of enemy) where Moon and inimical planet is there this indicates oppositions. But aspect of Venus helps as Venus antidotes the effect of Moon being in an inimical sign being enemy of Moon. In fact Moon being in inimical sign Virgo produces oppositions, but Venus aspect does not allow Moon to function and so, he overcome the opposition by the help of Venus. This age is 42 years as Jupiter transit this.

Long Journey

In his 49 year a long journey is indicated.

(Jupiter in transit at 48/49 years of age transit natal Jupiter and aspect to Moon).

(Mars is inimical to Saturn and so one of the brothers will be opponent in life. Besides Mars with Rahu so he produces troubles. As Mars is in the sign of Moon so he will be away and even then create problem. He will be an issue born out of Moon 2nd wife and not Venus 1st wife i.e. father's 2nd wife's son)

Longevity

It is likely with all these troubles overcome, the native may live up to 74 years.

(It is 7th round and Jupiter touches Virgo, this lord of which Mercury is in Aries in 8th place, house of enemy. At 73-74 transiting in Aries whose lord Mars debilitated with Rahu and aspected by enemy Saturn.)

From the position Sun, Venus is in 2nd in exaltation and conjunct Saturn indicates service in treasury and in an ordinary service.

Father – overcomes dangers

Great difficulties for the father of the native to overcome

In between Mars and Venus, Saturn combination, Sun and Mercury are placed i.e. combination of Sun, Mercury is placed between Mars and Saturn and Venus combination.

(Venus and Saturn ahead of Sun, Mercury is in difficult situation as both are inimical to Sun. Besides this position of Mars Karka of difficulties and troubles behind Sun, Mercury combinations add to the problem)

Native employed

After completing 22-23 year the native will be employed

As Jupiter transit in Taurus sign owned by Venus which is exalted along with Saturn

(The sign lord if exalted give the result when transited by Jupiter. It was not Pisces as Rahu opposed).

Principle

From indications of better in service and getting employment at 27 -28 and 22- 23 and promotions at 34 – 35 it appears that all have happened while transiting in the sign of Venus which is exalted.

Thus it appears that if Jupiter transits a sign whose lord is exalted than good results accrues depending on location of exalted planet. Here exalted Venus is conjoined with Saturn Karka of service and so thing connected with service were of good result, because the combination of Saturn and Venus is having Sun on one side and Rahu on the other.

Better in service

Even transit of Jupiter on this combination has not produced any good result. Even combination of Saturn and Venus did not give any good result. Mars does not allow the good result and so this must be considered).

In case of female native for determining longevity rotate Venus. Jupiter plays the role of giving the enjoyment of fruits of the Karkas. Venus and Jupiter need to be taken into account in case of female horoscope.

Father – many trials and bad people

Made the native's father undergo many trials and showdown all through bad people.

The two houses behind the position of Sun are vacant. Saturn is in Aries and Rahu, Moon in Aquarius.

Father – number of brothers

The father had 3 brothers.

Sun has two associates Mercury and Mars (and Saturn in the rear).

Father – lovers

Father had 3 lovers.

With Venus and Ketu Adjoining Sun's position. The indication is that father had 3 lovers (Moon aspecting Venus and Ketu).

Mother – dangerous times

Mother is likely to have dangerous times.

Moon is in conjunction with Rahu and aspected by Venus.
(Venus is also inimical to Moon).

Father – Troubles at birth of native

The father would have undergone troubles at the time of birth of the native.

As Jupiter is situated in Libra the Sun's debilitation sign.

Native's mother will not live long.

Venus is in conjunction with Ketu.

Father – paramour

Father had a paramour.

Moon's conjunction with Rahu aspected by Venus shows father has a paramour. The father must have 3 lovers.

Native born out of 3rd wife

The 3rd wife of the father becomes the person to rear up the native.

Venus lord of the house occupied by Jupiter being 2nd to Sun (conjoined with Ketu showing 2nd or 3rd number).

Mother died in 5th year

The mother who gave birth died in his 5th year.

The native represented by Jupiter has Rahu and Moon in the 5th house.

Father – Fortunes

At about 9- 10, the natives father came by vast fortunes through various means and even through foreign commercial relations.

Sun is conjunct with Mars and Mercury in 10th house from Jupiter

and Venus, Ketu in the next house to Sun.

(Sun is conjunct with Mars and Mercury indicates that father came by vast fortune through various means (Mercury indicates various means) and this being 10th from Jupiter so in the 10th year. The foreign commercial relations are indicated due to presence of Venus and Ketu (foreign) in the next house which indicates source of money).

Native was 3rd wife's son

He helped the boy to be reared up by the 3rd wife of father.

The placement of Venus (lord of Jupiter placement) by the side of the Sun in a watery sign helped the boy to be reared up by the 3rd wife of the father.

The father comes into possession of hidden wealth.

There is wealth coming into possession of Sun (father), could be because of Venus being second to Sun. The question is whether it is hidden wealth or through and unknown woman, because of conjunction of Venus (woman) and Ketu (unknown) Hidden wealth because of Venus (Karka of wealth) and Ketu (hidden). In either case Ketu is a Karka of hidden or unknown. Only Venus in this case becomes woman or wealth. It all depends if Venus is weak or Sun. If Sun is weak then Venus is strong and wealth would have been from unknown woman. If Sun is strong and becomes an effective dispositor of Venus being in watery sign and Cancer indicating deep well and below the ground then the wealth would be from the source of under the ground i.e. hidden. Here obviously dispositor becomes important. Here of all above combinations only Sun is powerful (as it has to go to Leo) being in its friendly house and being dispositor of Venus (wealth) indicates that source of wealth is from watery place from under the ground it is hidden. This is what Sun does as a dispositor besides being Karka of father and becomes adjective of Venus (wealth) to be possessed by Sun (father).

The part of hidden wealth would have been spent in a bad way.

As discussed above Venus gave hidden wealth. Here the result of planet disposed reacts with dispositor depending on their mutual relationship. Here Venus is dispositor of Jupiter and Jupiter is bitterest enemy of Venus, so tries to waste or destroy Venus. Besides Jupiter is further spoiled being aspected by Saturn. Now Venus becoming dispositor of such a Jupiter is naturally spent in a bad way. The relationship of the planets disposed and the dispositor is extremely important. It may give to take.

Father gets hidden wealth.

He comes in possession of hidden wealth

The combination of Ketu and Venus with Sun in the rear gives hidden wealth. The wealth is hidden because of opposition of Venus with Ketu.

The native suffers

So during the 5th year the boy will suffer from windy stomach trouble and cold and nervous debility.

The boy was born when Jupiter occupied the house of Venus Libra. Moon was in Anisthamsa at birth (conjunct Rahu). So during 5th year being 5th from Jupiter the boy will suffer from windy troubles, cold and nervous debility.

Educational career

Early disappointment in the educational career, he will pick up legal knowledge and also the father's knowledge.

(Mercury associated with Mars gives early disappointment in educational career. As Mercury progresses it comes in contact with Venus, Ketu and Jupiter and so the result as Venus and Ketu are 2nd to Sun i.e. father's knowledge).

Bright days

The 20 – 21 he will have bright days.

(Jupiter is transiting in Gemini with Sun and Mars and Mercury combination in the 2nd house).

Earn money and gets name and fame

After 23 he will earn money and gets name and fame.

(Jupiter is transiting in Virgo surrounded by Venus, Ketu in Leo and Jupiter in Libra or the lord of the transited sign in the 11th).

In fact transit of Jupiter in Leo at 22 should have given result but its lord Sun in 12th. Primarily because of this reason Jupiter has to give the result of the lord of sign of Gemini i.e. Mercury when transiting Gemini. It obviously could not have given result when transiting Cancer as its lord Moon was in 8th. Thus when Jupiter transited Virgo with Jupiter in 2nd and Venus, Ketu in 12th with Mercury in 11th gave earning of money fame and name. Position of Jupiter in the 2nd gave name and fame.

Marriage

He will marry between 23 – 25 ages.

(When Jupiter transit in sign Libra owned by Venus the Karka of marriage).

Father troubles

At his age of 37th and 45th the father will have troubles.

(In this case progresses Sun the Karka of father. As Sun progresses and comes to Leo its own sign with Venus and its enemy. But Sun is stronger. In Virgo it is normal but coming to Libra it assumes an extra ordinary situation. It is first in its sign of debilitation and aspected by debilitated Saturn. The only support is of Jupiter though weak being in Libra. Now here because of Sun coming in Libra, a situation of exchange of between Venus and Sun is created and Venus subtle effect comes on Jupiter and so completely weakening the effect of Jupiter. Thus the father of the native will have maximum troubles in 4th round i.e. 36 – 48. Now in this round Sun coming to Leo with enemy Venus and opposed by Rahu is not good and so trouble some, so 37th year. He may have trouble even at 39th year but the maximum problems may be when transiting over debilitated Saturn with its lord Mars debilitated. Jupiter aspect is not so strong so as to compensate it. Thus at 45th year father

had troubles. This corresponds to transit of Jupiter in 4th round in Scorpio and Leo which are also not good. In Scorpio Mars is debilitated and in Leo lord Sun in 12th from its place. For father's fate rotate Sun but as explained, it should correspond or be confirmed by rotating Jupiter as explained).

Wife of Native

The native's wife well be learned

(Venus in sign Leo royal sign with Ketu and dispositor of Jupiter)

Property — half to native and other half to sister

The native will get half the property of his father and the other half will go to his sister

(Venus represents property and sister both. Normally only sister would have got it but Venus is dispositor of Jupiter and inimical to it. So property is divided and so it means shared between native (Jupiter) and his sister (Venus))

Issues

He will have 2 boys and 2 girls

(Sun is strong and associated with Mercury and Mars (2 boys) and next Venus aspected by Moon. Thus 2 boys and 2 girls. Sun is Karka of children. Besides Moon is in 5th from Jupiter, so one daughter. Moon aspect Venus and so one more daughter 12th to Venus is Mars and Mercury and so 2 boys.)

Longevity

68 or 70 yrs

In 6th round (60 to 72) Jupiter, contact Pisces whose lord Jupiter is in 8th from Pisces but also very weak, so 6th round is fatal. In this round transit in Cancer whose lord Moon in 8th and with Rahu in an inimical sign. So longevity 68 to 70 years.

As the dispositor of Jupiter is exalted or Mars exalted is to be joined by Jupiter so he will earn lot of fame and name. In fact Mars has been responsible for Raja Yoga.)

Sister honored by government fame

One of his sisters will be honored by government and earn riches
(Venus representing sisters is along with Sun in Leo and Jupiter a head)

Longevity

He lives up to the age of 70 years

(In 6th round contact Aries sign and is lord Mars exalted obviously may not be fatal through with Rahu. The only reason that appears that in the next house Saturn is there and in friendly sign. However as Saturn is outside Rahu Ketu axis and separated from Jupiter (Jeeva or self) and so before reaching Saturn he should be separated from work or karma so he could die before contacting Saturn. In 6th round while transiting Virgo the lord Mercury is in 12th sign. Thus in 6th round Jupiter transit in Virgo gives the end of life.)
